Minutes

Audit Committee

Date: 26 June 2017

Time: 5.00 pm

Present: Mr J Baker (Chair), Councillors J Guy, J Jordan, L Lacey, W Routley, H Thomas, K Thomas, H Townsend and R White

In Attendance: Meirion Rushworth (Head of Finance), Owen James (Assistant Head of Finance - Technical and Development), Laura Campbell (Senior Finance Business Partner), Andrew Wathan (Chief Internal Auditor), Robert Squance (Audit Manager), Beverly Owen (Strategic Director - Place), Paul Jones (Head of Streetscene and City Services) and Michele Chesterman (Democratic Services Officer)

Apologies: Councillor D Davies

1 **Declarations of Interest**

None.

2 **Minutes of the Meeting held on 30 May 2017**

The minutes of the meeting held on 30 May were submitted.

It was queried whether the following had been circulated to Audit Committee Members:

- A copy of a departmental risk register for Members' information.
- Information on Disaster Recovery for Service Areas
- Examples of additional work around high level risks

Agreed

1. To follow up circulating the information above.
2. To confirm the minutes of the meeting held on 30 May 2017.

3 **Call In of Head of Service following Unfavourable Internal Audit Opinions**

Members were reminded that following the presentation of the Internal Audit six monthly update on unfavourable audit opinions in March 2017, the Audit Committee had agreed to call in the Strategic Director - Place and the Head of Streetscene & City Services to provide assurance that action would be taken to make the necessary improvements and how the implementation of actions would be followed up. This was in relation to two recent audits undertaken in the service area:

- Highways Overtime & On Call Payments – Highways (Unsatisfactory)
- Agency/Overtime – Refuse Service (incl. Follow-up) (Unsound)

The Head of Streetscene explained to Committee that he was new in post and he was implementing management controls. He agreed with all the recommendations raised by Internal Audit and was planning to action them all. Moving forwards he wished to address issues before they became a problem and hoped to discuss specific issues in greater detail once more embedded in the role.

Discussions included the following:

- What approach is being taken to managing the department? - Members were informed that as Head of Service and Senior Managers it was important to take responsibility and to plug any gaps through Scrutiny and the relevant Cabinet member. It was necessary to be clever with what is done with the resources to hand. It may mean doing less but control was needed.
- How are cultural issues in the department to be addressed without causing staff morale problems? – Members were informed that Task and Finish was not acceptable if overtime was claimed in addition. It was essential to liaise with Human Resources and ensure correct disciplinary processes were in place. Staff morale was not good and it was noted that there had been a big rotation of 7 Heads of Service in 5 years. There needed to be stability and a clearer direction with a clear lead and better accountability. High staff morale was needed but accountability was crucial.
- Has there been involvement of Trade Unions? – Members were advised that consultations with Trade Unions would take place, but it was essential to point out that it was about making people accountable and not about job losses.
- What is the solution around the overtime issue? – Members were informed that the use of overtime is not necessarily negative as it provides flexibility but it was essential not to pay twice for it and to ensure maximum value from staff.

Agreed

To review in 12 months following further on-going work between Internal Audit and the Head of Streetscene and City Services.

4 Draft Financial Accounts 2016/17

The Head of Finance introduced the report on the draft financial accounts for the period 1 April 2016 to 31 March 2017 to Members of the Committee. The report outlined the key statements within the accounts, and issues of interest to provide members with an understanding of the information presented.

The draft accounts along with supporting working papers had already been provided to the Wales Audit Office w/c 19 June 2017, to facilitate early engagement where possible. The Section 151 Officer would be signing the Council's Draft Accounts by the statutory deadline of 30 June 2017. Any information and comments from Committee Members could, where appropriate, be incorporated into the final signed draft version. Quality reviews had been undertaken by the Head and Assistant Head of Finance but if Members noticed any errors they were asked to bring them to their attention.

The accounts were subject to audit and would be re-presented to the Committee in September for formal approval and signing following completion of this work.

Members were informed of the four key statements together with supporting notes detailing the financial performance as follows:

- **The Comprehensive Income and Expenditure Statement (CIES):** showing the accounting cost in year of providing services in accordance with generally accepted accounting practices.
- **The Movement in Reserves Statement:** summarising the Authority's income and expenditure activity and showing how this was adjusted to arrive at the Authority's funding, or council tax position, and how surpluses/deficits had been distributed to reserves.
- **The Balance Sheet:** showing the value as at 31 March 2017 of the assets and liabilities held and recognised by the Authority.
- **The Cash Flow Statement:** showing the movements in cash and cash equivalents of the Authority during the reporting period.

The CIES showed a financial position which looks different to the underspend reported to Cabinet. This was because the Financial Statements were required to make a number of adjustments under the Code. Note 28 provided a reconciliation back to the surplus reported to Cabinet. The Head of Finance's foreword to the account explained this point and the key adjustments/differences.

Discussions included the following issues:

- With regards the £10m Friars Walk Reserve, as this was sold on 9 June would the reserve now become a useable reserve? – Members were informed that a Part 1 Report submitted to Cabinet in July would include details of the Friars Walk deal and implications of the issues.
- With regards the £107m reserves how much is generally usable reserves? – Members were advised that there was no reserve not earmarked for a specific purpose. £11m Invest to Save and £7m Capital Projects could potentially be used but there were implications of doing that.
- With regards Contingent Liabilities, is there a percentage involved? – Members were informed that rather than a probability of it happening, to protect the Authority risk-wise, the Head of Finance has to make a judgement.
- Page 133 refers to the Authority paying 7 elected members £1677 could the word "each" be inserted and then confirmed by payroll? – Members were informed that this would be noted and updated in the accounts.
- Page 134 – Head of Children and Family Services (staff secondment from Barnardo's) – Why does it appear and is it relevant? – Members were advised that the Auditors had asked for it to be included but the Officers would check to see if it was still relevant.
- Page 134 – "*The employer pension contributions in 2016/17 reflect a contribution rate of 12.4% as the additional amount paid to the fund of the difference to 19.2% that was paid as a lump sum payment, therefore it is not reflected as an employer contribution for the individual*" – 19.2% to be amended to figures.
- Page 135 - Why has there been an increase in the Returning Officer's fees and could there be a note to explain it? – Members were informed this was due to the fact there had been an increase in elections during the period and an explanation would be added to the accounts.
- A number of corrections were identified in the Draft Accounts and Officers requested that if Members identified any other typographical or formatting errors, they email them to Officers.
- There was discussion regarding the recommendation last September that a log be kept of any changes and for Members to be shown a copy of those changes. The copy of the papers in September had been different to those submitted. Members were advised that the copy for Audit in September 2017 should be the final version.
- Members stated that they did not understand underspend of cash – The Head of Finance suggested that Members should contact him or the Assistant Head of

Finance outside the meeting to clarify any issues and also reminded Members of the Treasury Management training session in September 2017.

Agreed

To note the draft accounts subject to the comments above.

5 **Work Programme**

Members' attention was drawn to the current work programme for items to be considered at the next two meetings in September and November 2017.

Agreed

To note the Work Programme

The meeting terminated at 6.40 pm

Report

Audit Committee

Part 1

Date: 25 September 2017

Subject **Corporate Risk Register Update**

Purpose To present an updated version of the Corporate Risk Register

Author Rhys Cornwall, Head of People and Business Change
Mike Dickie, Business Service Development Manager
Rachel Kalahar, Senior Performance Management Officer

Ward All

Summary This report contains the latest update of the Corporate Risk Register.

- A full review of the risks included in the corporate risk register has been undertaken to ensure the risk register reflects the current risks that the council faces.
- The risk register identifies risks that may prevent the council achieving the objectives set out in the Corporate Plan and enables the council to continue to provide services to the citizens and communities of Newport. Robust management of these risks is imperative to the realisation of the council's objectives.
- The corporate risk register helps the council to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs by considering the sustainable development principle set out in the Wellbeing of Future Generations (Wales) Act 2015.
- There are 14 risks identified in the risk register; 4 remain from the previous update, 2 have been closed and 2 updated, in addition to this 8 new risks have been identified.
- There are 5 high risks and 9 medium risks.
- The detail and planned mitigating actions for each risk are provided below.

Proposal To note the contents of the Corporate Risk Register.

Action by Chief Executive, Strategic Directors and Heads of Service

Timetable Immediate

This report was prepared after consultation with:

- Cabinet
- Deputy Leader
- Audit Committee
- Corporate Management Team
- Head of Law and Standards
- Head of People and Transformation
- Head of Finance

Background

1. Corporate Assessment

As part of its governance arrangements the Council has a risk management strategy and a corporate risk register is monitored quarterly. Through the Corporate Assessment Review 2014 the WAO noted that *“The Council has improved its approach to and presentation of its corporate risk register. The risk register now includes a before and after mitigation risk score at an assessed date and a breakdown of the probability and impact of that risk. The register includes current actions to address each risk and assigns responsibility to senior officers, cabinet member and scrutiny committee”*.

2. Risk Management Strategy

The Risk Management Strategy was agreed by Cabinet in September 2014. It was updated to reflect a revised approach to risk management and improved processes for identifying and escalating risk. Potential benefits of an improved risk management approach are improved decision making, avoidance of shocks and the ability to mitigate threats and take advantage of opportunities.

The strategy includes six key areas where risks are identified and managed:

- Decision Making Process
- Revenue and Capital Monitoring
- Change and Efficiency Programme
- Service and Improvement Planning
- Horizon Scanning Activities
- Information Risk Management

The Risk Management Strategy will be reviewed to ensure that the sustainable development principle of the Wellbeing of Future Generations (Wales) Act 2015 are embedded in the process and frame each risk.

3. Role of Audit Committee

Since the introduction of the Local Government Measure 2011 the local authority's Audit Committee have a role in reviewing and assessing the risk management, internal control and corporate governance arrangements of the authority. Processes and Strategies about risk management should be reviewed by the Committee however the content of the risk register including setting and changing risks included in the register is *not* the role of the Audit Committee.

4. Risks updated in this report

A full review of the Corporate Risk Register has been undertaken and a revised risk register is contained in this report. The following 3 risks replace the 'Budget Challenge' and 'Aging Population' risks

Ref	Risk	Comments
5	In year financial management	These replace the previous risk of 'Budget Challenge' to reflect the complex financial landscape
6	Medium Term Planning	
7	Increased pressure on demand led services	This replaces 'Aging Population' to reflect the trends identified in the Wellbeing Assessment and how they will impact on the Council

5. New Risks

The following risks were added in the 2017 revision of the Corporate Risk Register

Ref	Risk	Comments
8	Risk of stability of external suppliers	This can impact the council's ability to provide services and links to risk 7
9	Increasing pressure on existing infrastructure	Also an opportunity as more people travel from and to Newport links to risk 13 and 7
10	Climate Change	Also reflected in the Community Risk Register
11	Increasing demands on IT Services and the modernisation agenda	Links to risk 6
12	Increasing risk of cyber attacks	Links to risk 11
13	Asset Management	Links to risks 5 and 6
14	Recruitment and retention of specialist professional staff	Links to risk 6

6. Closed Risks

The table below details the following closed risks from the Corporate Risk Register

Date	Risk	Closure Details
September 2014 - April 2015	<i>Risk Title: Delivering a Balanced Budget Risk Description: That the savings required to deliver a balanced budget in the following year cannot be achieved</i>	In November 2014 this risk was scored as probability 1 and impact 1. This was because a balanced budget was drafted and being progressed through the council's decision making hierarchy. A balanced budget was approved by Cabinet and Council in February 2015 and this risk is now considered to be closed.
September 2014 - June 2015	<i>Risk Title: Total Reward Risk Description: That the complex and contentious tensions inherent to the Single Status pay and grading review delays the project implementation.</i>	The Total Reward project has now been implemented and any remaining issues and risks can now be managed at a service area level
September 2014 - June 2015	<i>Risk Title: Information Governance Risk Description: That the council does not have adequate arrangements in place to protect the data in holds and that this results in significant fines and reputational damage</i>	This risk can now be managed at a service area level.
September 2015 – June 2016	<i>Risk Title: Legislative Requirements (Social Services) That new legislative requirements of the Social Services act potentially place significant duties on the Authority that it cannot fulfil</i>	Specific details and guidance for the Act now produced. Work across region to develop solutions to the challenges and locally we have a project team working on implementation of all regulations Big emphasis on prevention and early intervention – reshaping front door services in Adult Social Care – close working with Health Board – redistributed teams to be coterminous with Health Board Neighbourhood Care Networks

June 2016 - August 2017	<i>Investment in Friars Walk Development That the development does not realise its target value and the developer is unable to sell or re-finance the scheme to repay the loan</i>	This no longer poses a significant risk to the council and can be managed at service area level
June 2016- August 2017	<i>City Deal That the SE Wales region, which includes Newport CC, cannot conclude a city deal within the timescales and as a result misses the opportunity to secure investment to improve economic outcomes for the communities of the city</i>	The city deal has been agreed

Financial Summary

- There are no direct costs associated with this report

Risks

Risk	Impact of Risk if it occurs* (H/M/L)	Probability of risk occurring (H/M/L)	What is the Council doing or what has it done to avoid the risk or reduce its effect	Who is responsible for dealing with the risk?
That the strategy and process are not robust enough to capture all high risks	M	L	Reviewing, testing and embedding processes to ensure that they are fit for purpose	Heads of Service and Performance Team

* Taking account of proposed mitigation measures

Links to Council Policies and Priorities

Robust risk management practices increase the chances that all of the council's priorities and plans will be implemented successfully

Options Available and considered

- To note the contents of the Corporate Risk Register
- Not to note the contents of the Corporate Risk Register

Preferred Option and Why

- To note the contents of the Corporate Risk Register.

Comments of Chief Financial Officer

There are no direct financial implications arising from this report. The corporate risk register forms an important part of the governance and budget setting arrangements for the council and the risk register is used to guide the internal audit plan

Comments of Monitoring Officer

The Council's corporate governance arrangements are an integral part of the risk management strategy, in ensuring that all decisions are made lawfully and constitutionally and that all risks are identified, assessed and mitigated. The absence of successful call-in and legal challenges demonstrates that

these arrangements are robust. However, as part of the review of the Constitution, improvements in the Report templates will be considered to further embed risk management principles within the decision-making processes. The Local Government (Wales) Measure 2011 required the Council to establish a stand-alone Audit Committee with statutory responsibility for reviewing and assessing the risk management, internal control and corporate governance arrangements of the authority. However, the identification of corporate risks, for inclusion within the risk register, is an executive decision for Cabinet.

Comments of Head of People and Business Change

There are no direct staffing implications arising from this report.

Risk management is a key element of the council's improvement programme and the Administration's commitment to ensuring strong corporate governance and robust performance management. The risk strategy and register allow the council to consider the longer term overarching risks to the council fulfilling its objectives and obligations and take action to mitigate the impact and probability of those risks.

This review provides an opportunity for the council to consider what key corporate risks face the council in the short medium and longer term.

Local issues

None

Scrutiny Committees

The Risk register is also considered by Audit Committee. Meetings with the committee have resulted in some changes in format and layout of the register.

Equalities Impact Assessment

Not applicable.

Children and Families (Wales) Measure

Not applicable.

Wellbeing of Future Generations (Wales) Act 2015

The guidance on the Act is clear – it requires public bodies to maximise their contribution to improving the wellbeing of Wales. The Act provides a framework for better decision making by ensuring public bodies take account of the **long term**, focus on **prevention**, take an **integrated** and **collaborative** approach, and **involve** people in policy making and planning and delivery of services.

Risk management is a key area to implementing the Wellbeing of Future Generations Act (Wales) 2015, the council must ensure that it considers risks in the short, medium and longer term and that it manages risks in a manner that protects current service delivery and communities as well as considering the longer term impact.

The corporate risk register helps the council to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs by considering the sustainable development principle set out in the Wellbeing of Future Generations (Wales) Act 2015.

Key documents and processes have been revised so that they incorporate sustainable development and wellbeing principles. Over the last three years extensive public engagement has been undertaken in relation to setting service delivery priorities and identifying which services matter most to people, and contribute to their wellbeing. This will continue to inform future planning.

Crime and Disorder Act 1998

Not applicable.

Consultation

As above, the Risk Register is also considered by Audit Committee

Risk Management Roles and Responsibilities

The roles and responsibilities of individuals and groups are set out below:

Role	Responsibility
Cabinet and Cabinet Members	To work with Strategic Directors and Heads of Service to define, assess and manage corporate risks. To work with Heads of Service to manage risks within their service delivery portfolios To consider corporate risks as part of the decision making process
Members	To be aware of the corporate risks and to consider risk management in scrutiny meetings and regulatory committees
Audit Committee	To take an overview of the processes involved in managing risk in the council To receive regular reports on the corporate risk register and risk management processes
Strategic Leadership Team	To work with Cabinet Members and Heads of Service to define, assess and manage corporate risks To monitor risks in the risk register To recommend additions and revisions to the risk register To initiate mitigating action for escalating risks To ensure risks are assessed accurately
Heads of Service	To work with Cabinet Members and Strategic Directors to define, assess and manage corporate risks To work with the Cabinet Member to manage risks To implement mitigating action for escalating risks To recommend mitigating action for corporate risks to the appropriate decision making body To ensure risks are assessed accurately
Senior Information Risk Owner (SIRO)	To lead and foster a culture that values, protects and uses information for the success of the organisation and benefit of its customers To own the organisation's overall information risk policy and risk assessment processes and ensure they are implemented consistently by Information Asset Owners (IAO's) To advise the Chief Executive or relevant accounting officer on the information risk aspects of the Council's annual governance statement To own the organisation's information incident management framework
Report Authors / Project Managers / Officers	To be aware of corporate risks and the service area risks that impact on their areas of work To consider the risk register when preparing project documentation and recommending action through decision making processes To recommend mitigating action for escalating risks To implement mitigating action for risks arising through the course of normal service delivery To ensure risks are assessed accurately

Corporate Risk Management Strategy September 2014

Assessing Risk

An assessment of the likelihood and impact of risk is important to measure, compare and monitor risks to ensure efficient use of resources and effective decision making. This assessment is carried out using the risk matrix as described below.

Risk Assessment Matrix

A Corporate Risk Register will contain the high level risks for the whole authority. In order to differentiate between these high level risks a 5x5 risk assessment matrix will be applied. The matrix is shown below and further detail is included in appendix one.

Risks are scored using the scoring system for probability and impact and assigned a rating based on the tolerances set out in the matrix below

Risk Scoring

Probability description	Score
Very Low probability	1
Low probability	2
Medium probability	3
High probability	4
Very high probability	5
Impact description	Score
Negligible	1
Low	2
Medium	3
High	4
Very High	5

Risk Matrix

5	5	10	15	20	25
4	4	8	12	16	20
3	3	6	9	12	15
2	2	4	6	8	10
1	1	2	3	4	5
	1	2	3	4	5

Impact

Impact Matrix

Rating	Severity of impact	General description	Impact factors (and examples of what they might look like)							
			Strategic	Operational	Financial	Resources	Governance	Health & Safety	Reputational	
1	Negligible	Low impact. Localised effect		Minor disturbance of non-key area of operations	Unplanned budgetary disturbance <£100k	Loss of asset/money with value >£2k			Reportable (non-serious) accident affecting one employee/member of public/service user	Isolated complaint(s)
2	Low	Low impact for organisation as a whole. Medium localised impact		Minor disruption of a key area of operations or more significant disruption to a non-key area of operations	Unplanned budgetary disturbance £100-£500k	Loss of asset/money with value £2-10k	Mild WAO criticism in report. Mild criticism from a legal/regulatory authority. Isolated fraud	Reportable (non-serious) accident affecting small number of employees/members of public/service users	Formal complaints from a section of stakeholders or an institution	
3	Medium	Medium impact for organisation as a whole	Noticeable constraint on achievement of a key strategic objective	Major disruption of a service area for a short period or more minor disruption of a service area for a prolonged period	Unplanned budgetary disturbance £500k-£2M	Loss of asset/money with value £10-50k	Adverse WAO report. Significant criticism from a legal/regulatory authority requiring a change of policy/procedures. Small-scale fraud relating to a number of people or more significant fraud relating to one person	Reportable (non-serious) accident(s) affecting a significant number of employees/members of public/service users or a serious injury to a single employee/member of public/service user	Formal complaints from a wide range of stakeholders (e.g. several institutions), adverse local press, complaint/s upheld by Ombudsman	

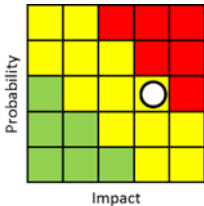

Rating	Severity of impact	General description	Impact factors (and examples of what they might look like)						
			Strategic	Operational	Financial	Resources	Governance	Health & Safety	Reputational
4	High	High impact for organisation as a whole	Severe constraint on achievement of a key strategic objective	Major disruption of a service area for a prolonged period or major disruption of several service areas for a shorter period	Unplanned budgetary disturbance £2-5M	Loss of asset/money with value £50-100k	Qualified account. Severe criticism from WAO/legal/regulatory authority requiring major overhaul of policy/procedures, Significant fraud relating to several employees	Serious injury of several employees/members of public/service users	Significant loss of confidence amongst a key stakeholder group. Adverse national press
	Very High	Catastrophic	Failure of a key strategic objective	Major disruption of several key areas of operations for a prolonged period	Unplanned budgetary disturbance >£5M	Loss of asset/money with value >£100k	Severe service failure resulting in WAG intervention/special measures Widespread significant fraud	Death of employee(s)	Severe loss of confidence amongst several key stakeholder groups. Damning national press

Probability

Score	General Description	Definition
1	Very Low probability	2% chance of occurrence
2	Low probability	5% chance of occurrence
3	Medium probability	10% chance of occurrence
4	High probability	20% chance of occurrence
5	Very high probability	50% chance of occurrence

Corporate Risks

Risk 1

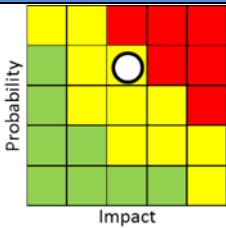

Risk name		Legislative Requirements				
Description/Rationale		<ul style="list-style-type: none"> That new legislative requirements potentially place significant duties on the Authority that it cannot fulfil (resulting in adverse judgements from regulators, significant fines and potential court proceedings and/or existing services are compromised) Risk of not meeting increasingly challenging nationally set waste management targets The Welsh Government is consulting on local government reform, it is likely that the Welsh Government will repeal or change the Local Government Measure 2009 which will mean changes to the way the council plans and manages its services. Welsh Government drive towards regionalisation and collaborative working – including possible legislation. Welsh Language Act - Gaps in service provision remain, and this remains a reputational risk for the Council. 				
Risk rating prior to mitigation		August 2015 – high (16)				
Links to		Service Planning				
Present Matrix	Assessment Date	Present Risk Score	Present Score Breakdown		Direction of Risk	Review Date
			Probability	Impact		
	August 2017	12	3	4	Unchanged ↔ There is continued pressure on the council to implement the new duties detailed by new legislation. Whilst significant work is underway, there remain major risk factors.	December 2017
	March 2017	12				
	December 2016	12	probability	impact		
	August 2016	12				

Planned Mitigation		Timescales	Current Action Status
Welsh Language Act	Strategic equalities group monitors implementation supported by Welsh Language group.	Annual cycle	Governance arrangements and implementation plans are in place
	Action plans in place and being monitored. This has shown significant progress.	Annual cycle	Action plans have been monitored and reported through the Welsh Language Annual Report to Cabinet. The council has made significant progress in terms of practices and positive attitudes. Actions not yet completed are being addressed through Welsh language task groups which report to the Welsh Language Implementation Group

Planned Mitigation		Timescales	Current Action Status
	Progress includes increasing awareness of the Welsh Language Standards across the authority. Leaflets, posters, desk prompts and video available.	Initial campaign March 2016, new roll out Sept 2017	The Welsh language publicity campaign has reach across the council, and all employees consulted in the Staff Conference were aware of the Standards and changes relating to their own work. A Welsh Language and Equalities Engagement Plan looks to measure and improve employee awareness, and thus increase the use of Welsh in the council. The "active offer" is implemented across social services.
	Partnership arrangements with another Council now in place and £280k budget allocated, additional resources now available to support service areas and work such as web site development now underway.	Ongoing	Translation and proofreading is readily available to all staff. A specific contract is in place to deliver translation of the council's web site. We are looking at opportunities to improve the service.
	5 year strategy developed through consultation	Approved Feb 2017 for 5 years	The 5 Year Welsh Language Strategy was consulted upon and approved by Council in February 2017. It will be implemented with partners alongside the Welsh in Education Strategic Plan
Future Generations Act	Cabinet reports updating members on progress and approach. Awareness raising sessions with officers and members completed and work with consultants to develop organisational readiness for the Act underway.	Autumn 2017	Awareness raising session held with members of new Performance Scrutiny – Partnerships in summer 2017 with further sessions to be included in member development programme in autumn 2017 together with further sessions for staff. Consultancy work on corporate readiness undertaken with report recommendations to be considered by senior management.
	Currently developing an impact assessment template that incorporates the sustainability principles. Formal report, service plan and business case templates updated to ensure the principles of the Act are reflected in all decision making.	Ongoing	Programme of any further work required to embed the Act will be developed following consideration by senior management of the corporate readiness report.
	Public Services Board established with agreed Terms of Reference, formal meetings are held at least quarterly.	Ongoing	The PSB has undertaken a partnership evaluation exercise and agreed an action plan. Following the local council election the PSB reviewed its terms of reference and invited existing members to remain on the PSB. Formal meetings held at least quarterly. Meeting papers, minutes and summaries of business published on One Newport website to aid transparency.

Planned Mitigation		Timescales	Current Action Status
	Draft Wellbeing Assessment in place in conjunction with the assessment required for the Social Services Act. Work being undertaken on a Gwent basis to inform the Wellbeing Assessment and Plan - funding secured from Welsh Government to support this work.	April 2018	Public Services Board has published its Well-being Assessment for Newport (Community Well-being Profile) and is progressing development of the Local Well-being Plan for Newport for publication April 2018. Work being undertaken on a Gwent-wide basis to identify possible Gwent priorities. Gwent funding is being utilised on: <ul style="list-style-type: none"> • piloting a well-being measurement tool (Happy Communities) ; • a future scenarios analysis to enhance understanding of likely future trends;
	Development of wellbeing objectives finalised, pending the redevelopment of the Corporate Plan in 2017.	October 2018	The Council published its Well-being objectives and Well-being Statement in March 2017. These are being incorporated into the Corporate Plan 2017-2022.
Waste Management Legislation/ targets	We commenced new contract last week with trade waste diverted for sorting to GD Environmental Services. Dates this financial year run from August 9 th 2017 through to March 31 st 2018 to divert approx. 2500 tonnes this year.	March 31 st 2018	The contract is in place and running. We will monitor monthly to ensure the target is reached.

Risk 2

Risk name	Capacity and capability to meet the councils objectives					
Description/Rationale	<p>That there are not skills and or capacity within the workforce to deliver both operational services and also the pace of change needed to modernise services and balance the budget.</p> <p>There are continued capacity and capability gaps across the council; these are more prevalent in some areas than others. Although there are a number of actions (see below) that are being undertaken to remediate this situation, there are still risks going forward which will potentially exacerbate this current situation; these include further required financial savings and issues with recruiting to key positions.</p>					
Risk rating prior to mitigation	August 2015 - Medium (12)

Planned Mitigation	Timescales	Current Action Status
The Workforce Plan identifies objectives for future planning for all Service Areas.	Completed	Completed – a workforce planning template is available to assist service areas make informed decisions about their people requirements. Further work will be done by the HR service in relation to completing a workforce planning self-assessment tool to identify further areas for improvement. This is anticipated to be completed in Autumn 2017.
People and Business Change will pilot career pathway planning in Autumn 2017 to role model to other service areas	On track – December 2017	A restructure has taken place in HR and the creation of entry level posts into the profession have been created and filled with one internal appointment to facilitate internal progression.
Creation of an apprenticeship scheme was approved in June 2016 and recruitment is underway to the first cohort of apprentices due to start in September 2016, with a possible second intake due to start in January 2017.	Completed	The first cohort of apprentices completed their qualification in Summer 2017 and we are recruiting to the next wave at the end of August once prospective applicants have received their GCSE results and have made decisions about their future plans. It is our intention to continue recruiting apprentices into the Council in future years.

Planned Mitigation	Timescales	Current Action Status
Pilot taking place in Education Services for the roll out of greater NVQ/ILM opportunities for those in the workplace wanting to enhance current skill level. Intention to offer to wider workforce in 2017 linked to workforce planning for each service area	Completed – review of success by December 2017	This pilot has completed and several employees within the Education service achieved their qualifications. We will review the success and benefit brought to the Council in the coming months with a view to making future recommendations at the end of December 2017.
Mandatory training will be identified for each post and linked to job descriptions to set out the expectation of ability, skill and experience at the point of recruitment and to form a development path throughout induction, probation and longer term	Not started	This piece of work has not yet started but has been identified as a priority for 2018/19
Additional Investment in Project Management and business change resources	December 2017	BIP resources will be reviewed in line with the revised change program which will underpin the new corporate plan
Coaching, shadowing and mentoring opportunities delivered as part of the change programme	On track	The first cohort of ILM Level 5 in Coaching concluded in Summer 2017. We are currently reviewing the success of the programme and will make recommendations on wider roll-out in Autumn 2017.
Specific business support and training provided for business change, project and program management, continuous change and specific tools including business case development and project management	Ongoing	Project management and business case support building on the support and training provision already in place further development of support has been undertaken to widen the range of support offered to the organisation.
Training Master classes developed and number of managers attending measured green for 2015 with over 80% attending training to upskill	Completed	We are currently reviewing managerial training, but targets set in this area have consistently been achieved in recent years.
Action Learning Sets have been practised at Senior Management Forum and OD are collating requests from managers to create networks of peer coaching through the use of ALS. HR and Finance partners will be trained as facilitators to enable greater support to managers in identifying problems and creating their own solutions.	Completed	Feedback has shown that our current culture is not yet ready to roll out Action Learning Sets and instead we will be focusing on building our coaching skills as individuals.
Use of external resource / experts	Ongoing	Where there is a capacity constraint or capability gap, external expertise will be utilised on an as required basis.
Sampling of My Review has taken place in August 2016 by the HR/OD team and feedback will be provided to managers in September with a refreshed roll out of training on how to conduct appropriate appraisals between October and March 2017 in time for the next annual appraisal	Completed	In Summer 2016 this exercise was completed and the results fed back to the senior leadership team. Further work was then done on scoping possible alternatives to the outdated My Review system – further information is detailed below.

Planned Mitigation	Timescales	Current Action Status
OD strategy devised to enable the organisation to achieve faster cultural change and improved performance	Completed	The People and Culture Strategy 2017-2022 is in first draft and awaiting publication later in the Autumn. It contains the proposed strategic ambition for the OD function.
People service plan to heavily focus on workforce planning and OD for next 12 months	On track	Service planning has temporarily been postponed until the Corporate Plan is published. It is anticipated that the new People and Culture Strategy 2017-2022 will form the business unit actions for HR and OD in the coming 12 months. Two of the key priorities are OD and Workforce Planning.
Performance management process is currently being reviewed with a key objective for 2016/17 to be the roll out of a revised scheme, new performance management system to be piloted early 2017 to assess whether appropriate for organisation roll out	Completed	<p>As per the My Review comments, a new performance management system has been introduced to the Council – Clear Review. This tool was piloted over a 3 month period at the beginning of 2017 and has now been approved for wider roll out. Feedback suggests that this tool could significantly improve performance management across the Council.</p> <p>The new performance management strategy has been drafted which seeks to draw together all aspect of performance to enable employees and members to know what their responsibilities are</p>

Responsible Cabinet Member(s):	Cabinet Member for Community & Resources	

Risk 3

Risk name	Safeguarding					
Description/Rationale	That the arrangements and the implementation of policies and procedures by the council (and its partners) are not adequate to protect vulnerable adults and children who may be at risk of significant harm					
Risk rating prior to mitigation	March 2017 – Medium 8					
Links to	Corporate Plan, Service Planning					
Present Matrix	Assessment Date	Present Risk Score	Present Score Breakdown		Direction of Risk	Review Date
			Probability	Impact		
	August 2017	8	2	4	Unchanged  The level of risk is manageable because this is an area of absolute priority for the local authority. There are safeguarding manager roles across the council and we have strong links with national and regional safeguarding boards	December 2017

Planned Mitigation	Timescales	Current Action Status
Safeguarding Action Plan agreed and implementation underway.	November 2017	Implemented The first annual review of the Corporate Safeguarding Report is due to occur in November 2017- this review will establish how efficiently we have met the identified objectives within the safeguarding action plans both corporately and within the specific teams which encompass the Safeguarding Unit of Social Services since the establishment of the Corporate Safeguarding Report in 2016. Actions identified as outstanding or newly identified areas of improvement/ development will be identified as part of this review scrutiny cycle and will therefore be timetabled appropriately to address any unmet needs or deficit areas.
Continuous review of policies and procedures	November 2017	Implemented The suite of Corporate Safeguarding Policies applicable to all service areas within the council are currently under review to appropriately reflect legislative and procedural changes. These documents will have been fully reviewed, ratified, and disseminated via a re-launch of the "Safeguarding involves us all" campaign (the original campaign which launched the Corporate Safeguarding Report in November 2016) prior to the first annual review in November 2017. This ensures that all staff (including voluntary staff, elected

Planned Mitigation	Timescales	Current Action Status
	<p>Ongoing</p> <p>Ongoing-regional work plan of the protocol and procedures sub group is reviewed annually</p>	<p>members and contractors) are clearly aware of and understand their responsibilities in respect of 'safeguarding'.</p> <p>Within the practice of social work across Children and Adult Services where policies and procedures are identified as requiring review due to changes in legislation/ regulations these items are identifiable through CSMT and ASMT processes and Quality Assurance processes. Appropriate staff are identified to undertake the review or development of the required policy/ procedure and timescales are set in order to ensure the required work is completed, the policy is then launched and fully disseminated to the service area for practitioners to use and the documents are stored within the document library of the intranet for easy access.</p> <p>There is also the continuous review process of national and regional policies as identified by the SEWSCB, GWASB and VAWDASV safeguarding boards via the "protocols and procedures" sub group. Work is undertaken on a regional basis and the policies/ procedures/ guidance produced is then agreed and adopted by the 5 local authorities. This ensures a robust compliancy in terms of national policies/ procedures used within regional and local practice are up to date.</p>
Raising awareness of policies and procedures with staff	January 2018	<p>Implemented</p> <p>Within Children's Services there has been a review of the processes in how policies/ procedures are disseminated to staff and the current use of the document library for policies/ procedures currently available on the intranet. A Children's Services Hub Page is currently being developed by the Safeguarding Unit and SRS team to improve how staff locate and access the documents they require for practice. The Hub will be the focal access point for Children's Social Care staff to locate all relevant policies, procedures, forms- this will assist in version control of documents; the regular review and publication of new policies/ procedures/ guidance; and a central place for staff to locate all of the required information and documents. This project will therefore aid in raising awareness of policies and procedures with staff but will also provide a more robust approach to ensuring that the information being provided to staff is up to date and readily accessible.</p> <p>Future development of the Hub page will also be extended to include induction processes and team specific intranet pages which can host team</p>

Planned Mitigation	Timescales	Current Action Status
	Ongoing	blogs, news and updates. This project can also be replicated for Adult Services.
Partnership working	Ongoing Ongoing	Implemented Development of the Multi Agency Safeguarding Hub (MASH). Newport is the pilot authority for this project which will bring together all public safeguarding services in a single point of entry where safeguarding referrals can be holistically assessed. The MASH model will facilitate earlier intervention and preventions to limit the need for a more intensive intervention at a later stage by managing cases in a co-ordinated manner. The MASH will also foster closer partnership working and clear accountability with agencies, providing faster, more co-ordinated and consistent responses to safeguarding concerns, ensuring citizens are kept safe with their well-being outcomes met. Strong links with the regional safeguarding boards are already in place and will continue. The regional service hosted by Health in regard to legislative requirements for Newport council under the Mental Capacity Act, continues to be delivered collaboratively for all Deprivation of Liberty Safeguards for citizens of Newport over the age of 18.
Service Manager for Safeguarding is in place	Completed	Implemented The Service Manager for safeguarding manages across adult, children and education services as well as the regional VAWDASV service.
Safeguarding role in Education	Completed	Implemented The role of the Safeguarding in Education Officer has been extended to encompass the line management of LACES (looked after children in education). Ensuring all schools have reviewed their safeguarding policies and procedures and that they are accessible for the whole school as well as parents and children has been completed over the last year. This will be under continual review

Planned Mitigation	Timescales	Current Action Status
<p>Education Increasing population putting extra pressure on school places across Newport. One new school (due to open September 2017) and second new school (due to open September 2018). Both established largely through 106 funding. Additional school places have been established across the city through a capacity exercise. Where schools are being re-developed, (e.g. Bryn Derw, Caerleon Lodge Hill) additional places have been included. Three further new build schools are planned through 106 monies funding from 2019 – 2024 (NB: shortfall in funding that will need to be made up by Authority). Forecasts show that there is also a need for expansion on existing school sites, in specific areas of the city, with significant population growth. A Welsh Government 21st Century Band B' schools bid has been made which focusses on Newport's urgent need for additional school places as our key priority.</p> <p>•As children with complex needs live longer, the number of children requiring care will increase and the length of care that they require will increase The number of educational places within the city need to grow in order to provide provision for pupils with complex needs</p> <p>•Growing population of highly vulnerable children: The number of Learning Resources Bases across the city will</p>	<p>September 2017 – 2018</p> <p>2019 – 24</p> <p>2017-2019 (planning to completion)</p>	<ul style="list-style-type: none"> Plans are in place but are subject to funding from 21Century Schools funding and developers. Capacity exercise complete. Jubilee Park Primary is due to open September 4th 2017. Glan Lyn Primary is due to open September 2018. 21C schools bid has been submitted but as this is a national grant Wales is significantly over subscribed. Expansion of Maes Ebbw planned to cater for the increasing number of pupils already placed there. Plans to relocate the tertiary element of the school to further increase placements The ASD School, Ysgol Bryn Derw has been established and will open in September 2017. This has given additional spaces at Maes Ebbw. A Learning Resource Base will be included in all new and rebuilt school opening within city. Jubilee Park Primary LRB will open in September 2017. Lodge Primary and Glan Lyn Primary will include LRBs and are due to open in September 2018. An analysis of Out of County Placement is planned between August

Planned Mitigation	Timescales	Current Action Status
<p>expand to support increased demand of pupils with Special Educational Needs, allowing them to maintain mainstream school places.</p> <p>The total cost of Out of County placements continues to grow. Education Services will develop an analysis and forecast of Out of County Placements in order to facilitate a strategic plan of supporting these needs in the most affordable way over the next five years.</p>		<p>and September 2017. Forecasting will be derived from this. Aims and objectives for a Strategic Out of County Planning Group is being developed.</p>
<p>Adult and Community Services That an increasing percentage of the population are over 65 putting an increasing strain on demand led services, particularly those that are statutory and raising the risk of unplanned significant budgetary overspends.</p> <p><u>MANAGING DEMAND – PREVENTION EARLY INTERVENTION</u></p> <ul style="list-style-type: none"> • Older Person’s Pathway - joint initiative with Health, people identified from GP surgeries and offered a Stay Well Plan that is individualised and focused on maintaining well-being and health. • Reconfiguring a number of service pathways including Frailty & Reablement to reduce duplication, streamline provision, facilitate hospital discharge and provide services focused on maintaining independence. • Investment in preventative services including 2 Third Sector consortiums offering information , advice and assistance for any Newport citizen. • Investment into First Contact Team offering advice, assistance and signposting to a full range of services. • Utilisation of ICF for Community Connectors offering community based assistance to people who require support to access low level services <p><u>MARKET MANAGEMENT</u></p> <ul style="list-style-type: none"> • Domiciliary care and Residential and Nursing provision commissioned robustly. Working closely with providers to ensure services are fit for purpose in terms of quality and capacity. Relationship management ensures flexibility and responsibility • Ensuring in house services are cost effective and targeted at community need. 	<p>In Place</p> <p>Ongoing</p> <p>In Place</p> <p>In Place</p> <p>Ongoing</p>	<p>Currently in place in 11 out of 20 GP surgeries in Newport, further roll out planned.</p> <p>Further work required to establish new pathway. This will reduce duplication in the existing process and improve accessibility.</p> <p>Ongoing monitoring to identify impact of provision</p> <p>Social care workforce is complex and challenging. Budgetary restrictions are impacting Nationally. In Newport the ongoing relationship and commissioning oversight ensures stability and there is a focus on encouraging new providers to enter the market</p> <p>Continued delivery of in house provision will be reviewed on an ongoing basis.</p> <p>Annual fee negotiations – ongoing dialogue</p>

Planned Mitigation	Timescales	Current Action Status
<ul style="list-style-type: none"> • Cost control –negotiating sustainable fees with providers that offer value for money whilst protecting the social care workforce • Engagement with Regional workstreams to address National issues around the purchase of domiciliary and residential care services • Early engagement with Health to maximise CHC funding for people with Health needs 		<p>Workstreams are addressing the issues faced by all Welsh Local Authorities in the delivery of social care – budgets- stability of market</p> <p>Ongoing.</p>
<p>Removal of preventative services could impact negatively on statutory services by increasing the demand and complexity of needs.</p> <ul style="list-style-type: none"> • Investment in a consortium model of third sector preventative services to offer a single point of contact for all Newport citizens • Investment in a Third Sector mental health consortium in partnership with Health – offering a single point of contact for citizens in Gwent • Utilisation of ICF to deliver a Community Connector Service – offering community support for people to access services. • Utilisation of ICF to employ a Cares Development Officer 	<p>In Place</p> <p>In Place</p> <p>In Place</p> <p>In Place</p>	<p>Ongoing monitoring to measure effectiveness at managing demand and offering interventions and assistance to those who would not be eligible for statutory care but who need support.</p> <p>Ongoing monitoring to measure effectiveness at managing demand and offering interventions and assistance to those who would not be eligible for statutory care but who need support.</p> <p>Ongoing monitoring to measure effectiveness at managing demand.</p> <p>Working with Carers groups to ensure they are supported in their role and to minimise the instances of carer breakdown</p>
<p>Children and Family Services As children with complex needs live longer, the number of children requiring care will increase and the length of care that they require will increase.</p> <p>Growing population of highly vulnerable children</p> <p>Investment in developing preventative services to work with families to build resilience and to prevent children from being accommodated:</p> <ul style="list-style-type: none"> • Re-tendering for the Strategic Collaborative Partnership that delivers the Family Assessment Support Service (FASS) and Family Support Team (FST) • Tendering for short break services for families with 	<p>In place</p> <p>On going</p>	<p>Currently in process. When successful tenderer has been awarded contract work will commence with provider to develop service and be on going contract management</p>

Risk 9

Risk name	Increasing pressure on existing infrastructure
Description/Rationale	<p>The M4 Bridge tolls will be abolished for all vehicles in 2018 this is a positive opportunity for the city but the council must consider the potential impact on existing infrastructure.</p> <p>Traffic at the Toll's is currently 'held' back and released creating a pulsing effect on traffic entering Wales.. Removal of this effect will result in more traffic reaching the 2 lane sections at Magor and the Brynglas tunnels quicker, with associated congestion.</p> <p>Although that is primarily a network management issue for the SW Trunk Road Agency, it is likely to result in rat running on alternative routes impacting on the city's network. Increased use of the Steelworks Access Road, SDR and Chepstow Road is anticipated as the main alternatives motorists will seek to use.</p> <p>We know this with some confidence due to the regular effect on our network of congestion, road collisions and roadworks on the M4 .</p> <p>The tolls are a barrier to logistics companies (some firms spend £200k per annum in toll fees); therefore many logistics and distribution firms locate on the English side of the bridge. Removal of the tolls is likely to result in a review of location, with the potential relocation in and around Newport increasing the impact on local networks</p> <p>House prices in Bristol are relatively expensive; therefore removal of the tolls could increase the attractiveness of living on the Welsh side and commuting to Bristol. This presents an opportunity for Newport, especially locations with good motorway access east of the tunnels but it will attract significant additional car journeys.</p> <p>Increased light and heavy vehicular usage will impact on the whole life of our highway assets and result in increased routine maintenance and associated revenue and capital investment.</p> <p>Any additional traffic will be detrimental to air quality – particularly within the city's existing AQMAs</p> <p>Impact on public transport and Council services</p> <p>Increased traffic on local roads will have a detrimental impact on journey time/reliability. It will also increase operating costs for public transport and council services that rely on road based delivery models. (the Welsh Assembly Enterprise and skills committee are undertaking an inquiry into the impact of congestion on bus services).</p> <p>Consideration of additional resources or different delivery models may be required as mitigation</p>

Risk 10

Risk name	Climate Change: Effects on future condition and availability of Council Infrastructure and reducing the future impact of further greenhouse gas emissions.
Description/Rationale	<p>It is generally accepted that the effects of global warming will result in:</p> <ul style="list-style-type: none">· All areas of the UK get warmer and the warming is greater in summer than in winter;· Little change in the amount of precipitation (rain, hail, snow etc) that falls annually but it is likely that more of it will fall in the winter with drier summers for much of the UK· Sea levels rise – more in the south of the UK than the North. <p>To tackle the challenge of climate change, Newport needs to act on two fronts;</p> <ul style="list-style-type: none">• Prepare for the changes that are already happening because of the greenhouse gases which have already been released• Reduce the greenhouse gases we emit through our operation by reducing and decarbonising our energy consumption <p>Preparing for the changes</p> <p>Newport should consider how various climate change variables such as intense or prolonged rainfall; hotter temperatures and higher wind speed will impact on the type of highway assets that they manage and the likelihood of these events occurring. By doing this the greatest generic risks to network closure or restriction can be identified. These are likely to be;</p> <ul style="list-style-type: none">• Flooding (pluvial, fluvial, groundwater and coastal)• Snow• Landslips• Scour• Wind damage• Heat/ water and frost damage• Disruption at interchanges with other transport modes such as rail and bus.• Inadequate or over stretched resources to meet demand <p>Newport should review and apply the latest UK Climate Projections, as developed by the Met Office and Environment Agency, when assessing future risk and vulnerability. These projections for future changes to both average climatic conditions and also the frequency of extreme weather events, allow for an understanding of where risk levels may change, and the identification of new risks which may emerge as the climate changes. When applied alongside records of past incidents, and other information sources (such as flood maps), climate projections may also help to identify when and what action should be taken to adapt to the risks.</p> <p>The locations where there is potential for these events to occur on the Network should be identified. This can be done using the highway asset inventory and records of past incidents of weather related damage or incidents such as flooding or landslips. The local Flood Risk Management Plans should also be used to identify areas prone to flooding. Where possible, local knowledge should be used to validate the findings.</p>

Decarbonising and reducing our energy consumption

The Environment (Wales) Act 2016 requires that Wales reduce its carbon emissions by 80% by 2050; at the time of writing the Welsh Government are consulting on the Public Sector being Carbon neutral by 2030 as well as how targets and budgets will be implemented from now until 2050.

In 2016/17 Newport City Council was responsible for the direct (scope 1 and 2) green house gas emissions of 17,224 Tonnes of CO₂eq from our electricity and gas supply alone. Although a significant improvement on previous years, with fleet vehicles adding to this total, the impact of the day to day operation of the council is substantial. Indirect emissions, such as from procurement of goods and services, waste and employee commuting may also be considered in the future. Achieving the required reduction will be a challenge, but there is considerable potential for improvement with the correct investment.

The need for a greener national electricity system is contributing towards increasing energy costs for consumers. The UK Government (BEIS) mid-range forecast predicts that prices will increase at circa 4% per annum until 2025. This represents a significant increase in the cost of electricity for Newport City Council if no reductions are made.

Newport City Council has limited renewable energy generation across our estate, increasing this significantly would be a major step towards meeting emission reduction targets. Potential locations for installations will be reviewed and options for implementation considered.

Some of the risks may have the potential to be reduced by mitigation action. Such action could range from improved routine inspection or maintenance regimes to major asset improvement or replacement works. Options for mitigating the greatest risks should be explored with a view to prioritising those measures that will provide the greatest return on investment in terms of reduced risk. These measures should be integrated with the asset management plan with an appropriate weighting.

Risk rating prior to mitigation	Medium : There are a number of risks within this document, each with an individual risk ranging from low to high. The average risk as a whole has been calculated as upper medium

Planned Mitigation	Timescales	Current Action Status
Produce and implement a Carbon Management and Implementation plan to set out a strategy, objectives and programme to reduce overall carbon emissions, provide investment opportunities and to mitigate against anticipated increases in energy supply costs.	Ongoing (spring 2018?)	Newport is currently evidence gathering and scoping carbon, energy and cost savings measures which could be delivered in 2018/19 and beyond.
Aim to get the best value for money from procurement of utilities through the National Procurement Service. Wherever possible purchase electricity backed by Renewable Energy Guarantee of Origin Certificates.	Ongoing	Continue to review energy supply options and secure the best value and lowest carbon energy supply for Newport.
Undertake a full review of the Council's assets and their suitability for the application of renewable energy technologies to deliver Carbon and financial benefits.	Ongoing	Review of all council assets using external expert support, feasibility studies and business cases will be put forward where appropriate.
Plan and deliver Sustainable Urban Drainage Systems (SuDS) - SuDS such as permeable surfaces, swales, wetlands and ponds can play an important role in managing local flood risk in urban areas since they replicate natural surface water drainage systems.	Ongoing	<p>Welsh Government is currently consulting on legislation for the Implementation of sustainable drainage systems on new developments. The primary aim of this legislation is;</p> <ul style="list-style-type: none"> - To encourage SUDS on new developments, such as swales, ponds, storage areas, etc. in order to manage drainage and surface water; - For a SAB (SUDS Approval Body) to be implemented within each council to review SUDS designs prior to construction; - For SAB'S (Local Authorities) to adopt and maintain SUDS over their lifetime.
Comprehensive and robust Adverse Weather Plans	Existing	<p>The plan will evolve to mitigate the effects of climate change as they start to impact on council services and assets</p> <p>Consideration needs to be given to the provision of a suitable co-ordination structure and associated resources to prepare for the impact.</p>
Plan and deliver green infrastructure - green infrastructure (trees, parks, open space etc) is important because it can help to keep cities cool in the summer, provide drainage routes for surface water and provide pathways through the	Existing	The Green Infrastructure of the authority is monitored and managed primarily through overarching plans, policies and guidance such as LANDmap, the Local Development Plan, the Biodiversity Action Plan, the Fields in trust Standards and the assessment of Accessible Natural Greenspace provision.

Planned Mitigation	Timescales	Current Action Status
urban environment for biodiversity to migrate as the climate changes.		<p>Develop the criteria for the Special Landscape Areas.</p> <p>Gwent Levels Landscape Character Assessment and Green Infrastructure assessment through the Living Levels project.</p> <p>Comprehensive management and replacement programmes for trees and woodlands.</p>
Selection of road surfacing materials that have a higher resistance to heat damage and /or heat reflectivity. Increased preventative maintenance to seal surfaces to water ingress and arrest disintegration	Under review	Newport will continue to review the performance of materials and promote timely intervention to secure the whole life of assets. Advances in materials and technology will be embraced where and when applicable.
Maximise on available Welsh Government funding to improve the defence of the city against fluvial and coastal flooding	Ongoing	Newport will continue to work with all relevant partners to secure funding to mitigate these risks. However, lack of capital funding to meet the authority's contribution (circa 25%) can be a barrier.

Risk 13

Risk name	Asset Management – Carriageways and Buildings
Description/Rationale	<p><u>Carriageways</u></p> <p>It is acknowledged throughout Wales that current funding levels fail to ensure a minimum of steady state in highway condition and untreated highway assets continue to deteriorate. Although Newport has proactively used its powers to fund highway condition improvements through prudential borrowing and has benefited from Welsh Government’s Local Government Borrowing Initiative (LGBI), the cessation of the Welsh Governments Road Maintenance Grant has resulted in under investment into the city’s carriageway asset stock since 2014/15.</p> <p>Carriageway condition is a Public Accountability Measure within the council’s suite of performance indicators. Using the Horizons asset management tool, highway condition can be forecasted for future years against differing levels of capital funding. Using a zero capital budget scenario, the condition evaluations are:</p> <ul style="list-style-type: none"> ▪ Cost (over 5 year period) to bring the network up to standard (clear maintenance backlog) = £31.8M. ▪ Cost (over 5 year period) to keep the PIs PAM 020,021 and 022 at a steady state (maintain current network condition) = £13.4M. ▪ Gross replacement cost £646M. <p><u>Buildings</u></p> <p>Newport City Council has a significant property estate, many of which have suffered from a lack of annual and cyclical repair, maintenance and investment. £1.5M is invested annually within the NCC estate from the Capital Maintenance Programme, however, this is not enabling a meaningful impact in reducing the maintenance backlog, which is estimated to be at a value of £50M (<i>dated May 2017</i>). NCC is investing its repair and maintenance programme at a rate of £105/m2 which is particularly low compared to adjacent authorities and public sector organisations.</p> <p>The majority of backlog is contained within building elements such as roofs, timber windows, boilers and electrical works. Based on a maintenance backlog estimate of £50M and assuming a £3M annual depreciation across the estate an investment of £8M per annum would be required.</p>

Report

Audit Committee

Part 1

Date: 25 September 2017

Subject **Audit and Adoption of the 2016-17 Statement of Accounts**

Purpose This report presents results of the external audit of the 2016-17 Statement of Accounts (Accounts), highlights the changes since they were initially published at the end of June 2017 and seeks their formal adoption as required by the Accounts and Audit (Wales) regulations 2014.

Author Assistant Head of Finance

Ward General

Summary The Accounts were published at the end of June 2017 by the Head of Finance and added to the Council's website at that time. The Accounts were available for public scrutiny, as required by the Accounts and Audit (Wales) regulations 2014, for a 20 working day period ending 2 August 2017.

Our auditors have reviewed the 2016/17 Statement of Accounts in detail, and a number of required changes have been identified. The Wales Audit Office's (WAO) accompanying report shows a summary of the agreed changes. Appendix A presents the revised Accounts which members are invited to review and subsequently approve in accordance with the Council's standing orders. Representatives from the WAO and finance staff will be available to clarify any points arising from the audit changes and the content of the Accounts as required.

Proposal Committee is recommended:

- To review the content of the 2016/17 Accounts and the WAO's Financial Statements (ISA260) report on the 2016/17 Accounts and comment as appropriate.
- To authorise the Chairman to adopt the Accounts 2016/17, in accordance with the Accounts and Audit (Wales) regulations 2014.

Action by i. Assistant Head of Finance – publish final accounts on Council website;

Timetable Immediate

This report was prepared after consultation with:

- Monitoring Officer

Background

The Accounts were prepared in accordance with the Code of Practice on Local Authority Accounting in the UK published by CIPFA for 2016/17.

The Accounts includes the statutory “Annual Governance Statement” providing a summary of the system of internal control operating within the Council for the year to 31 March 2017. This Statement includes actions to address any identified risks.

The Council was required by the Accounts and Audit (Wales) regulations 2014, to complete and publish its Accounts by 30 June 2017. After this date they were available for inspection for a period of 20 working days.

The Head of Finance signed the draft set of accounts on 9th June 2016, which were presented to Audit Committee on the 26th June. Following comments from Audit Committee there were some minor amendments made to the draft and the Head of Finance resigned the draft account on 28th June 2017 and they were published on the website by the deadline of 30 June 2017. The complete accounts were available for public scrutiny between 6th July and 2nd August 2017.

The Council received no requests to review the Accounts from the public during the public scrutiny period.

Following a number of vast improvements in previous years to both the quality of the draft accounts and working papers, officers carried out a lessons learned review of the closedown process following 2015/16 to further these improvements.

One of the main developments that was achieved following the lessons learned review was the closer collaboration with WAO in completing and reviewing important areas of the accounts before the draft stage. This allowed for sign off of some of the notes and statements prior to the full year-end audit, therefore saving time and amendments following the draft stage. Areas that were looked at early include:

- Agreed the new structure of the Comprehensive Income & Expenditure account and the new Expenditure and Funding Analysis note – 2015/16 restated.
- Reviewed and amended the landfill provision as per the 2015/16 ISA260
- Agreement of other provisions
- Work on Friars Walk sale
- Work on capital additions and disposals that had taken place through the year

There are still a number of areas that need to be looked at early in the year, but the above shows a stepped change in the way we work and this was borne by the fact that the draft accounts with group included were signed off by 9th June.

While there were a number of amendments made to the accounts following audit, no changes were made to the reported outturn or reserves held by the Council. There has also been a quality assurance exercise of the financial statements prior to presentation at this audit committee.

It is acknowledged that WAO have highlighted a number of issues within their ISA260 report, which will be reviewed by the Council and actions put in place to ensure that procedures and processes are put in place to address the issues raised.

WAO Financial Statements Report

The WAO's report confirms that they have completed the majority of their work and are happy to provide an unqualified opinion and that the accounting statements give a **true and fair view** of the

financial position of the Authority and have been properly accounted for in accordance with the Code.

The report further details the agreed changes applied to the Statement of Accounts from the original publication through to completion of the audit review. The majority of these related to presentational changes, disclosure notes, some amendments to lines across the comprehensive income and expenditure account and items relating to Property, Plant and Equipment, all of which had no impact on the bottom line of the accounts.

Although some of the figures included in the corrected misstatements appendix are large in value, these largely relate to the classification of internal recharges as external income rather than netting off against expenditure. The effect of these on the net position on both the accounts and the service area are nil.

There is only one uncorrected misstatement included in the ISA260 report which is discussed further below. This is an improvement on last year, and the issues included in the 2015/16 ISA260 have all been dealt with.

Value of Newport Transport Ltd. depot understated by £376,000

The statement of accounts for the Group is based on the consolidation of Newport City Councils and Newport Transport Ltd single entity accounts. The value of the asset that has been consolidated into the Group accounts is that which is included in the Newport Transport Ltd accounts. Due to the accounting treatment used by Newport Transport Ltd and those required to be used as per the accounting policy for the group, there is a small difference in the valuation that is recorded as per the latest valuation undertaken by Newport Transport.

Due to the small value and the complex nature of the transactions that would need to be put through the accounts it has been decided we will not make an adjustment for this.

Financial Summary:

There are no direct financial implications arising from this report. The approved Accounts will provide the basis for future financial planning.

Risks:

Risk	Impact of Risk if it occurs* (H/M/L)	Probability of risk occurring (H/M/L)	What is the Council doing or what has it done to avoid the risk or reduce its effect	Who is responsible for dealing with the risk?
Failure to approve and publish the accounts before the 30 Sept deadline increases the risk of qualification, and increases reputational external perception risks.	M	L	The Council works with its Auditors to ensure the Accounts are prepared and suitably reflect the financial position of the authority	Assistant/Head of Finance

* Taking account of proposed mitigation measures

Links to Council Policies and Priorities

Effective financial management is essential if an organisation is to achieve its stated objectives.

Options Considered/Available

Approve the modified Statement of Accounts for 2016/17

Reject updated Statement of Accounts which would have impact on meeting statutory deadline.

Preferred choice and reasons

That the Accounts are approved given they have been audited and all material issues have been corrected, as needed.

Comments of Chief Financial Officer

For the preparation of the 2016/17 Statement of Accounts there has been a significant improvement in the processes and working papers provided to audit which is highlighted in the WAO 'Audit of Financial Statements' Report.

The accounts show a true and fair view, and the uncorrected misstatements highlighted in the ISA260 report are not of a material value or nature, and therefore it is recommended the accounts are approved.

Officers will need to continue to improve processes through collaboration with WAO to meet earlier closing deadlines which will be implemented from financial year ending 31st March 2019.

Comments of Monitoring Officer

Audit Committee are required to approve and sign off the modified Statement of Accounts for 2016/17 before 30th September in accordance with the Accounts and Audit (Wales) (Amendment) Regulations 2014. This function has been delegated by full Council to the Audit Committee.

Staffing Implications-: Comments of Head of People and Business Change

There are no staffing implications arising from the report

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Introduction

The purpose of this foreword is to offer a guide to the context in which the Newport City Council operates, provide an overview of the most significant matters affecting the Statement of Accounts, outline any changes in accounting policies applied in preparing the Statement of Accounts and explain the Council's overall financial position.

These Statement of Accounts cover the period 1 April 2016 to 31 March 2017 and have been prepared in accordance with the 'Code of Practice on Local Authority Accounting in the United Kingdom 2016/17' (the Code), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA).

Four key statements together with supporting notes detail the financial performance, these are

- **The Comprehensive Income and Expenditure Statement (CIES):** shows the accounting cost in year of providing services in accordance with generally accepted accounting practices;
- **The Movement in Reserves Statement:** summarises the Council's income and expenditure activity and shows how this is adjusted to arrive at the Council's funding, or council tax position, and how surpluses/deficits have been distributed to reserves;
- **The Balance Sheet:** shows the value as at the 31 March 2017 of the assets and liabilities held and recognised by the Council;
- **The Cash Flow Statement:** shows the movements in cash and cash equivalents of the Council during the reporting period.

In addition a new 'Expenditure and Funding Analysis' has been included in the notes to the core statements. This new note details the movement between the Council's internal reporting format, the statutory Council Fund and finally the position reported under proper accounting practices presented in the Comprehensive Income and Expenditure Statement.

The changes aim to improve clarity and to assist users of the accounts to see the relationship between internal reporting throughout the financial year and the Council's Statement of Accounts.

The Statement of Accounts includes consolidated group accounts which are shown in pages 133 -148:

- **The Group Accounts:** are prepared in addition to the single entity accounts where local Authorities have material interests in subsidiary and associated companies and joint ventures. The Group Accounts have been prepared to include Newport Transport Limited and comprise the Movement in Reserves Statement; the Comprehensive & Income Expenditure Statement; the Balance Sheet; the Cash Flow Statement and associated notes.

REVIEW OF THE YEAR

This section deals with key issues in 2016/17, for example, the Council's year-end revenue and capital outturns, key risks, significant issues affecting the balance sheet and performance.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

(1) The Council's financial outturn position

Revenue

The financial context for the Council's financial management in 2016/17 was very challenging. With Revenue Support Grant, which funds approximately 80% of the Council's net costs, reducing by 0.05%, savings of £8,647k had to be delivered, in addition to managing increasing demand on services.

The Council's revenue budget outturn for 2016/17 shows a positive position for the Council; with a total reported underspend to Cabinet of £326k at their June 2017 meeting. This represents a 0.2% underspend against the Council's net budget (excluding schools), and given the context, is a significant achievement. Cabinet authorised for these underspends to be transferred to a number of earmarked reserves and the accounts that follow this reflect those decisions.

Whilst a good position, a number of the Council's budgets continued to be under considerable pressure in 2016/17, such as Community Care, Children's placements and School's budgets and 'service area' budgets overspend considerably, as shown by the table below (approximately £2m excluding capital financing/interest and school's). These overspends were mitigated by over delivery of Council Tax income, as the number of houses sold in Newport exceeded expectations, reduction in Council Tax reduction payments, as claimant numbers reduced and the non-use of the revenue contingency budget.

The reported underspend position is following a number of in-year transfers to reserves, which were agreed at Cabinet, consistent with existing policy or part of the base budget. The level of reserves is discussed further in this foreword and detailed balances are included within Note 10 to the Statement of Accounts.

The table below summarises the revenue outturn for 2016/17

	Budget	Actual Expenditure	Reserves to be agreed by Cabinet	Outturn	Variance To Original
	£'000	£'000			£'000
Social Services:					
- Children & Young People	21,084	21,213		21,213	129

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Within the above table, in addition to the £326k outturn, a further £5.2m was transferred to earmarked reserves during the year. This is mainly in relation to budgeted/anticipated transfers during the year in relation to the Private Finance Initiative and transfer of interest receivable in relation to Friars Walk, and where decisions have been made by Cabinet to transfer amounts to earmarked reserves in year, including £1.1m investment amount for spending priorities in the following financial year. Further details of these are shown in note 10 to the Statement of Accounts and in the reserves paragraph 2 of this narrative.

In relation to the Statement of Accounts in this document, the position on the Comprehensive Income & Expenditure Statement is more complicated by our need to comply with relevant accounting requirements. In essence, we have to charge certain expenditure into the accounts, however, these are not 'cash related' expenditure and therefore do not need funding from the Council's main funding sources – its revenue support grant and council tax. Within the Comprehensive Income & Expenditure Statement, the Council is reporting a deficit on provision of services of £14.167m, under the relevant accounting basis. Therefore, in these Statement of Accounts, in line with the accounting regulations, we also reverse them out which leaves a 'bottom line' based on how we are funded i.e. on our 'funding base'. This is done through the 'Movement in Reserves' statement which immediately follows the Comprehensive Income & Expenditure Statement, to show a final position based on its funding basis. After this reversal – the 'bottom line' agrees to what was reported to Cabinet and shown above. The new 'Expenditure Funding Analysis' (EFA) shown prior to the core statements shows the movement between the outturn reported to Cabinet and the final Comprehensive Income & Expenditure statement position.

The key 'accounting related' movements are:

- £27.0m of depreciation and impairment charges on non-current assets with an opposite adjustment included for the minimum revenue provision charge of £12.9m;
- £17.5m of capital grants and contributions applied during the year, are now recognised in full in the Comprehensive Income & Expenditure Statement.
- £6.0m revenue expenditure which has been allowed to be funded by capital under statute.
- £11.5m relating to the difference between pension costs chargeable under regulation and those under accounting requirements;

Following these adjustments, the Council has achieved a balanced 'funding' basis, following the agreed transfer of £326k to earmarked reserves by Cabinet in its June 2017 meeting.

Capital

Total capital expenditure in 2016/17 was £32.4m (£25.8m in 2015/16). The main items within this figure are shown below:

Regeneration, Investment & Housing	8,990	8,395	(595)
People & Business Change	1,199	404	(795)
Law & Regulation	189	183	(6)
Adult & Community Services	782	890	108
Children & Young People Services	55	54	(1)
Streetscene & City Services	5,087	3,670	(1,417)
Total Capital Expenditure	35,350	32,393	(2,957)

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The most significant capital expenditure during the year related to:

- £18.8m on schools including projects within the 21st Century School programme;
- £2.0m on management of assets across the Council;
- £1.6m on Housing Renovation schemes including disabled facilities and energy efficiency grants;
- £3.0m on delivering the regeneration schemes within year 3 of the Vibrant & Viable Places Programme.

The Council has continued to fund most of its capital programme spend from 'cash' resources as opposed to new borrowing. Given its strong cashable reserves position, it has, over a number of years, pursued a general policy of drawing down its cash reserves rather than taking on new borrowing and use short term borrowing to maintain required liquidity. This is cheaper and also ensures it reduces counterparty investment risks.

As highlighted in this foreword, there have been significant disposals during 2016/17 with receipts in year totalling £5.1m. Usable capital receipts currently stands at £11.7m, with the large majority of this being earmarked to finance the remaining of the Band A 21st Century schools programme and the remainder will be built into the new capital programme being developed during the current year.

(2) Balance Sheet – the Council's Reserves, Provisions and Contingencies

The Balance Sheet shows a 'snapshot' of the Council's assets and Liabilities as at 31 March 2017, including its reserves.

Key aspects however include its reserves and provisions it holds to cover on-going risks as these are integral to its financial planning and management of risk in its on-going operations, pension deficit and the impact of Friar's Walk funding. These are summarised below:

Usable reserves

The Council continues to have a strong balance sheet position with usable reserves of £107.2m an increase of £5.9m. This provides a good platform to meet future challenges and risks. As detailed in note 10 the earmarked reserves have been categorised into the following:

- Risk reserves - £20.6m - these cover the Council for future risks that they face, including insurance reserve, friars walk reserve, and pay reserve.
- Enabling reserves - £23.8m - these allow the funding for the Council to enable change and efficiency, these include Invest to Save and Usable Capital Receipts Reserves.
- Smoothing reserves - £47.2m – these reserves smooth out the timing difference between the funding received and actual funding of certain areas of expenditure, the main one being the PFI reserves of £46.0m, which will fund the expenditure of the PFIs over the next 25 years.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

- Other reserves - £4.2m – these are earmarked for specific expenditure for the short term, these include funding schools budgets in 2017/18 and funding spending priorities as agreed by Cabinet as part of the 2016/17 outturn.

As is evident from the above, all the reserves are earmarked for specific purposes and in the majority of cases these are committed and there is little scope to utilise these reserves for other purposes.

Reserves are an integral part of medium term financial planning and management of risk and the increased level of earmarked/specific reserves have been necessary to cover risks and future pressures that the Council faces, as well as put aside funding for one-off spending priority plans for the Council in 2017/18 and capital receipts from significant disposals during the year. The following reserves have seen increases during the year to cover these areas:

- £1.1m set aside to fund the transfer from reserves for schools for 2017/18 as per the agreed budget.
- £900k new earmarked reserve for investment plans in 2017/18 as agreed by Cabinet in the financial year.
- £3.7m net capital receipts which are required to be set aside for future capital expenditure.
- £3.8m transfer to the friars walk reserve from the net surplus of interest charges in the year.
- £570k into the PFI reserve, which is the final transfer into the reserve before the reserve begins to be utilised.

The transfers above show why there has been a significant increase in reserves, but the majority of these are likely to be fully utilised in 2017/18, and with a new four year capital programme being developed from 2018/19, and an ongoing change and efficiency programme there will be an increasing call on other significant reserves including the capital expenditure reserve and invest to save reserve.

Note 10 to the Statement of Accounts lists the Council's main cashable reserves and the movements within those reserves in 2016/17 and balances at 31 March 2017.

Unusable reserves

Also detailed on the balance sheet are unusable reserves which are non-cash backed reserves which allow for significant accounting adjustments as to not impact on the council tax payer during the year.

Impact of Pension Deficit on Reserves

The Council participates in the Local Government Pension Scheme. Employees and employers contribute into the fund and along with investment income and growth generated; the funds are used to pay its pension obligations. The Fund is valued every three years to assess if the assets are sufficient to fund its pension obligations, taking account of actuarial assumptions of members' life expectancy, investment returns, value of pensions paid out etc. A valuation was undertaken in 2016, which identified a need to increase the contribution to the fund, due to an increased deficit valuation of the fund. The Council will be building these pressures into the MTFP, when these contributions increase from 2018/19 onwards.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

On an annual basis, and for the purpose of providing information to meet pension's costs reporting regulations, the scheme's actuaries provide an interim update. As at 31 March 2017, this assessed the scheme as in deficit at £324.7m.

However, this position must not be taken out of context. The fund is there for the long term funding of pensions. Therefore, this deficit on the pension scheme and its impact on the Council's overall reserves is also a long term issue – the deficit and liability would not arise in any single year. The deficit is currently being addressed over the long term by increased employer and employee contributions in the 2016/17 year on-going, as well as the pension scheme benefits being calculated differently, such as moving to career average salaries as opposed to final salary.

Further details on pension balances and transactions can be found in Notes 40-41.

Provisions

Provisions are funds set aside on the balance sheet to meet likely liabilities. They are reviewed each year and in particular, an assessment of what new issues and risks are in place which may require sums to be identified and set aside is made.

Following our assessment of risks, total short term provisions increased slightly by £39k to £5.7m, however within this there is a £1.1m increase in the accumulated absences provision which is a cashable provision and therefore does not impact on the Council's outturn but is showing on the CIES.

Other significant movements in provisions include:

- Successful settlement of equal pay payments which has reduced the £966k provision to nil.
- Release of the landfill fines provision of £214k due to not being required to pay fines in relation to missing 2015/16 recycling targets.
- Decrease in the energy provision due to paying a large amount of historic outstanding energy bills due to problems with British Gas billing.

The long-term provision for landfill capping has also increased slightly during 2016/17 following a review of the future estimated liability by the service area. This has meant the provision has increased by £52k to £5.803m. This provision is capitalised and therefore is charged to revenue via the prudent Minimum Revenue Provision. The provision includes long-term estimated values for after care costs over 60 years, which were part of a full review during 2016/17.

Details of the movements of individual provisions are shown in Note 23.

Contingencies

A number of contingent liabilities are disclosed in the Statement of Accounts (Note 43). No financial provisions have been made for these as they are in relation to events where the Council has little influence or control over, uncertainty whether they will actually happen, whether there will be any financial impact and if so, how much. However, where applicable, the Council have taken a prudent approach and put funds aside within reserves to deal with two of the issues disclosed, as noted below.

However, along with the provisions Note 23, it gives the reader of the Statement of Accounts information about the financial risks facing the Council. For 2016/17, contingent liabilities disclosures covered:

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

- 1 Municipal Mutual Insurance (MMI) run off claims, where Newport City Council may be required to meet the balance of remaining claims;
- 2 On-going insurance claims against Newport City Council, for which no provision is justifiable at this point under accounting regulations. A reserve of £1.7m has been set aside to fund these potential risks however.

Debtors - Friars Walk

Within the short-term debtors on the balance sheet is an amount of £83.0m in the relation to the principal amount outstanding due from the loan provided to Queensberry Ltd for the development of the Friars Walk complex. The successful sale on the 9th June 2017, meant that Queensberry were able to pay off the full amount of the principle debt which will be accounted for in the 2017/18 financial year. Due to this the contingent liability in relation to this debt which has featured in the Council's accounts for the last few years has not been included in these accounts. There are further details of the transaction included in note 4 to the Statement of Accounts.

(3) Material Assets/Liabilities

Other than outlined elsewhere in this foreword, the Council has not taken on any other material assets or liabilities during the year.

(4) Future Changes to Accounting Policies

There were no material changes to accounting policies during 2016/17, however at its meeting on 8 March 2017, the CIPFA/LASAAC Code Board decided not to proceed with the introduction of the Highways Network Asset Code into the financial reporting requirements for local authorities. The Board decided that, currently and in particular in the absence of central support for key elements of the valuation, the benefits are outweighed by the costs of implementation for local authorities. The Board determined that it will give further consideration to this issue only if provided with clear evidence that benefits outweigh costs for local authorities.

(5) Non-Financial Performance

Although times are challenging for Newport City Council and the Local Government sector as a whole it is important to consider the positive outcomes in the City and the council's key achievements over the past twelve months. These include:

Law & Regulation

- Performance has improved for the number of broadly compliant food premises from 83% last year to 95% for 2016/17. This is above the Welsh average of 94% from 2015/16.
- The Service Area has continued to make excellent progress with key projects and critical milestones have all been achieved. The new composite work programme and the establishment of the Chairs Group have strengthened scrutiny arrangements and working protocols have

Head of Finance Narrative Report for the Statement of Accounts

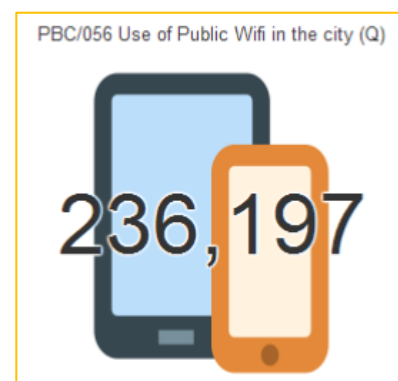

Statement of Accounts 2016/17

Newport City Council

been developed to clarify the relationship between Scrutiny and the Executive.

People & Business Change

- Good progress has been made in providing a simplified and resilient IT infrastructure, including joining the Shared Resource Service as an alternative delivery model for IT with improvements to business continuity arrangements.
- Delivery of digital strategy outcomes with improved connectivity in the city includes the delivery of Wi-Fi in public buildings, public transport and across part of the city centre with a large number of users. The Public Safety Network now hosts the CCTV system for the city. Support has been provided to businesses and national initiatives.
- The Change programme met 95% of its financial targets with the remainder being permanently mitigated.
- The Partnership Team have been supporting both internal and external partners to deliver the requirements of the Well-being of Future Generations Act including the establishment of the Public Services Board, and work on engaging communities to support the Well-being Assessment.
- In February 2017 the Council was assessed against the Corporate Health Standard and awarded Silver status for its work around health and wellbeing of the workforce
- A new apprenticeship scheme for young people launched in September 2016 and working in partnership with Careers Wales, all 12 places were filled for the first year.
- Primary school employee absence has reduced by 32% over the academic year due to close working between Head teachers and HR Business Partners on proactively managing workforce attendance.

Adult & Community Services

- In order to comply with the requirements of the Social Services and Well Being Act 2014 (Wales) there have been fundamental changes to assessment and care planning documentation, recording requirements and the way the offer of service is made. This represents a cultural shift in approach towards prevention and early intervention. The integrated assessment is now fully implemented so there has been a shift in emphasis towards identifying what matters to the individual and capitalising on their own resources to protect independence and deliver improved well-being.
- Areas to note are the implementation of the Reach preventative services Consortium (Newport Support Partnership). This will deliver services across the whole of Newport with a range of providers to offer early interventions to citizens. The principle of the service model means that it fits with the development of Information, Advice and Assistance services offered at the front door of Social Services and compliments the work of the Community Connectors.
- Further development of the Older Persons Pathway and continued collaboration with Health around Frailty and Reablement provision means that there is an evidenced shift towards preventative services for older people. Delayed transfers of care continue to show improvement as the hospital in reach service becomes established and communication and operational links with Health services improve.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

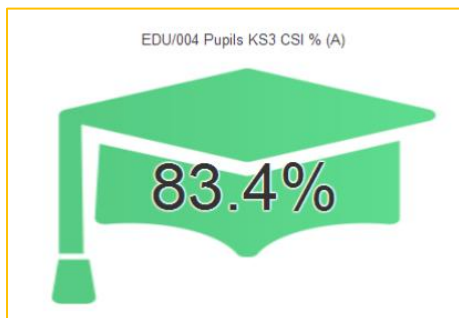

Newport City Council

Children & Young People Services

- The emphasis on safely reducing the number of looked after children has secured a decline in the number of children being looked after with a reduction to 280 as the lowest rate for seven years. There has been a commensurate reduction in the rates of children on the Child Protection register which has now fallen below 100. The number of children in proceedings has declined.
- Children's Services is taking part in a number of research projects with Universities which is a welcome development. While the independent evaluation of the Integrated Family Support Services gives a solid foundation to continue to grow and enhance effective and broad ranging family support interventions.
- The remodelling of the residential care offer is ahead of schedule and has been embraced by external stakeholders as well as staff.

Education

- Performance in the foundation phase continues to improve, with 89.1% of pupils achieving the foundation phase indicator (FPI) in 2016, an increase from 88.1% in 2015. Newport currently ranks 5th in Wales for the FPI when compared with other local authorities, which is significantly above the LA's FSM ranking (16th, 2015 PLASC data).

At Key Stage 3 performance continues to improve, with 83.4% pupils achieving the core subject indicator (CSI), an increase from 81.6% in 2015. There was also a significant increase in performance across Wales and Newport is now ranked 19th in Wales. Performance has improved across all indicators at the expected level 5+ (except science)

and to a greater extent at level 6+ and 7+. Early Indications show that L2 Inclusive performance at Key Stage 4 has increased by 3.1%, improving Newport national ranking position to 15th place.

- The 21st Century Schools Programme has continued to increase nursery provision across the city (in Malpas Park, Marshfield and Mount Pleasant Primary Schools). This meets the Council's vision of creating a seamless learning pathway for pupils between the ages of 3-11.
- The city's first Welsh Medium Secondary School (Gwent Iscoed) opened in September 2016.
- Newport has the highest percentage of green schools in Wales (52.3%) and is again the top ranking LA for yellow and green schools combined (93.2%)
- Newport is ranked 12th in Wales for percentage of green secondary schools (22.2%).

Streetscene & City Services

- Reinstatement of the Pride in Newport initiative has resulted in improvements in the response rate for removal of reported fly tipping incidents. At the end of March 2017 98.65% of reported incidents had been removed within timescales.
- The amount of municipal waste reused, recycled and composted has improved to 61.4% which is above the Welsh average for 2015/16 of 60.2%.

Regeneration, Investment & Housing

- Regeneration, Investment and Housing have undertaken

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

an exciting twelve months in terms of the regeneration of the city centre but also across a wide range of its services.

- Vibrant and Viable Places have seen ongoing regeneration within the city centre, stretching from Cardiff Road all the way through the city to the new Premier Inn near Newport train station. The planning department are working with developers on a number of major planning applications which will support the city in delivering its 2020 vision.
- Community Regeneration have worked closely with a range of partners to provide 504 jobs through the Friars Walk development and continue to see the importance of Newport's Work Based Learning Academy in leading the debate around labour market delivery within Newport.
- Culture and Continuing Learning have been developing some excellent pilot programmes through the library service and supporting Heritage projects across the city.

Performance Against Improvement Plan Objectives

In April 2016 full Council approved the eight Improvement Objectives in the Improvement Plan for 2016-18. Performance against priorities within the Improvement Plan is monitored throughout the year by Cabinet. Quarterly report to Cabinet track progress against the delivery of the eight Improvement Plan objectives:

- Improving independent living for older people
- Ensuring people have the right social services to meet their needs
- Ensuring people have access to suitable accommodation
- City regeneration and development
- Supporting young people into education, employment or training
- Ensuring the best educational outcomes for children
- Increasing recycling
- Improving outcomes for youth justice

At the time of preparing the initial Statement of Accounts, performance information was available up to Quarter 3 as reported to Cabinet on 20th March 2016.

FUTURE DEVELOPMENTS – LOOK FORWARD

(1) Financial Resilience

It should be noted that whilst the Council's outturn for 2016/17 was favourable and allowed funds to be set aside in the earmarked reserves, there continued to be overspending within some service areas, in particular within Social Care on community care and out of authority placements and pressures within StreetScene and underlying issues still remain in those areas. In addition, a number of prior year savings remain outstanding in terms of deliverability, in particular those within the StreetScene area. Furthermore, new 2017/18 budget

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

savings remains a key area of risk to be monitored as the year unfolds. The Council has a general contingency in its base budget which provides short-term mitigation to these issues and protects the overall budget but the resolution to these outstanding issues are key considerations in ensuring the Council's base budget is robust in going forward.

Level of Reserves

The level of Earmarked Reserves (excluding Council and School Funds) has increased since 2011/12 to 2016/17 from £57.4m to £95.9m, the key movements are detailed earlier in this foreword. This provides the Council with a level of resilience against future uncertainties and risks, and also allows the smoothing of expenditure where the future impact on funding or expenditure is significant i.e. PFI reserves. As detailed in the earlier paragraph on reserves, the vast majority of these reserves are committed and therefore there is little scope to use these reserves for alternative purposes, including the funding of future budget pressures.

The graph below shows the increase in both the level of earmarked and council fund reserve from 2014/15 to 2016/17.

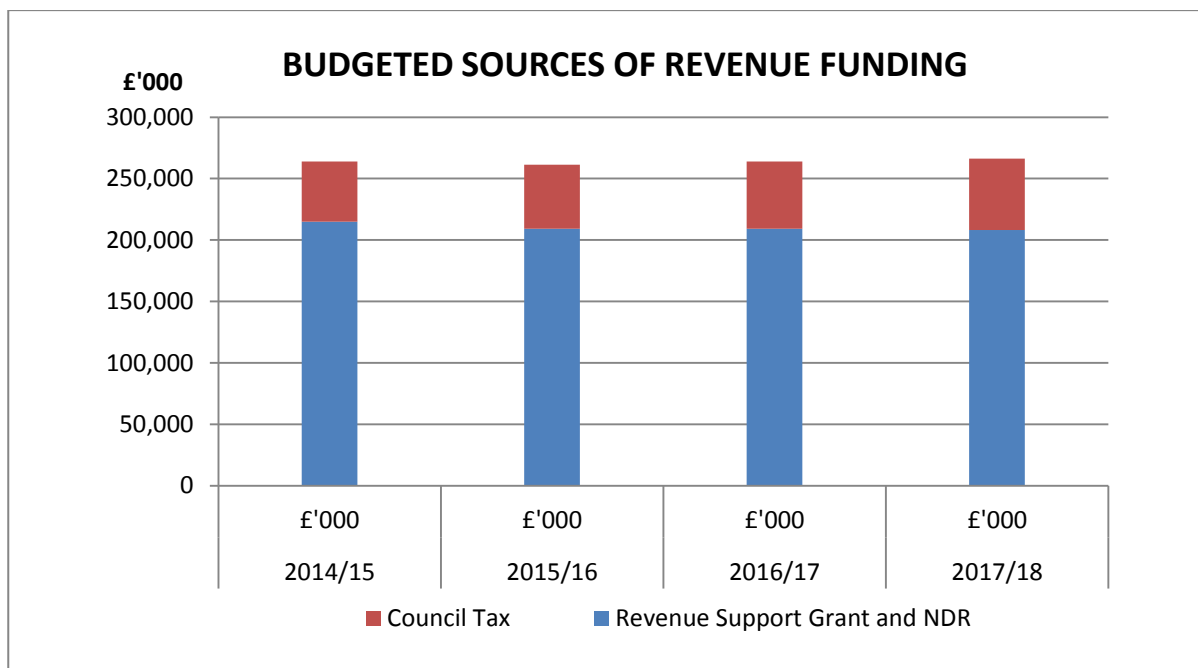

Sources of Funding

The graph below shows the reliance the Council has on Central Government funding, and its sources of revenue funding. Revenue Support Grant and redistribution of Non Domestic Rates made up approximately 80% of our funding. This is a key risk to the Council as reductions in Central Government funding have a significant impact on the funding the Council achieves.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

As has already been mentioned elsewhere in this foreword, the increasing financial challenges being faced by this Council, with others, will dominate how we plan, structure and deliver services in the future. I am confident that the Council has a strong position to take this forward in terms of enabling funds.

(2) Medium Term Financial Plan (MTFP)

The Council developed and implemented its 'Prospectus for Change 2013-17' in 2013. It underpinned the Council's MTFP at that time and the Council's Corporate Plan 'Standing up for Newport'. The document outlined a range of improvement initiatives which the Council would implement over a 4 year period, which was supported by detailed business plans, and included the detailed change and other saving proposals to meet the predicted financial challenges known at that time.

The worsening financial challenges and revenue grant financial settlements from Welsh Government (WG) necessitated Cabinet to further develop its existing medium term organisational changes and plans so that once again, the Council had an organisational plan that delivers key services which are financially sustainable. In that respect, a document titled 'Newport 2020' was approved by Cabinet in February 2016 which, in broad terms, maps out the general direction of travel for service areas over the medium term.

Whilst this is currently the approved overarching framework for delivering future change programmes within the Council, the development of a new Corporate Plan in 2017/18 may change detailed plans as necessary. The Corporate Plan and supporting detailed plans will need to be developed in the context of on-going financial challenge on funding to ensure the Council delivers on key priorities whilst ensuring financial sustainability of services in the medium to long term.

The MTFP presented is the articulation of the financial challenges and the current organisational change programmes and savings over the next 4 years. It includes those service changes/ savings which have already been approved for these years from the February 2016 Cabinet meeting and new proposals. As a 4 year plan, it should be noted that this document will inevitably develop and change as assumptions are updated or confirmed for future years.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Council's financial strategy continues to maintain key services to the public, develop improvements in how services are delivered and fund key priorities including City centre regeneration.

	2017/18 £'000	2018/19 £'000	2019/20 £'000	2020/21 £'000	TOTAL £'000
Pressures					
Inflation	2,151	3,501	3,586	3,682	12,922

Balance - @ -2% WG reduction	N/A	12,576	13,074	14,087	39,737

Significant one-off costs will be required to implement these change and efficiency projects. As highlighted previously there are enabling reserves set aside for these future costs including the invest to save reserve.

In addition to the MTFP, the Council will be developing the next five year capital programme beginning in 2018/19. The level of capital expenditure within this programme will have an impact on the revenue costs included within the MTFP. There are a number of significant demands for capital spending in the next programme including the 21st Century Schools Band B programme 2019-25, Cardiff Capital Region 'City Deal', City Centre regeneration projects, and change programme. All of these will need to be analysed with the focus of affordability within the MTFP.

(3) Risk and Performance

As part of setting the Councils future budgets, key consideration is given to the risks the Council faces and the improvement objectives that the Council has put in place. The Council maintains a corporate risk register and an Improvement Plan, this next section looks at these and identifies how they are dealt with currently in setting out the Councils 2017/18 and medium term budgets.

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Risk

The Council maintains a corporate risk register which is regularly reviewed by the Corporate Management Team and Cabinet, as well as the Audit Committee from a procedural/risk management framework viewpoint. The Council's budget strategy and MTRP framework needs to reflect risks and incorporate appropriate financial mitigation, where required. The table below lists the current approved corporate risks reported to Cabinet which will then require further on-going review from our budget strategy viewpoint.

Table 1. Corporate Risk Register as at 31st March 2017

Ref	Risk	Description	Probability x Impact = Score			Responsible Officer
			Probab ility	Impact	Score	
High Risks						
2	Increasing Ageing Population	That an increasing percentage of the population are over 65 are this puts an increasing strain on demand led services, particularly those that are statutory in nature and significant budgetary overspends	4	4	16	Strategic Director - People
Medium Risks						
1	Legislative Requirements	That new legislative requirements potentially place significant duties on the Council that it cannot fulfil (resulting in adverse judgements from regulators, significant fines and potential court proceedings and/or existing services are compromised)	3	4	12	Chief Executive
3	Capacity and capability to meet the councils objectives	That there are not skills and/or capacity within the workforce to deliver both operational services and also the pace of change needed to modernise services and balance the budget.	4	3	12	Chief Executive
4	Budget Challenge	That the continuing need for significant annual savings is increasingly difficult to achieve and that could compromise organisational capacity and service delivery including statutory services	4	3	12	Chief Executive
5	Safeguarding	That the arrangements and the implementation of policies and procedures by the council (and its partners) are not adequate to	2	4	8	Strategic Director - People

Head of Finance Narrative Report for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

		protect vulnerable adults and children who may be at risk of significant harm				
6	Investment in Friars Walk Development	That the development does not realise its target value and the developer is unable to sell or re-finance the scheme to repay the loan	4	3	12	Strategic Director - Place
7	City Deal	That the SE Wales region, which includes Newport CC, cannot conclude a city deal within the timescales and as a result misses the opportunity to secure investment to improve economic outcomes for the communities of the city	3	3	9	Chief Executive
8	Brexit	That the financial implications of leaving the European Union have a negative impact on the councils financial position	3	3	9	Chief Executive

The impact of these challenges is reviewed as part of the financial monitoring process and through the Corporate Risk Register, both of which are reported regularly to the Cabinet and the Senior Management Team. The Council's Audit Committee also regularly review the Corporate Risk Register.

CONCLUSION

In summary, as from the foreword above 2016/17 has been a challenging year, with the continuation of austerity, increased pressures and ongoing savings, but the Council has managed these well and has shown a good outturn position and strong financial resilience.

The challenges are set to continue into 2017/18 and beyond, with significant challenges on setting a balanced Medium Term Financial Plan and increased pressures on the Capital Programme, which the strong balance sheet, a good track record of delivery of savings and delivery budgets within target should help achieve.

Statement of Responsibility for the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Head of Finance;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the Statement of Accounts

The Head of Finance's Responsibility

The Head of Finance is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Head of Finance has:

- Selected suitable accounting policies and then applied them consistently
- Made judgments and estimates that were reasonable and prudent
- Complied with the Local Authority Code.

The Head of Finance has also:

- Kept proper accounting records which were up to date
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Head of Finance Certificate

I certify that the Statement of Accounts set out in pages 49 to 149 give a true and fair view of the financial position of Newport City Council at 31 March 2017 and its income and expenditure for the year ended 31 March 2017.

1 This Statement has been prepared in accordance with guidance produced by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives and Senior Managers (SOLACE); the 'Delivering Good Governance in Local Government Framework 2016' and 'Delivering Good Governance in Local Government Guidance Notes for Welsh Authorities 2016'. It embraces the elements of internal financial control required by the 'Code of Practice on Local Authority Accounting in the United Kingdom'.

2 Scope of Responsibility

2.1 Newport City Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law and to proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government (Wales) Measure 2009 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to strategic effectiveness, service quality, service availability, fairness, sustainability, efficiency and innovation.

2.2 In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions and arrangements for the management of risk.

2.3 The Council's financial management arrangements conform to the governance requirements of the 'CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010)'.

2.4 The Code of Corporate Governance, which is consistent with the principles of the CIPFA/SOLACE Framework 'Delivering Good Governance in Local Government', was initially approved by Cabinet and then Council in July 2013 with a further update approved by Cabinet in July 2014. A copy of the Code can be obtained from the Head of Finance. The Code will be revised in accordance with 'Delivering Good Governance in Local Government Framework 2016' and 'Delivering Good Governance in Local Government Guidance Notes for Welsh Authorities 2016' in due course. This statement explains how the Council has complied with the CIPFA /SOLACE Framework and Guidance, and also meets the requirements of the Accounts and Audit (Wales) Regulations 2014.

3 The Purpose of the Governance Framework

3.1 The governance framework comprises the systems and processes, and culture and values, by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

3.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

3.3 The governance framework has been in place at the Council for the current year 2016/17, and up to the date of approval of the statement of accounts.

4 The Governance Framework

4.1 The Council's Code of Governance will be revised in line with the following principles:

Overarching requirements for acting in the public interest:

- Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- Ensuring openness and comprehensive stakeholder engagement

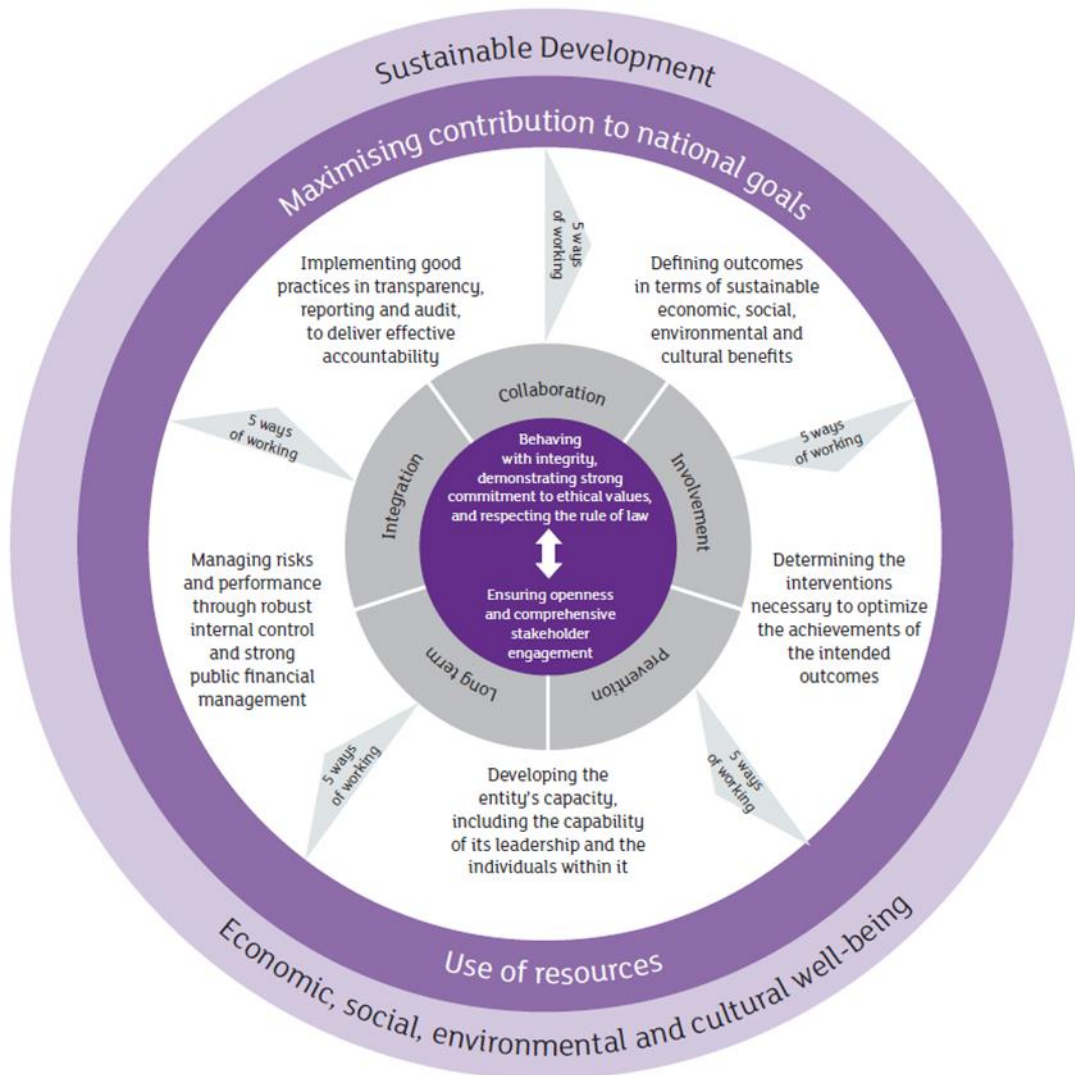

Achieving good governance in the public sector also requires effective arrangements for:

- Defining outcomes in terms of sustainable economic, social, and environmental benefits
- Determining the interventions necessary to optimise the achievement of the intended outcomes
- Developing the entity's capacity, including the capability of its leadership and the individuals within it
- Managing risks and performance through robust internal control and strong public financial management
- Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

4.2 The diagram below brings together the above principles of good governance with the requirements of the Well-being of Future Generations (Wales) Act 2015. It shows sustainability as all-encompassing. The core behaviours of:

- behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law; and
- ensuring openness and comprehensive stakeholder engagement

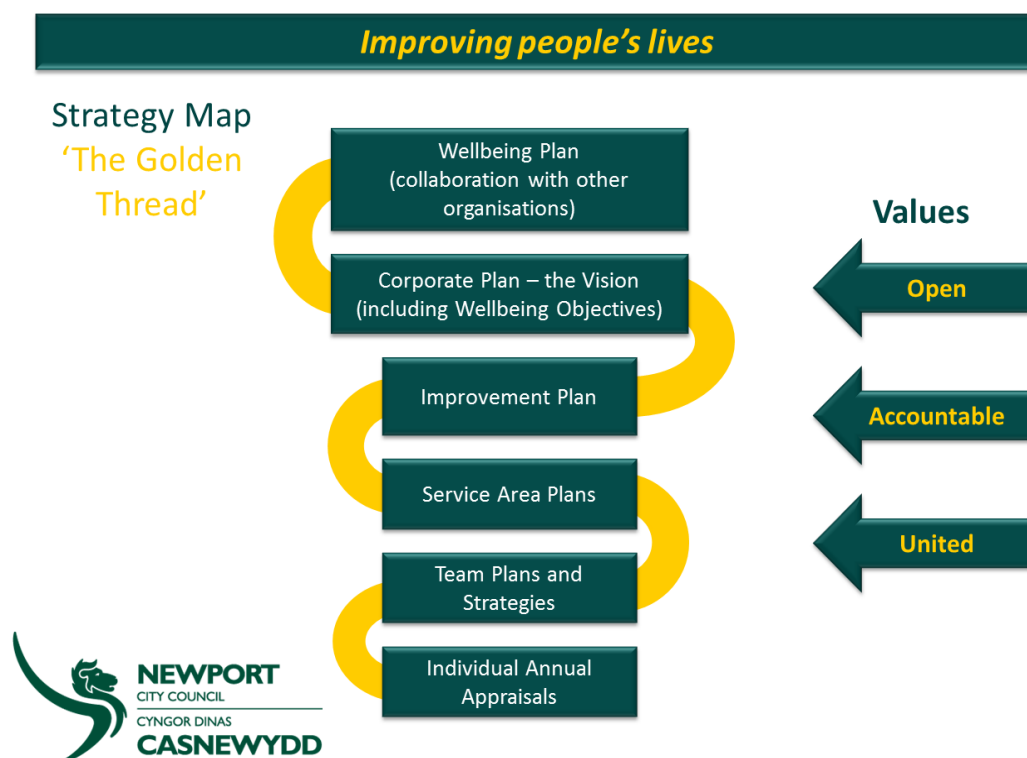

This needs to be applied to the five ways of working outlined in the 2015 Act. These five ways of working have to permeate all segments of delivering outcomes which, in turn, should ensure effective use of resources as the Council maximises its contribution to the economic, social, environmental and cultural well-being of Wales

- 4.3 The Council's vision is to be "recognised as a high performing Council, ensuring the right services are provided to our communities, our councillors and our staff".
- 4.4 The Council's mission is 'Improving people's lives – providing the best affordable services'.
- 4.5 The Council's Corporate Plan for 2012-2017 "Standing Up For Newport" sets out the 5 year vision for the Council. The strategy is set out in the Corporate Plan and these have been adopted as the Council's Improvement Objectives: Newport is
- 4.5.1 A Caring City;
 - 4.5.2 A Fairer City;
 - 4.5.3 A Learning and Working City;
 - 4.5.4 A Greener and Healthier City;
 - 4.5.5 A Safer City;
 - 4.5.6 Supported by an improving and transformed City Council
- 4.6 The [strategic planning process](#) shows how the corporate plan fits in with the improvement plan and other key plans and strategies in Newport.

Delivering the Corporate Plan

- 4.7 The intended outcomes agreed in this plan set the key priorities for the Council. This plan should not be viewed in isolation it makes up part of the strategic planning map or golden thread that integrates the plans and strategies of the council. The corporate plan sets the vision and direction for the council and sits below the Wellbeing Plan which is set in collaboration with partners. The strategic direction flows down from the corporate plan and the actions to deliver the vision flow up from individuals who every day work contributes to the performance and delivery of the vision.

- 4.8 This plan has been produced at a time of significant financial challenge within the public sector, the workforce and budgets must be carefully planned and managed to ensure that we can deliver what we have set out to do; this is done within each service area in their service plans. The actions planned by service areas will contribute to the delivery of the corporate plan. Service plans are set in conjunction with cabinet members and scrutiny committees to ensure oversight and accountability for the delivery of the actions. Service plans are available on our website for all staff and citizens of Newport to see what is planned for the year ahead and how it will be managed and monitored.
- 4.9 Because this corporate plan spans more than one year it will need to be reviewed regularly to adapt to ongoing changes during the lifetime of the plan to ensure that it remains relevant to changing national priorities.
- 4.10 The plan sets out clearly our priorities and demonstrates our commitment to improving social, economic, environmental and cultural well-being and promoting sustainable development.

Monitoring the Corporate Plan

- 4.11 An annual statement of progress is presented to members and senior officers and published so that it can be shared with all employees and members of the public to present an open and transparent view of the how the council is working towards its vision and objectives and how further work will be focused to ensure further improvement.
- 4.12 Actions set out in services plans and the improvement plan will contribute to the delivery of the objectives, and these will also be presented to members for challenge and appraisal.
- 4.13 The Wales Audit Office regulates the activities of the council and will provide assurance on council's ability and progress in delivering its vision.
- 4.14 The Well-being of Future Generations (Wales) Act (WFG Act) became law in Wales on 29 April 2015. The Act is about improving the social, economic, environmental and cultural wellbeing of Wales. It will make the public bodies listed in the Act, including the Council, think more about the long term, work better with people and communities and each other, look to prevent problems and take a more joined-up approach. Part 2 of the Act requires the Council to set and publish Well-being Objectives that are designed to maximise our contribution to the achievement of the seven Well-being Goals for Wales specified in the Act [[link - Newport's Well-being-objectives](#)].
- 4.15 The Welsh Government and the Future Generations Commissioner have made it clear that duties to set and report on wellbeing objectives should not be treated as separate from any objectives that guide and steer the actions and decisions of organisations e.g. Improvement Plan objectives. They have also set out that planning and reporting processes should be aligned and integrated. The Council's well being objectives and statement were agreed by Cabinet in March 2017 and will form part of the Corporate Plan for 2017 onwards [[Cabinet Report](#)].
- 4.16 The [Improvement Plan](#) is the delivery vehicle for the Corporate Plan. The Improvement Plan summary leaflet highlights what the Council is aiming to do and how it is going to measure its success towards the aims set out above; 8 Improvement Objectives were agreed by Council in April 2016, these will be revised once the new corporate plan is developed:
1. Supporting young people into education, employment or training
 2. City regeneration & development
 3. Improving independent living for older people
 4. Ensuring people have the right social services to meet their needs
 5. Improving educational outcomes for children
 6. Ensuring people have access to suitable accommodation
 7. Preventing offending and re-offending of young people
 8. Increasing recycling
- 4.17 The One Newport Local Service Board (LSB) Single Integrated Plan (SIP) (Cabinet February 2013) – 'Feeling good about Newport 2013-17' represents the combined strategic planning intent of a partnership of the key public service providers in Newport which includes the Council – for improving the quality of life in terms of the social, economic and environmental well-being of the whole community. Following the introduction of the WFG Act during 2016/17 the [Public Services Board \(PSB\) \[link\]](#) was established to replace the LSB; its first meeting was held in May 2016. Newport's PSB will monitor performance against the Single Integrated Plan (SIP).
- 4.18 PSBs were established by the Well-being of Future Generations (Wales) Act 2015 and must work in accordance with the sustainable development principle and achievement of the seven wellbeing goals by:
- assessing the state of the city's economic, social, environmental and cultural wellbeing;

- setting local objectives that are designed to maximise their contribution within the city to achieving those goals;
- taking all reasonable steps to meet those objectives.

4.19 The priority themes within the SIP are:

- Economy and Skills;
- Health and Well-being;
- Safe and Cohesive.

There are also 2 overarching themes (Tackling Poverty and Vulnerable Groups) that the core themes should consider when developing their plans and priorities. In light of the Wellbeing of Future Generations (Wales) Act 2015 and the establishment of a PSB there is a requirement for statutory members to develop a Wellbeing Plan that will be published no later than May 2018, with the current SIP remaining in place until then.

4.20 The Council's stakeholders are consulted in regard to determining the priorities needed to realise the vision set out in the Corporate Plan, Improvement Plan, SIP, and the service-planning process establishes and communicates those priorities and means of achieving them.

4.21 The Council's Risk Management Strategy requires the proactive participation of all those responsible for planning and delivering services in identifying, evaluating and managing significant risks to the Council's priorities, services and major projects. The risks and the controls necessary to manage them are recorded in the respective service plans, and any required improvements to controls are monitored to ensure implementation. One of the requirements of the WFG Act is to use the wellbeing goals and five ways of working to frame risks in short, medium and long term; and steps to manage them.

4.22 Processes are in place to ensure the economic, effective and efficient use of resources and for securing continuous improvement in the way that functions are exercised. This is supported by reviews undertaken by the external auditors and inspectors, and co-operating with the Welsh Government and as part of the wider collaborative agenda.

4.23 The Chief Executive and the Strategic Directors are accountable for ensuring that the Council Priorities are delivered, and performance against key targets is regularly monitored via the performance management framework, In-Phase.

4.24 In order to ensure the successful delivery of services and completion of projects, central guidance and support is provided in respect of procurement and project management.

4.25 The Constitution, [\[April 2017 update\]](#) which can be found on the Council's website, sets out:

- how the Council operates and makes decisions;
- the procedures to ensure that decision-making is transparent and accountable to local people and other stakeholders;
- the key roles of all members and senior officers, including the lead responsibilities for corporate governance of the Leader, the Chief Executive and other designated senior officers;
- a scheme of delegated powers for decision-taking;
- responsibilities for reviewing and agreeing the Council's corporate governance arrangements;
- arrangements for ensuring it is regularly reviewed and updated;
- its related codes and protocols.

- 4.26 The Council takes its decisions by way of the full Council meeting or the Executive. The Executive comprises the Cabinet working as a collective. Decisions are also taken by individual Cabinet Members and Chief Officers. The Scheme of Delegation and the Terms of Reference which are included in the Constitution, make it clear at which level decisions are taken. Agendas, reports, decision schedules and minutes of all meetings of the Council or the Cabinet are available to the public by way of the Council's website except in exceptional circumstances where reports are not available to the public as they may contain exempt or confidential matters. Any minutes or decisions arising from the consideration of such reports are, however, available to the public via the website. Report and Decision schedules showing decisions taken by individual Cabinet Members are also available to the public via the website except in similar exceptional circumstances.
- 4.27 Every report considered as part of the decision making process by Members must contain comments by the Council's Monitoring Officer and by the Section 151 Officer and (where there are staffing issues) by the Head of People and Business Change. The report template ensures report authors consider potential risks, equalities, WFG and financial implications of their proposals.
- 4.28 The Council appointed 3 Scrutiny Committees to assist in policy development and also to hold the executive to account:
- Learning, Caring and Leisure Scrutiny
 - Street Scene, Regeneration and Safety Scrutiny
 - Community Planning and Development Scrutiny

Each Committee is politically balanced and the chairs are allocated in proportion to the number of seats held by political groups. The focus of these is changing for 2017/18 to better reflect the Strategic Directors portfolios.

- 4.29 In response to the Local Government Measure the Council established an Audit Committee and a Democratic Services Committee. Agendas, reports, decision schedules and minutes of all meetings of these Committees are available to the public by way of the Council's website except in exceptional circumstances where exempt or confidential matters are discussed. The Audit Committee has appointed an independent chairman; he is not part of the political structure of the Council.
- 4.30 There are robust arrangements for effective financial control through the Council's accounting procedures, Financial Regulations and Contract Standing Orders (CSOs), revised May 2016. These include established budget planning procedures, which are subject to risk assessment, and regular reports to members comparing actual revenue and capital expenditure to annual budgets. The Head of Finance is responsible for the proper administration of the Council's financial affairs, as required by Section 151 of the Local Government Act 1972. Procedures for tendering and contract letting are included in the CSOs. The Council's Treasury Management arrangements follow professional practice and are subject to regular review by the Council's Audit Committee and full Council.
- 4.31 The ethical governance framework includes:
- codes of conduct for officers and members, which are reviewed, updated and tested for compliance;
 - a protocol governing Member/Officer relations;
 - a whistle-blowing policy widely communicated within the Council and which is regularly reviewed;
 - registers of personal and business interests for Members and Chief Officers;
 - an agreed policy and associated corporate procedures for ensuring that complaints about services can be properly made and investigated, and for ensuring that any lessons can be applied; and

- the Strategic Equality Plan and Equality Objectives 2016-2020 (Cabinet February 2016).
- 4.32 The Head of Law and Regulation is the designated 'Monitoring Officer' in accordance with the Local Government and Housing Act 1989, and ensures compliance with established policies, procedures, laws and regulations. After appropriate consultation, this officer will report to the full Council in respect of any proposals, decisions or omissions which could be unlawful or which have been subject of an Ombudsman investigation resulting in a finding of maladministration.
- 4.33 Established anti-fraud, bribery and corruption arrangements provide a deterrent, promote detection, identify a clear pathway for investigation and encourage prevention. These include procedures designed to combat money-laundering, the anti-fraud, bribery and corruption policy and the whistleblowing policy.
- 4.34 The Audit Committee considers the work of internal and external auditors and the responses to audit recommendations. It also has responsibility for approving the Annual Statement of Accounts and its associated reports (which include this statement).
- 4.35 All reports to Scrutiny Committees Cabinet Members and Cabinet incorporate a risk assessment. Scrutiny Committees also consider and monitor service plans, and partner delivery plans which include the key risks of service provision within that area, Single Integrated Plan and Education Achievement Service (EAS) for example.
- 4.36 Internal Audit operate to the standards set out in the Public Sector Internal Audit Standards (PSIAS) and its role and status is set out in the Council's Internal Audit Charter. The Chief Internal Auditor is accountable to the Head of Finance and the Audit Committee.
- 4.37 The Chief Internal Auditor reports to the Audit Committee a summary of audit findings for each quarter, and also reports annually an opinion on the overall adequacy and effectiveness of the Council's internal control environment, governance arrangements and risk management processes. The overall opinion for 2016/17 was 'Reasonable'.
- 4.38 The Council has an objective and professional relationship with its external auditors and statutory inspectors, as evidenced by the Annual Information Risk Report. This can be found on the Council's website. The Council is subject to external compliance requirements such as the Wales Audit Office high level risk assessments for its financial systems and information and technology, and the extensive requirements of Public Services Network (PSN) compliance, assessed annually by the Cabinet Office, and Payments Card Industry Data Security Standards (PCI-DSS).
- 4.39 Local Authorities collect, store, process, share and dispose of a vast amount of information. The Council must meet its statutory responsibilities effectively and protect the personal information it holds throughout its life cycle and invest in security measures to ensure compliance with data and information security standards as outlined in the Digital Strategy 2015-2020.
- 4.40 Following adoption of the Information Risk Management Policy in 2013 the Council has defined roles and responsibilities for information risk as:
- The Senior Information Risk Owner (SIRO) has high level responsibility for controls relating to information security and the role is undertaken by the Head of Law & Regulation (independent of operational responsibilities);
 - Information Asset Owners (IAO's) must effectively manage the information assets that they own;
 - The Information Management team are the operational lead on information governance in conjunction with the IT Service;

- The Information Governance Group provides a high level management overview of information governance;
- The Council's Information Risk Register is maintained by the Information Management team to document and manage risks, reported annually.

- 4.41 The Council is required to meet statutory obligations regarding the handling of data; the Information & Technology (now Digital) Strategy incorporates an Information Risk Management Policy which outlines roles and responsibilities for information risk management. This ensures that the requirements of legislation, including the Data Protection Act 1998, Environmental Information Regulations 2004 and the Freedom of Information Act 2000 are met and that the risks around information are managed appropriately. The Information Risk Management Policy also formalised the requirement for an Annual Information Risk Report which was reviewed by Scrutiny Committee before being reported to the Deputy Leader in July 2016.
- 4.42 The Annual Information Risk Report provides an annual assessment of the Council's information governance arrangements and key risks, supported by an action plan. The highest level information risks are escalated in the Corporate Risk Register as appropriate.
- 4.43 The Standards Committee, which includes a majority of independent representatives, advises on and monitors the Member Code of Conduct, the Protocol for Member/Officer Relations, and any other Codes relating to the conduct of Members.
- 4.44 The Council's recruitment procedures provide equality of employment opportunities. An equality-assessed pay structure to meet the requirements of the Single Status Agreement of 1997 was implemented in April 2015.
- 4.45 Agreed arrangements enable the Council to comply with statutory requirements in respect of child protection and the protection of vulnerable adults. Recruitment procedures help to ensure that Council employees and Members working with children or vulnerable adults are checked for their suitability to do so.
- 4.46 In accordance with its statutory responsibilities, the Council has in place a Health and Safety Policy and related procedures.
- 4.47 The Education Service is responsible for three statutory committees which challenge, monitor and support the delivery of statutory functions. The committees are made up of Council officers, representative Headteachers and external partners. These committees are the Schools' Forum, the School Admission Forum and the Early Years Development & Childcare Partnership.
- 4.48 In terms of Transparency, the Council has a separate page on its website to demonstrate its commitment to being open and transparent. It gives information on how to make a freedom of information request; publishes business rates data sets; details of councillors allowances and expenses; all payments to its suppliers >£500; its staff grading structure along with its pay and reward policy; details of pupil numbers in Newport schools.
- 4.49 In line with the Local Government Measure a separate Democratic Services Committee was established during 2012/13 along with a Chief Democratic Services Officer; this committee meets quarterly dealing with national consultation exercises, national policy and Members codes and development.

5 Review of Effectiveness

- 5.1 The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Senior Leadership Team within the Council which has responsibility for the development and maintenance of the governance environment, the Chief Internal Auditor's annual report, and also by comments made by the external auditors and other review agencies and inspectorates.
- 5.2 The governance arrangements continue to be regarded as fit for purpose in accordance with the governance framework.
- 5.3 The processes that have been applied to maintain, review and improve the effectiveness of the governance framework include:
- i) periodic reviews of the Constitution and ethical governance arrangements by the Monitoring Officer;
 - ii) periodic reviews of the financial controls by the Chief Finance Officer;
 - iii) formal risk management and regular on-going review of the processes involved;
 - iv) the Internal Audit function, whose work takes account of identified risks through regular audits of the major systems, establishments and major projects in accordance with the annual internal audit plan, and which includes 'follow-up' work to ensure that Heads of Service implement agreed management actions;
 - v) the work of the Scrutiny Committee and other Committees, including its Standards Committee and Audit Committee;
 - vi) the opinions and recommendations of the Council's external auditors and other inspection and regulatory agencies;
 - vii) regular monitoring of performance against the Improvement Plan and service plans and of key targets, and reporting of this to senior management and members;
 - viii) the outcomes of the Annual Information Risk Report are monitored quarterly by the Information Governance Group
 - ix) progress against the Single Integrated Plan (SIP) is monitored by scrutiny and the PSB twice a year.

6 Principle A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

- 6.1 The Council's Constitution was updated in March 2017, although this was not fully accessible to the public and contained out of date information. The Council's Contract Standing Orders and Financial Regulations were reviewed, update and approved by Cabinet in June 2016.
- 6.2 In May 2016 The Standards Committee was advised of the revised Model Code of Conduct which amended the mandatory provisions of the current Members Code of Conduct. It was formally adopted by Council on 17 May 2016.
- 6.3 The Protocol for Member/Officer relations will be considered at the Democratic Services Committee in 2017/18 for recommendation to Council. The Monitoring Officer provided an overview of the Ethical Standards Training to the Standards Committee in February 2017.
- 6.4 Training on data protection and information governance was provided to Members.
- 6.5 Information security training was delivered to schools in February 2016.
- 6.6 In order to monitor all key Council decisions for fairness a new 'Fairness Commission' was established which was the first Fairness Commission in Wales. Members of the Fairness Commission were chosen to represent a range of interests, experiences and backgrounds from across the city, including education, trade union

Annual Governance Statement

Statement of Accounts 2016/17

Newport City Council

equality groups, faith communities and the two main political parties in the Council. The Fairness Commission is chaired by an academic from the University of South Wales.

- 6.7 Reviews of the Council budget proposals have been undertaken by the Fairness Commission. It was also involved in the development of a training package for elected members.
- 6.8 Induction training for employees covers code of conduct, expected standards of behaviour and the importance of the whistleblowing policy. These documents are also available on the staff intranet.
- 6.9 A revised Whistleblowing Policy was commended in March 2015 and a confidential helpline set up. In 2016/17 there were no incidents of whistleblowing recorded.
- 6.10 There were no successful “call-in” challenges to decisions on procedural grounds and no judicial review challenges on grounds of legality during the year.
- 6.11 1 complaint of Member misconduct made to the Ombudsman in 2016/17 involving a City Councillor; the Ombudsman decided not to investigate. Therefore, there were no referrals to the Standards Committee and no findings of misconduct or breaches of the Member Code.
- 6.12 The Ombudsman had issued the Council with his Annual letter for 2015/16 which set out information relating to the numbers of complaints of maladministration and misconduct which were referred to his office during this period relating to Newport City Council and its Councillors.
- 6.13 The Number of complaints received in Newport was below the Welsh average, in particular, serious complaints of maladministration. Most of the complaints received by the Ombudsman were discontinued or resolved. There were no findings of maladministration or misconduct during 2015/16. In Newport’s case, whilst the volume of complaints increased this mostly lead to a satisfactory outcome. There were no public interest reports.
- 6.14 All waivers of the Contract Standing Orders and urgent decisions are reported through the Audit Committee quarterly. The Internal Audit team continues to deliver awareness raising sessions on the importance of compliance with these Contract Standing Orders.
- 6.15 The Audit Committee has the power to call in a Head of Service and Cabinet Member to hold them to account for addressing required improvements to the internal control environment within their service area.
- 6.16 35 Internal Audit opinions were issued in 2016/17. The overall opinion on the adequacy of the internal control environment for 2016/17 was **REASONABLE**. In 2015/16 the overall opinion was Reasonable.

	2014-15	2015-16	2016-17
Very Good	0	0	N/A
Good	8	9	7
Reasonable	21	17	22
Unsatisfactory	5	8	5
Unsound	0	0	1
Total	34	34	35

- 6.17 Management have agreed to implement the action points in order to address the weaknesses identified and Internal Audit will be following this up in 2017/18. 86% of agreed management actions for 2015/16 had been implemented by management.
- 6.18 Reasons why the outcome of some internal audit reviews were deemed to be unsatisfactory were presented to Audit Committee; the Head of Service had been called in to the Audit Committee to provide assurances that appropriate action would be taken to make the necessary improvements.
- 6.19 The audit opinions are about the level of assurance provided regarding the adequacy of the internal control environment, governance arrangements and risk management processes in place within a particular service area or establishment at a particular point in time. They are not a reflection of how well the service is delivered or the establishment is run.

7 Principle B: Ensuring openness and comprehensive stakeholder engagement

- 7.1 The Scrutiny Annual Report is produced for the Council meeting in July each year.
- 7.2 The Scheme of Delegation sets out responsibilities for decision making. The Council's website includes the Cabinet and Cabinet Member decisions / Member profiles. The Scrutiny Handbook was updated in 2013/14. Development of Customer Insight to better understand our communities. Dissemination of ward meeting minutes.
- 7.3 The majority of meetings are held in public as shown from Committee agendas and minutes which are then available on the website. The Council now broadcasts Council meetings and Planning Committees live on the internet and is working towards webcasting other formal member meetings. Live tweets are broadcast from Newport's account.
- 7.4 Social media, Twitter and Facebook for example, is increasingly being used to engage local people and communicate the corporate message.
- 7.5 Individual Cabinet Members can make decisions under the scheme of delegation; agendas and decisions for all Cabinet Members are published on the Council's website.
- 7.6 From May 2016 Public Service Board (PSB) papers were published online on the One Newport partner website to ensure transparency, as were agenda and minutes of the Single Integrated Plan Board.
- 7.7 Public engagement and consultation is key to the WFG Act. One of the five ways of working is Involvement - *the importance of involving people with an interest in achieving the well-being goals, and ensuring that those people reflect the diversity of the area which the body serves*. This is now considered in all Cabinet Member reports through changes in the report template.
- 7.8 As part of Newport City Council's commitment to being open and transparent it publishes its data on the website which the public is free to view and use www.newport.gov.uk/transparency. Examples of open data sets:
- 7.8.7 Newport Matters production costs
 - 7.8.8 Pupil Numbers
 - 7.8.9 Public health funerals
 - 7.8.10 Council Pay & Grading

- 7.8.11 Payments to suppliers
- 7.8.12 Councillor allowances & expenses
- 7.8.13 Business rates
- 7.8.14 Freedom of Information

School Reorganisation Programme

- 7.9 The Council undertook the 2016/17 school reorganisation programme in accordance with the Welsh Government statutory School Organisation Code. The programme included the following proposals:
- 7.9.15 Extension of the age range of Langstone Primary School
 - 7.9.16 Establishment of a new primary school – Jubilee Park Primary School
 - 7.9.17 Establishment of a new special school – Ysgol Bryn Derw
 - 7.9.18 Amalgamation of Malpas Church in Wales Infant School & Malpas Church in Wales Junior School
 - 7.9.19 Amalgamation of Duffryn Infant School & Duffryn Junior School
 - 7.9.20 Amalgamation of Milton Infant School & Milton Junior School
- 7.10 Each consultation was supported by full stakeholder engagement as outlined in the statutory code. This included the publication of detailed consultation packs and a children and young people summary version, distribution of response forms, drop-in sessions and meetings with the school councils of the relevant schools. Following each consultation, a consultation report was prepared and published which outlined how the consultation was carried out, who was engaged and the relevant responses. These reports were provided as annexes to the Cabinet Member report which approved moving to the next stage in the process – publication of the statutory notice.
- 7.11 The statutory notice is the stage at which legal objections can be lodged against proposals. It is pleasing to note that no legal objections were lodged in respect of any of the proposals in the 16/17 programme. As a result, the final decision of approval could be taken by the Cabinet Member for Education & Young People in accordance with Council's agreed democratic process.
- 7.12 The Local Council works closely with the governing bodies of all schools across Newport and as key stakeholders they are consulted where appropriate on all matters.
- 7.13 The Council has responded to Freedom of Information Act requests within the required 20 days:

	2014-15	2015-16	2016-17
No' of FOI requests	895	914	1087
No' responded to within 20 days	785	844	914
Percentage of FOIs responded to within 20 days	88%	92%	84%
			Target 88%

8 Principle C: Defining outcomes in terms of sustainable economic, social, and environmental benefits

- 8.1 The Corporate Plan, as outlined above, sets out clearly the Council's priorities and demonstrates its commitment to improving social, economic, environmental and cultural well-being and promoting sustainable development.
- 8.2 The One Newport Local Service Board (LSB) Single Integrated Plan (SIP) (Cabinet February 2013) – 'Feeling good about Newport 2013-17' represents the combined strategic planning intent of a partnership of the key public service providers in Newport which includes the Council – for improving the quality of life in terms of the social, economic and environmental well-being of the whole community. Following the introduction of the WFG Act the [Public Services Board \(PSB\)](#) [link] was established to replace the LSB. No single organisation can meet the total needs of a community, so there is a requirement to plan and deliver services in collaboration with other public and private sector organisations.
- 8.3 The SIP identifies key priorities and programmes that the LSB will work towards achieving over a set period of time. These priorities have been identified as those where the PSB and other key stakeholders must work together to achieve success as outlined above.
- 8.4 The One Newport Local Service Board annual report 2015/16 was taken to the Public Services Board in June 2016. Progress against the Single Integrated Plan 2016/17 was presented quarterly to the Public Services Board, and also to Scrutiny Committee.
- 8.5 The Council's Corporate Plan demonstrates its commitment to 'Improving people's lives'. The corporate plan will be rewritten in 2017, and will incorporate the Council's wellbeing objectives as required by the WFG Act.
- 8.6 The 2016-2018 Improvement Plan was presented to Cabinet in April 2016 which stated the 8 improvement objectives and included feedback from scrutiny committee consultation. These are linked to the themes in the Corporate Plan 2012-2017 and are centred around the sustainable economic, social and environmental benefits.
- 8.7 In September 2016 Cabinet received a progress report to Q1 on the Improvement Plan 2016-2018; overall assessment of progress towards achieving the Improvement Objectives set out in the plan was classed as 'Green – Good.'
- 8.8 In December 2016 Cabinet received a progress report to Q2 on the Improvement Plan 2016-2018; the overall assessment for Q2, of progress towards achieving the Improvement Objectives set out in the plan is classed as 'Green – Good', meaning that good progress is being made overall. Three objectives improved from 'Amber – Acceptable' in quarter 1 to 'Green – Good' in Q2:
- 8.8.21 Ensuring people have the right social service to meet their needs
 - 8.8.22 City Regeneration and Development
 - 8.8.23 Increasing recycling
- 8.9 In March 2017 Cabinet received a progress report to Q3 on the Improvement Plan 2016-2018; the overall assessment of progress towards achieving the Improvement Objectives set out in the plan is classed as 'Green – Good.' IP3 Ensuring people have access to suitable accommodation has been rated Amber – acceptable. Good progress is being made overall.
- 8.10 A review of the Improvement Plan 2016-2018 was presented to Cabinet in January 2017. A review at this point would ensure that the content of the objectives set at the start of 2016 was updated to

remain relevant and meaningful for the second year. Extensive consultation had been undertaken before the eight priorities were set last year. The updated Plan demonstrates continuous improvement in the eight areas that are focused on and to contribute to the Wellbeing goals. Members were concerned about the impact of a reducing budget on the requirements for continuous improvement.

- 8.11 The Wales Audit Office issued the Council with Certificate of Compliance following an audit of the Council's Improvement Plan 2016 - 2018 which went to Cabinet in June 2016, confirming the Council had discharged its duties under sections 15(2), (3), (8) and (9) of the Measure and had acted in accordance with Welsh Government guidance sufficiently to discharge its duties; the WAO would encourage the Council to include more detail regarding national comparative data in its assessment of performance.
- 8.12 In a report to Cabinet in October 2016, the WAO provided an update of progress the Council had made against its 2015/16 review; "the Council has made progress against all the recommendations made in our Corporate Assessment follow-up report, but some further work remains to ensure these are addressed fully".
- 8.13 In January 2017, the Annual Improvement Report 2015/16 was presented to Cabinet. This report is compiled each year by the WAO and brings together regulatory reports that have been received throughout the year from the WAO and other regulators such as ESTYN, CSSIW etc. The WAO form an overall opinion of whether the Council is likely to meet its duty to demonstrate continuous improvement by looking at the findings of these reports.
- 8.14 Based on 2015/16 regulatory work the WAO have concluded that the Council is likely to meet its statutory duty to demonstrate continuous improvement in 2016/17. Cabinet members referred to continuing improvements in a number of service areas and welcomed this positive outcome.
- 8.15 Progress has been made in ensuring that the Strategic Director's vision of 'Every Child, Every Chance, Every Day' is shared and understood by Education Service staff and schools. This also forms the basis of the foreword to the Education Service Plan which is a public document. The Strategic Director's vision links to the Corporate Plan and Medium Term Financial Plan.
- 8.16 The Annual Report of the Director of Social Services was presented to Cabinet in July 2016. This report is an evaluation of 2015/16 performance for Social Services and it identified, 'Key Messages,' that were learnt from the service's experience during the year and from listening to the views of key stakeholders, particularly service users and carers. It provides a view of the service and the challenges that it continue to face; in summary the service provides good quality social care services with a clear vision and with excellent collaborative working, there is significant evidence that the service is helping to 'Improve People's Lives'. Social Services has the confidence and support it needs from the political administration, and the Director was confident that the service is well placed to meet the challenges of the Social Services and Wellbeing Act 2014
- 8.17 2016/17 service planning incorporated an understanding of customer needs, service area outcomes and improvement priorities, performance management and monitoring, an action plan to achieve the outcomes, an assessment of service related risk, an acknowledgement of regulators' proposals for improvement and an equalities impact assessment.
- 8.18 A Prospectus for Change 2013-17 – Improving People's Lives – Providing the Best Affordable Services was introduced in 2013/14, with an update presented to Cabinet in October 2014. This was refreshed with Newport 2020 which went through Cabinet in February 2016.

- 8.19 Reports were taken through the Scrutiny process during the year which linked service plans to the Council's policies, priorities and objectives. The agendas and minutes of which became public documents available through the Council's website.
- 8.20 Communication is important to Newport; the Annual Statement of Accounts 2015/16 was taken through the Audit Committee process before being endorsed by Cabinet and Council. All Council decisions, reports and questions asked by Members are available on the website; as are Cabinet Member decisions, Audit Committee reports, Performance Board and the work of the Scrutiny Committees. Headline figures of the Council's financial position were included in the Council tax leaflets distributed with all bills. Financial information, Improvement Plan progress, Council activities, achievements, developments, updates and events were included in Newport Matters which is distributed to every household in the City, is also available on the Council's intranet and website.
- 8.21 Equality Impact Assessments are required by law under the Equality Act 2010. Newport's assessments also examine 'Fairness' and the Welsh language to ensure that the needs of other vulnerable people are considered, as well as the effect on different areas within Newport. A range of these were undertaken during 2016/17 which have been published on the Council's website.
- 8.22 The Public Services Board review includes the monitoring of targets to ensure policies are delivering the agreed outcomes to ensure services are effective, focused on local people and improved quality of life in the City. In terms of measuring the environmental impact of policies, plans and decisions, the Council is working with the Welsh Local Government Association as one of 10 lead authorities for sustainability, and this will also form part of the Wellbeing Assessment and Wellbeing Plan work.

9 Principle D: Determining the interventions necessary to optimise the achievement of the intended outcomes

- 9.1 The Local Council is a partner in the South East Wales Consortium Schools Causing Concern protocol. This Policy forms a part of, and is aligned with, the National Model for School Improvement in relation to the informal support and challenge provided by the Local Authority (LA) to a school prior to any issuing of a warning notice or invocation of formal powers of intervention based on the six grounds for intervention. It also aligns with the Welsh Government (WG) Guidance on Schools Causing Concern (March 2016).
- 9.2 Where the Education Service has concerns with schools' performance it can consider adding additional governors to support and improve the governance arrangements.
- 9.3 To ensure that users receive a high quality of service, service plans were reviewed mid-year and at the end of the year through Scrutiny. The Customer Complaints Policy is available on the website, where the public can also report a problem or concern via the 'Report it' option on the web front page.
- 9.4 Cabinet members hold Heads of Service to account with the achievement of their service plans monitoring objectives and performance.
- 9.5 Regular reporting into Cabinet, Scrutiny and Audit Committee enables the achievement of the Council's objectives to be challenged and appropriate action plans put in place to address any identified issues so that the intended outcomes can be achieved.
- 9.6 Dealing with customer complaints helps Newport to identify and deal with failures in service delivery and look for opportunities to improve. The Council's complaint / compliment procedure is available on the web site. The following table shows the number of complaints received for the past three years:

	2014/15	2015/16	2016/17
Stage 1 Complaints	387	293	
Stage 2 Complaints	50	34	
Complaints to Ombudsman	8*	9	
Customer Feedback / Compliments	227	128	

* The Ombudsman reviewed the complaints but did not investigate any of them

- 9.7 The Customer Services Strategy included a target of increasing the number of people using online services – monitored by Customer Service and Digital Innovation service plan within Streetscene and City Services.
- 9.8 And where things are not working as well, the Performance Board recognised the shared role of Cabinet Members in performance against Improvement targets. The Performance Board also recognised the role of scrutiny in looking at any systematic failures. Newport is learning from its mistakes. The implementation of action plans continued across the board with the Corporate Assessment, Improvement Plan, Estyn Inspections, service plans and internal audit reports.

10 Principle E: Developing the entity's capacity, including the capability of its leadership and the individuals within it

- 10.1 Councillor programmes have been held mainly based on their various roles within the Council. The Democratic Services Committee recognised the Council needed to do more to base the programme on individual needs as identified by Councillors. To this end the Committee agreed to pilot a series of interviews with the Organisation Development team to participate in this pilot.
- 10.2 There is an on-going programme of events for Members involved in Planning & Licensing Committees and Sub Committees. In February 2016, the Democratic Services Committee responded to a WLGA document on what they considered to be mandatory training for Members.
- 10.3 Embedded Appraisal arrangements for Chief Officers are in place, including:-
- Chief Executive's Annual Appraisal;
 - Chief Executive's one to one meetings with Strategic Directors;
 - Executive Directors' one to one meetings with Heads of Service;
 - Appraisal of Chief Officers (Heads of Service).
- 10.4 The majority of employees have undertaken the 'my review' process. This ensures that all officers and managers reflect on continued professional development (CPD) opportunities which are needed to improve their skill, knowledge and understanding base. Corporate Health Measures were taken to the Performance Board in June 2015.
- 10.5 Core Skills training is available through Organisational Development aligned to our corporate values with specific training available on topics such as Customer Care, Stress Management and Equality and Diversity.
- 10.6 Management Capacity is being developed through:-

- A mandatory introduction to Management programme for new line managers;
 - Further In-house management development modules for middle managers
 - Aspiring Leaders Programme delivered in partnership with the University of South Wales
- 10.7 Senior Management lead Cabinet Member briefings on a regular basis. Briefings stimulate discussion around the need for Member training. These considerations are followed up with Democratic Services, ensuring that an appropriate and timely Members training programme is planned.
- 10.8 Scrutiny is leading a programme of training and support aimed at improving challenge and scrutiny. The Gwent Scrutiny Challenge is being undertaken in partnership with Gwent colleagues and with support from Welsh Government's Scrutiny Development Fund, Wales Audit Office, Welsh Local Government Association and Centre for Public Scrutiny.
- 10.9 Developing the Relationship between Cabinet and Scrutiny was a major focus of both the National Scrutiny Study and the Corporate Assessment, highlighting the need to clarify roles and responsibilities of Cabinet and Scrutiny. Regular meetings have taken place to further develop the relationship between Scrutiny and the Executive.
- 10.10 The scheme of delegation in the constitution sets out the various responsibilities of Members and Officers. This is updated as required via the Democratic Services Committee. Standing Orders and the Constitution were updated to take account of the requirements of the Local Authorities (Standing Orders) (Wales) (Amendment) Regulations in July 2014.
- 10.11 The Democratic Services Committee reviewed the Constitution (September 2015), taking into account the outcome of the Council's Corporate Assessment and proposed a new more logical structure. The role descriptions were further reviewed during the year.
- 10.12 Appropriate and relevant job descriptions were in place for the Chief Executive, Senior Leadership Team (SLT), Monitoring Officer and Head of Finance.
- 10.13 To ensure agreed procedures and all applicable statutes are complied with the Monitoring Officer attends all Council meetings; authors of all scrutiny, Audit Committee, Cabinet, Council reports need to obtain comments from the Monitoring Officer, Chief Finance Officer and the Head of People and Business Change before submission. All reports taken in 2016/17 included such comments.
- 10.14 A protocol on Members / Officers relations is included within the Council's Constitution and this was reviewed by the Standards Committee during 2013/14. The Procedure for Dealing with Complaints of Breaches of the Members' Code of Conduct was reviewed in March 2015. A Planning Committee Code of Best Practice is also in place.
- 10.15 Remunerating Members - The Members' scheme is now determined by the Independent Remuneration Panel. A report on any discretionary payments is presented to the Council following consideration by the Democratic Services Committee. The Schedule of Member Remuneration 2015/16 was published on the website.
- 10.16 In order to effectively monitor service delivery, the Performance Board monitors the Improvement Plan and addresses areas of under-performance; Performance Board agendas and minutes. Service plans are monitored by the Scrutiny Committees as evidenced in minutes.

Partnerships / Collaboration Working

- 10.17 Partnership and Co-operative Principles (Outcome Agreement) is included within the Council's Improvement Plan with its aim being to support the delivery of public sector reform by working

collaboratively with our partners to improve outcomes for the City. A single plan for partnership working in Newport is being delivered via the “One Newport” Public Services Board (Single Integrated Plan) – current themes are Economy and Skills, Health and Wellbeing, and Safe and Cohesive Communities.

- 10.18 The establishment of the Education Achievement Service (EAS) for 5 South East Wales Education authorities in 2012 including Newport, has appropriate governance arrangements in place. The EAS Business Plan for 2016-2019 was taken through Scrutiny in March 2016.
- 10.19 Prosiect Gwyrdd is a key partnership Newport is involved in with 5 neighbouring local authorities (Cardiff, Vale of Glamorgan, Caerphilly and Monmouthshire); Newport’s Contract Waste Profile was reported to Cabinet March 2012. This partnership is covered by an Inter-Authority Agreement (IAA).
- 10.20 The Gwent Frailty Programme was launched in April 2011. The Frailty Programme is a multi-agency partnership aimed at improving Intermediate Care services in Gwent and spans the Aneurin Bevan Health Board (ABHB), 5 Local Authority partners and a number of voluntary sector organisations.
- 10.21 In One Place obtained Cabinet support in November 2013 to facilitate collaboration between Aneurin Bevan Health Board (ABHB), the five local authorities and Housing Associations within Gwent with the aim of streamlining the process of developing suitable accommodation for people with complex health and social care needs in Gwent.
- 10.22 One Newport Public Services Board (PSB) includes health, police, colleges, local government, housing, third sector and central government; it has a shared strategic purpose detailed in the Single Integrated Plan with terms of reference and the Performance Management Framework. The Public Services Board was created in 2016 following the WFG Act. The terms of reference of the board will be reviewed in 2017/18 at the first meeting following a local government election as required by the WFG Act,
- 10.23 The South East Wales Improvement Collaborative (SEWIC) Fostering Group is a working group to develop a marketing strategy, with the objective of creating a unified brand to represent all 10 of the local authorities in South East Wales. It reports to SEWIC Board of Social Services Directors.
- 10.24 In July 2015 Cabinet was informed of the Team around the Cluster which is a collaboration between schools and public services (health, social care, police) designed to meet the needs of vulnerable children. The model had been tested with two pioneer clusters (Llanwern and Newport High) and there had already been significant improvements in the lives of vulnerable children and families and Head Teachers have given their support to this initiative.
- 10.25 In 2016/17 a business case was developed for delivery of IT services as a partnership with the Shared Resource Service (SRS). The SRS is a collaborative ICT provision in South East Wales that comprises Gwent Police Authority, Monmouthshire County Council, Torfaen County Borough Council (TCBC) and more recently Blaenau Gwent County Borough Council. The SRS is underpinned by a Memorandum of Understanding (MoU) that enables a single management structure across the board.
- 10.26 Between 25th January and 9th February 2017 Council approval was received from each of the ten authorities, including Newport City Council, within the Cardiff Capital Region for the establishment of a Cardiff Capital Region Joint Cabinet to deliver the commitments in the City Deal Heads of Terms document. The Accountable Body, City of Cardiff, will ensure that there is a means of managing financial, legal and governance arrangements of the Cardiff Capital Region.
- 10.27 There is a Council policy on information sharing along with numerous information sharing protocols with our partners. Information sharing is key to joined up service delivery. The Wales Accord on the

Sharing of Personal Information (WASPI) was developed as a practical approach to multi agency sharing for the public sector in Wales, and Newport signed up to this in January 2011. The Council is required to meet statutory obligations regarding the handling and sharing of data, in accordance with the Data Protection Act 1998. The Information Sharing Policy has been developed to ensure information is only shared appropriately, safely and compliantly.

11 Principle F: Managing risks and performance through robust internal control and strong public financial management

- 11.1 A revised performance management reporting framework was proposed and agreed at Cabinet in September 2016; the Performance Board came to an end, but to ensure the Council continued to meet its statutory duty to demonstrate continuous improvement the monitoring was reallocated through Cabinet, Cabinet Members and Scrutiny Committees.
- 11.2 The year-end Performance Analysis for 2015/16 was taken through Cabinet in October 2016 which showed
- 55% of measures have performed better than target.
 - 52.5% of our service plan measures have performed better than last year.
 - 40% of our service plan measures have performed better than Wales's average.
 - Performance management arrangements had been improved with regular monitoring by the Cabinet and Cabinet Members as well at officer level. The Council had made its targets more difficult to achieve in an effort to push the organisation into improving services. Most indicators in the bottom quartile were improving.
- 11.3 Mid-Year Performance Analysis for 2016/17 was taken through Cabinet in December 2016. The Council continued to meet its obligation to demonstrate continuous improvement in performance. This was against a back drop of cuts to council budgets, more challenging targets and a set of measures which had changed.
- 63% of Service Plan measures are meeting or exceeding their targets
 - 53% of the national measures, met or exceeded the Wales Average for 2015/16
 - 71% of the national measures were performing better than the lower quartile level for 2015/16
 - 71% of the national measures have improved performance when compared to 15/16 year end
 - 71% of the Improvement Plan measures are meeting or exceeding target
- 11.4 A report was taken through Cabinet in October 2016 regarding pupil performance for Foundation Phase, Key Stage 2 and Key Stage 3 at the end of the academic year 2014/15 for schools in Newport. The Cabinet Member referred to excellent performance in the foundation phase. This had improved from 88.1% in 2015, to 89.1%; Key Stage 2 performance remained good with 88.8% pupils achieving the core subject indicator (CSI); Key Stage 3 performance was adequate.
- 11.5 Cabinet were informed of verified pupil performance data at Key Stage 4 and Key Stage 5 in February 2017. The proportion of pupils achieving the Level 2 threshold inclusive of English/Welsh first language and mathematics has improved from 54.2% in 2015 to 57.3% in 2016. The percentage of A levels (A* to E) achieved this year was 96.9%, a decline on last year.
- 11.6 Every Child Group - This is a monitoring group with senior and middle managers from Central Education and representative Headteacher partners to challenge and support Key Performance Indicators and is held half-termly.

- 11.7 Minutes, Agendas & Reports along with their subsequent decision schedules and questions to Cabinet Members are all available on the web site. Council, Cabinet, Scrutiny and Audit Committee reports are available on the Council's website.
- 11.8 The Democratic Services Committee undertook a review of the Council's three scrutiny committees during 2015/16 looking at a re-focus of work programmes in order to achieve a more efficient and effective scrutiny process. The former scrutiny committees will be replaced with 3 new ones in 2017/18 to better represent the Council's structure; Partnerships, People and Place and Corporate. There will also be an Overview and Scrutiny Management Committee.
- 11.9 Audit Committee meets regularly and its activities can be seen via the Council's website; it met 6 times in 2016/17. It received
- The Annual Internal Audit Report 2015/16
 - The Annual Internal Audit Plan 2016/17
 - The Draft Annual Internal Audit Plan 2017/18
 - Quarterly updates from Internal Audit re opinions / performance
 - Standing Order 24 (Urgent Decisions) and Waiving of Contract Standing Orders quarterly reports
 - Treasury Management report and updates
 - Corporate Risk Register quarterly updates
 - Draft and Final 2015/2016 Financial Statements, including the Annual Governance Statement
 - 6 monthly updates on Internal Audit low assurance opinions
 - Regulatory Reports Summary and other WAO reports
 - Feedback from the Audit Committee self evaluation exercise
- 11.10 It challenged the Head of Street Scene and City Services where issues had not been addressed following 2 audit reviews.
- 11.11 To enable good, quality information, advice and support to ensure that services are delivered effectively and are what the community wants / needs, a report template has been developed which helps authors to consider relevant issues in report writing and insists that statutory officers are consulted. Minutes, Agendas & Reports along with decision schedules are all available on the website. Legal / Finance / HR officers attend key meetings to respond to questions as required.

Risk Management

- 11.12 The Council's Corporate Risk Register was updated and taken through Cabinet in June 2016, with 1 high risk and 6 medium risks. It was further updated and presented to Cabinet in September 2016 (8 medium risks), December 2016 (8 medium risks, no changes), April 2017 (1 high and 7 medium risks); updates were also presented to Audit Committee during the year.
- 11.13 Mitigation of risk is incorporated within the risk register, which moves the risk from inherent to residual. The major risks Newport has identified, following an assessment of current controls or mitigation in place; the top 7 risks facing the Council as at March 2016 were as follows:

Annual Governance Statement

Statement of Accounts 2016/17

Newport City Council

	Risk	Risk Assessment	Risk Assessment	Risk Assessment
		August 2016	December 2016	March 2017
1	Legislative Requirements - Medium	12	12	12
2	Increasing Ageing Population - High	12	12	16
3	Capacity and capability to meet the councils objectives - Medium	12	12	12
4	Budget Challenge - Medium	12	12	12
5	Safeguarding - Medium	8	8	8
6	Investment in Friars Walk Development - Medium	9	12	12
7	City Deal - Medium	9	9	9
8	Brexit - Medium	9	9	9

- 11.14 The above figures relate to a likelihood versus impact score where the higher the number, the higher the risk.
- 11.15 The Audit Committee felt that managing the risks faced by service areas was an important aspect of the manager's role and should be part of his / her day to day responsibilities. Further work was required to ensure that risk management became fully embedded within Council operations so that it became more of a living document so that operational managers took greater responsibility for owning and dealing with the risks identified in their areas.
- 11.16 A report template for all formal member and scrutiny reports requires authors to consider risk and its management or mitigation when writing reports.
- 11.17 Heads of Service submitted their 2016/17 service plans to the respective scrutiny forum in July 2016. The plan included an overview of the service area, budget information and links to the medium term financial plan, an understanding of its customers' needs, service area outcomes, service improvement priorities, performance measures, links to corporate priorities and equalities assessments. The key risks for each service area were identified in each of the service plans. Service Plans were reviewed by Scrutiny members in November 2016 to ensure that the delivery of the service was on track and key objectives were being met. These will continue to be reviewed.
- 11.18 Each Head of Service incorporates the keys risks to their service within operational plans which identified the impact, the likelihood and any mitigation in place to manage those risks.

Information Governance

- 11.19 The purpose of the Annual Information Risk Report is to provide an assessment of the information governance arrangements for the Council and identify where action is required to address

weaknesses and make improvements. The 2015/16 report was received by Scrutiny in [June 2016](#) and reported to the Deputy Leader with the Scrutiny Committee comments in July 2016. The 2016/17 report is currently in draft with the Information Governance Group.

11.20 The Annual Information Risk Report forms an important element of information risk management, and includes an action plan. Progress on the actions reported in the 2015/16 report included:

- 550 staff trained on information security since April 2014;
- Information Governance group continues to meet quarterly (Chair changed in line with Wales Audit Office recommendations);
- Further development of a number of policies including Records Management and Incident Reporting;
- High level risks information risk now included in the Corporate Risk Register;
- PSN (Public Services Network) compliance renewed;
- Actions taken to ensure Payment Card Industry standards (PCI-DSS) fully compliant;
- New Information Sharing protocols developed.

(Link) [Annual Information Risk Report 2015](#)

11.21 The Information Commissioner (ICO) recommends that Councils publish information proactively and the Council has adopted the ICO [publication scheme](#) in this respect. The model publication scheme commits the Council to publishing certain classes of information. It also specifies how the Council should make the information available, any charges, and what we need to tell members of the public about the scheme. This has been updated in line with new requirements to provide sets of electronic data on request.

11.22 This year Freedom of Information requests are also available through an online form on the Council's website.

Financial Stewardship

11.23 Where value for money of the public pound is concerned, the budget proposals were examined by a joint meeting of Scrutiny Committees and then by the individual committees as part of the budget process. It is intended that the Medium Term Financial Plan (MTFP) will form the basis of some of the Scrutiny Reviews in the coming year. As part of its review process the internal audit team checks to ensure corporate contacts are being utilised.

Procurement Gateway Process

11.24 In 2015 NCC introduced a 'Procurement Gateway Process' mandatory to follow if seeking to commission or procure goods, services or works over £3,000 in value. The processes are designed to give a consistent approach to procurement across the Council and enable senior management to have visibility of the goods and services being purchased by the Council.

11.25 The Gateway process was implemented due to major reforms in EU legislation for procurement and the Introduction of the National Procurement Service for Wales (NPS), ensuring compliance and transparency.

11.26 The Council needed to ensure that it is in compliance with the new Directives and that it is not purchasing anything that must be sourced via collaborative arrangements such as those by NPS.

- 11.27 For all procurements over £100,000 there is a monthly Gateway Board chaired by the Chief Executive that will approve or reject new Business Cases. The Strategic Procurement Category Managers lead service areas in both the gateway process and submitting business case.

Thresholds:

- 11.28 Up to £3,000 it is necessary only to demonstrate and record that value for money is being achieved.
- 11.29 From £3,000 to £25,000, requirements should either be sought through the 'Quick Quote' section on www.sell2wales.gov.uk or openly advertised on www.sell2wales.gov.uk .
- 11.30 From £25,000 to £100,000 all requirements must be openly advertised on www.sell2wales.gov.uk and tendered using the Council's electronic etenderwales tendering system.
- 11.31 Over £100,000 all requirements must be openly advertised on www.sell2wales.gov.uk and tendered using the council's electronic etenderwales tendering system.

Medium Term Financial Plan

- 11.32 Regular budget / outturn reports for revenue and capital were presented to and approved by Cabinet during the year. The updated MTFP and budget monitoring reports were presented to and approved by Cabinet June 2016, September 2016, November 2016, December 2016, January 2017 and February 2017. The 2016/17 Budget consultation and MTFP were submitted to Council in February 2016; budget proposals also went through the Learning, Caring and Leisure Scrutiny, Street Scene, Regeneration and Safety Scrutiny, Community Planning and Development Scrutiny. The Council recognises that timely and accurate budget monitoring information is essential for effective decision making purposes. A public consultation exercise was also undertaken to determine the 2016/17 budget proposals.

12 Principle G: Implementing good practices in transparency, reporting, and audit to deliver effective accountability

- 12.1 In April 2016 Cabinet supported the establishment of the Regional Partnership Board following the Social Services and Wellbeing (Wales) Act 2014; the partners being Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen local authorities, Aneurin Bevan University Health Board, Torfaen Voluntary Alliance, Gwent Association of Voluntary Organisations.
- 12.2 The WAO's review of progress against its Corporate Assessment of Newport and Corporate Assessment follow up recommendations (2015/16) was presented to and accepted by Cabinet in October 2016. It identified 3 proposals for improvement and determined that the Council has made progress against all the recommendations made in the Corporate Assessment follow-up report, but some further work remains to ensure these are addressed fully.
- 12.3 In December 2016 Cabinet was presented with progress against the action plan **to address the Wales Audit Office recommendations and proposals for improvement (Corporate Assessment)**. The Leader stated that good progress is being made towards achieving the actions and embedding the changes made into our everyday work. The improvement was continuing despite financial and legislative pressures. Quarterly monitoring reports will be presented to Cabinet on the progress towards meeting recommendations and proposals for improvement.

Annual Governance Statement

Statement of Accounts 2016/17

Newport City Council

13 Action Plan

- 13.1 The Wales Audit Office have undertaken a Corporate Assessment and a follow up assessment of Newport City Council. The Corporate Management Team on behalf of the Council, is working on an action plan to incorporate the recommendations of these assessments to further improve and strengthen the governance arrangements and their effectiveness in future years.

14 Conclusion

- 14.1 We propose over the coming year to continually monitor and review the projects within each service area to mitigate and manage these risks to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Independent Auditor's Report to the Members of Newport City Council

Statement of Accounts 2016/17

Newport City Council

Auditor General for Wales' report to the Members of Newport City Council

I have audited the accounting statements and related notes of:

- Newport City Council; and
- Newport City Council Group

for the year ended 31 March 2017 under the Public Audit (Wales) Act 2004.

Newport City Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and the related notes.

Newport City Council Group's accounting statements comprise the Group Movement in Reserves Statement, the Group Comprehensive Income and Expenditure Statement, the Group Balance Sheet, the Group Cash Flow Statement and the related notes.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 21, the responsible financial officer is responsible for the preparation of the statement of accounts, including Newport City Council Group's accounting statements, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Newport City Council and Newport City Council Group's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Narrative Report and Annual Governance Statement to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Newport City Council

In my opinion the accounting statements and related notes:

Independent Auditor's Report to the Members of *Newport City Council*

Statement of Accounts 2016/17

Newport City Council

- give a true and fair view of the financial position of Newport City Council as at 31 March 2017 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17.

Opinion on the accounting statements of Newport City Council Group

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Newport City Council Group as at 31 March 2017 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17.

Opinion on other matters

In my opinion, the information contained in the Narrative Report and Annual Governance Statement is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- The Annual Governance Statement does not reflect compliance with guidance.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Newport City Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

For and on behalf of

Huw Vaughan Thomas

24 Cathedral Road

Auditor General for Wales

Cardiff

Expenditure and Funding Analysis

Statement of Accounts 2016/17

Newport City Council

The Expenditure and Funding Analysis shows how the annual expenditure is used and funded from resources by Local Authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Council's directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement. Corporate Services includes the service areas Directorate, Finance, People and Business Change and Law and Regulation. Other Non Department Costs detail those which are reported under Non service area with the exception of those areas of spend which are detailed in Note 10, 11 and 12 of the Statement of Accounts.

Comprehensive Income and Expenditure Statement

Statement of Accounts 2016/17

Newport City Council

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Gross Expenditure	2015/16 (Restated)		Notes	Gross Expenditure	2016/17

Movements in Reserves Statement

Statement of Accounts 2016/17

Newport City Council

This statement shows the movement in the year on the different reserves held by the Council, analysed into usable reserves (i.e. those that can be applied to fund expenditure or reduce local taxation) and other unusable reserves. The (Surplus) or Deficit on the Provision of Services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement (CIES). These are different from the statutory amounts required to be charged to the Council Fund Balance for council tax setting purposes. The Net Increase / Decrease before Transfers to Earmarked Reserves line shows the statutory Council Fund (surplus) / deficit before any discretionary transfers to or from earmarked reserves undertaken by the Council.

	Council Fund Balance	Earmarked General Fund Reserves	Capital Receipts Reserve	Total Usable Reserves	Unusable Reserves	Total Reserves

Balance Sheet

Statement of Accounts 2016/17

Newport City Council

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use, (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves are those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Cash Flow Statement

Statement of Accounts 2016/17

Newport City Council

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The Statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council

2015/16 £'000 (Restated)		Note	2016/17 £'000
6,778	Net (surplus) / deficit on the provision of services as shown on the Comprehensive Income and Expenditure Statement		14,167

(3,536)	Cash and cash equivalents at the end of the reporting period	20	(472)

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

I ACCOUNTING POLICIES

The Statement of Accounts summarises the Council's transactions for the 2016/17 financial year and its position at the year-end of 31 March 2017. The Council is required to prepare an annual Statement of Accounts by the Public Accounts and Audit (Wales) Regulations 2005, and in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2016/17 and is supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council;
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council;
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet;
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made;
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract;
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

Discontinued Operations

Discontinued operations arise where an activity has permanently ceased; terminates during the period or within three months of the period end; has a material impact on the Council's service provision or on the Council's net expenditure; and the operation has clearly defined assets, liabilities, income and expenditure on operations for operational and financial reporting purposes.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Exceptional Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the Notes to the Statement of Accounts, depending on how significant the items are to an understanding of the Council's financial performance.

Prior Period Adjustments, Changes in Accounting Policies, and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or when the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

Charges to Revenue for Non-Current Assets

Service revenue accounts and central support services are debited with the following amounts to recognise the real cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service;
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off.

The Council is not required to raise council tax to cover these charges but instead has to make an annual provision from revenue to contribute towards the reduction in its overall borrowing requirement. This charge is known as the minimum revenue provision (MRP) and is calculated in accordance with an annual MRP policy approved by the Council.

Depreciation, impairment losses and amortisations are therefore replaced by the MRP in the Movement of Reserves Statement, by way of an adjusting transaction with the Capital Adjustment Account.

Employee Benefits

Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end.

They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date, or an officer's decision to accept voluntary redundancy. They are charged on an accruals basis to the appropriate service in the Comprehensive Income and Expenditure

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Statement when the Council is demonstrably committed to the termination of the employment of an officer or group of officers, or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the Council Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post-Employment Benefits

Employees of the Council are members of two separate pension schemes:

- The Teachers' Pension Scheme, administered by Capita Teachers' Pension on behalf of the Department for Education.
- The Local Government Pension Scheme, administered by Torfaen County Borough Council.

Both schemes provide defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council.

However, the arrangements for the teachers' scheme mean that liabilities for these benefits cannot ordinarily be identified specifically to the Council. The scheme is therefore accounted for as if it was a defined contribution scheme and no liability for future payments of benefits is recognised in the Balance Sheet. The Children's and Education Services line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to Teachers' Pensions in the year.

The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme:

- The liabilities of the Torfaen County Borough (Greater Gwent) pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions around areas such as mortality rates and employee turnover rates, and projections of projected earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate (based on the indicative rate of return on high quality corporate bonds).
- The assets of the Torfaen County Borough (Greater Gwent) pension fund attributable to the Council are included in the Balance Sheet at their bid value
 - Equity securities – quoted prices in active markets
 - Real Estate, investment funds and unit trusts, cash & cash equivalents = quoted prices not in active markets
- The change in the net pensions liability is analysed into the following components:

Service Costs

- **current service cost** – the increase in liabilities as a result of years of service earned this year, allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

- **past service cost** – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years. Debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;
- **net interest on the net defined benefit liability (asset)** - the net interest expense for the Council – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Re-measurements

- **the return on plan assets** – excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure;
- **actuarial gains and losses** – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure

Contributions paid to the Torfaen County Borough (Greater Gwent) pension fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the Council Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits that are earned by employees.

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

Full pensions details are included in Notes 40 and 41.

Events after the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

Fair Value Measurement

The Council measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments such as borrowings and investments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the Council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the Council's financial statements are categorised within the fair value hierarchy as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 – unobservable inputs for the asset or liability.

Financial Instruments

Financial Liabilities

Financial liabilities are contractual obligations to deliver cash or other financial assets or exchange potentially unfavourable assets and liabilities. These are initially measured at fair value and carried at their amortised cost. Annual charges to the Comprehensive Income & Expenditure Account for interest payable are based on the carrying value of the liability, multiplied by the effective rate of interest for the instrument. For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable and interest charged to the Comprehensive Income & Expenditure Account is the amount payable for the year in the loan agreement.

Gains and losses on the repurchase or early settlement of borrowing are credited and debited in the Comprehensive Income & Expenditure Account in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income & Expenditure Account is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Account, regulations allow the impact on the Council Fund Balance to be spread over future years. Where there has been an early repayment and no new loans taken up then the Council policy is to spread the gain or loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

repaid. However, where a new loan has replaced the early repayment, the gain or loss is spread over the term of the new loan.

The reconciliation of amounts charged to the Comprehensive Income & Expenditure Account to the net charge required against the Council Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Statement of Movement in Reserves.

Financial Assets

Financial assets include cash, equity instruments and contractual rights to receive cash or exchange potentially favourable assets or liabilities. In this respect, loans and receivables are initially measured at fair value and carried at their amortised cost. Annual credits to the Income & Expenditure Account for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For the loans the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable and interest credited to the Income & Expenditure Account is the amount receivable for the year in the loan agreement.

The Council does not issue loans to external organisations at interest rates less than market rates, with the exception of loans which are offered in relation to Welsh Government initiatives e.g. the Houses to Homes Scheme.

The Council does not have financial assets that are Available for Sale.

Government Grants and Contributions

Grants and contributions relating to capital and revenue expenditure are accounted for on an accruals basis and recognised immediately in the Comprehensive Income and Expenditure Statement as income. Capital Grants are reversed out to the capital adjustment account as expenditure is incurred. Grants or contributions requiring return if conditions are not satisfied, are held on the balance sheet within creditors until the conditions are met at which point they are recognised in the Comprehensive Income and Expenditure Statement.

Tangible and Intangible Heritage Assets (described in this summary of significant accounting policies as heritage assets)

The Council's Heritage Assets are held in a number of collections in varying locations across the Council. The Council holds collections of heritage assets in order to increase the knowledge, understanding and appreciation of the history and culture of the Council's local area.

Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on property, plant and equipment. However some measurement rules are relaxed in relation to heritage assets as detailed below. The Council's collections of heritage assets are accounted for as follows.

Museum Collection

The Museum collection includes paintings (both oil and watercolour) and lithographs which are reported in the Balance Sheet at market value. The collection is generally re-valued every five years by the most appropriately deemed method. On occasion assets will be re-valued outside of this where they are loaned to other organisations. The assets within the collection are deemed to have indeterminate lives, and a high residual value; hence the Council does not consider it appropriate to charge depreciation.

Acquisitions are made by purchase or donation. Acquisitions are initially recognised at cost and donations are recognised at valuation, with valuations made with reference to appropriate commercial markets for the assets using the most relevant and recent information from sales at auctions.

Library Collection

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Central Library is home to a special book collection, which is reported in the Balance Sheet at market value. The collection is generally re-valued every five years by the most appropriately deemed method. The assets within the collection are deemed to have indeterminate lives, and a high residual value; hence the Council does not consider it appropriate to charge depreciation.

The collection is relatively static, with acquisitions and donations very rare. Where they do occur acquisitions are recognised at cost and donations are recognised at a valuation made with reference to appropriate commercial markets.

Tredegar House – Property and Contents

Tredegar House is a 17th century Charles II mansion and grounds which is reported in the balance sheet at market value. In line with the Council's accounting policies on property, plant and equipment, the property is re-valued every five years, and depreciated over its estimated remaining useful life.

The contents of the property include paintings, furniture and other artefacts of the time period. These items are reported in the balance sheet at insurance value which is based on market values. These insurance valuations will be updated every five years. The artefacts within the collection are considered to have indeterminate lives; hence the Council does not consider it appropriate to charge depreciation.

The collection is relatively static, with acquisitions and donations very rare. Where they do occur acquisitions are initially recognised at cost and donations are recognised at a valuation ascertained by the museum's curators in accordance with the Council's policy on valuations of art collections.

Public Art and Features

The Council holds a large number of public art features, such as murals and statues, on public display throughout the local area. These are reported in the Balance Sheet at market value. The collection is re-valued every five years by the Council's internal experts based on anticipated replacement costs of the art, which is considered to closely represent their market value. The assets within the Public Art collection are deemed to have indeterminate lives, and a high residual value; hence the Council does not consider it appropriate to charge depreciation.

Acquisitions are made by purchase or donation. Acquisitions are initially recognised at cost and donations are recognised at valuation, with valuations made with reference to appropriate commercial markets.

Archaeology

The Council does not consider that reliable cost information can be obtained for the items held within its archaeological collection. This is because of the diverse nature of the assets held and the lack of comparable market values. Consequently the Council does not generally recognise these assets on the balance sheet. However where specific costs can be identified, these will be capitalised, for example the freeze drying requirements of the Newport Ship. Depreciation on these items is considered on a case by case basis. The Council's acquisitions principally relate to the ancient ship discovered in the early 1990's. The Council does not normally make any purchases of archaeological items.

Heritage Assets – General

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for these assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment – see impairment note in this summary of significant accounting policies.

The Council will occasionally dispose of heritage assets which have a doubtful provenance or are unsuitable for public display. The proceeds of such items are accounted for in accordance with the Council's general provisions relating to the disposal of property, plant and equipment. Disposal proceeds are disclosed separately in the notes to the Statement of Accounts and are accounted for in accordance with statutory accounting requirements

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

relating to capital expenditure and capital receipts (again see later notes in this summary of significant accounting policies).

Interest in Companies and Other Entities

The Council has considered the status of its relationships with its partner organisations and where not material these interests in other companies and entities are shown in a disclosure note in the notes to the Statement of Accounts. Newport Transport Ltd are consolidated with Newport City Councils statements in the group accounts.

Inventories and Long Term Contracts

The value of stocks at the year-end is recorded in the Statement of Accounts at historical cost. This valuation is not in accordance with IAS2 or the Code of Practice, which requires the value to be stated as the lower of cost and net realisable value (NRV). Any difference between cost and NRV is considered to be negligible and historical cost has been used for all valuations.

Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's-length. Properties are not depreciated but are re-valued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

Jointly Controlled Operations and Jointly Controlled Assets

Jointly controlled operations are activities undertaken by the Council in conjunction with other ventures that involve the use of the assets and resources of the ventures rather than the establishment of a separate entity. The Council does not recognise on its Balance Sheet the assets that it controls and the liabilities that it incurs and it debits and credits the Comprehensive Income and Expenditure Statement with the only expenditure and income it incurs directly with the operation. It does not include the share of expenditure with or income it earns from the activity of the operation. As a result these have not been incorporated into the 2015/16 or 2016/17 Statement of Accounts.

The joint venture does not involve the establishment of a separate entity. The Council accounts for only its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

Note 47 outlines the income and expenditure of these operations for information.

Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy, where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment (PPE), Investment Properties, or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), and matched by a lease (long-term debtor) asset in the Balance Sheet. The Council currently recognises one such lease debtor in the accounts.

The Council utilises external care home facilities to support its customers' needs. In most instances occupancy is relatively small. However, there are two homes of 4 and 6 beds where occupancy is significant. Notwithstanding

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

this, the valuation of these two properties is small compared to the total PPE asset base and therefore is not included in the figures shown in Note 14.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received); and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the Council Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the Council Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the Council Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

Overhead and Support Service

The costs of overheads and support services are no longer charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Code of Practice. The Statement of Accounts are now disclosed as per the management reporting structure of the Council. The overheads are now reported against where the budget for that spend is sat.

Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred. The Council maintains a de minimus cost of £10,000 for any asset to be capitalised. However where groups of assets e.g. PCs are purchased individually fall below the de minimus level, these will be considered for capitalisation as a group of assets on a case by case basis.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Where the acquisition or creation of IT systems incorporates both physical hardware and licences to use the system, judgement is made as to whether this will be classified wholly as Property, Plant and Equipment or Intangible Assets, as per the CIPFA Code of Practice on Local Council Accounting.

Measurement

Assets are initially measured at cost, comprising all expenditure that is directly attributable to bringing the asset into working condition for its intended use. Assets are then carried in the balance sheet using the following measurement bases:

- Land and buildings – current value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV);
- Non-specialised operational properties – existing use value (EUV);
- Specialised operational properties (such as schools) – depreciated replacement cost (DRC);
- Vehicles, plant and equipment – depreciated historical cost as a proxy for current value on materiality grounds;
- Infrastructure assets – depreciated historical cost or nominal value if unavailable;
- Community assets – historic cost where available, or existing use value (EUV);
- Assets under construction – historical cost; and
- Investment properties and surplus assets – fair value, estimated at highest and best use from a market participant's perspective.

Assets are included in the balance sheet at current value and are re-valued where there have been material changes in the value, but as a minimum every five years. When Assets under Construction are completed, they are valued at the date of completion in line with the appropriate valuation method for the asset type. Valuations are on the basis recommended by CIPFA and in accordance with the statements of Asset Valuation Principles and Guidance Notes issued by the Royal Institution of Chartered Surveyors (RICS).

Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Income and Expenditure Account where they arise from the reversal of an impairment loss previously charged to a service revenue account.

Where decreases in value are identified, they are accounted for by:

- where there is a balance in the Revaluation Reserve the difference between the historic carrying value of the asset and its re-valued value is written off against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance the difference between the historic carrying amount of the asset and its re-valued value (impaired value) is written down against the relevant service line(s) in the Comprehensive income and Expenditure Account.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Valuations are undertaken by Mrs Eirian Jones (MRICS), Senior Estates Portfolio Officer at Newport Norse Ltd.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the Council Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Adopted roads built by developers are in many respects seen as donated assets. Whilst donated assets are required to be measured at fair value at recognition, infrastructure assets are measured initially at historical cost and subsequently at depreciated historical cost rather than fair value.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance in the Revaluation Reserve the difference between the historic carrying value of the asset and its re-valued value is written off against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance the difference between the historic carrying amount of the asset and its re-valued value (impaired value) is written down against the relevant service line(s) in the Comprehensive income and Expenditure Account.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

Asset	Policy	Life
Land	No depreciation charged	
Buildings	Straight line depreciation on estimated remaining life	As advised by Valuer
New roads	Straight line depreciation on estimated remaining life	40 years
Vehicles & Plant	Straight line depreciation on estimated remaining life or over the term of the lease in the case of assets acquired by finance leases	5 - 7 years
Computer Equipment	Straight line depreciation on estimated remaining life	Usually 5 years

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

No depreciation is charged in the year of acquisition or enhancement of an asset, and a full year's depreciation is charged in the year of disposal of a depreciating asset.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Componentisation

Assets purchased or re-valued during the year are reviewed to confirm whether any part of the asset will have a significantly different useful life. Where this is the case the asset will be 'componentised' and the differing parts will be depreciated over their respective useful lives.

However, property assets will only be componentised where the total asset value is £2.5m or greater. These assets are componentised into Buildings, Land, Mechanical and Electrical plant and Externals elements on revaluation.

Non-current Assets Held for Sale and Disposals

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is re-valued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts and are credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Private Finance Initiative (PFI)

PFI contracts are agreements to receive services, where responsibility for making available the required property, plant and equipment needed to provide services passes to the contractor. The Council is deemed to control the services provided under its PFI schemes and as ownership of the property, plant and equipment passes to the Council at the end of the contract, the Council carries the assets used under the contracts within its own balance sheet as part of property, plant and equipment.

The recognition of these assets at fair value (based on the cost to purchase the property, plant and equipment) is balanced by a liability for amounts due to the scheme operator to pay for the assets. Non-current assets recognised on the balance sheet are re-valued and depreciated in the same way as property, plant and equipment directly owned by the Council.

The amounts payable to the PFI operators each year are analysed into five elements:

- Fair value of the services received during the year which recognises performance achieved – charged to the relevant service in the Income and Expenditure Account;
- Finance cost – an interest charge on the outstanding balance sheet liability, charged to Financing and Investment Income and Expenditure in the Income and Expenditure Account;
- Contingent rent – an amount paid in respect of the property during the contract, charged to Financing and Investment Income and Expenditure in the Income and Expenditure Account;
- Payment toward liability – used to write down the balance sheet liability towards the operator;
- Lifecycle replacement costs – recognising elements of the assets require regular replacement and therefore charged to fixed assets on the balance sheet, or revenue as appropriate.

The Council receives government grants to support its financing liabilities each year. In the early years of such contracts this income exceeds the Council's net expenditure on these schemes. The Council has agreed that it will transfer any consequential Income and Expenditure surpluses arising from its PFI arrangements, together with any additional revenue provision deemed necessary to a PFI Reserve. The reserve funds are released in the later years of the contract when payments exceed available revenue support.

Provisions

Provisions are shown where a past event has placed the Council in a position where it has an obligation that is likely to lead to it incurring a cost. The precise timing and value of the cost may be unknown but can be reliably estimated.

Provisions are charged to the Comprehensive Income and Expenditure Statement to the appropriate service revenue account in the year that the Council becomes aware of the obligation, based on the best estimate of the likely settlement. Estimates are reviewed at the end of each financial year and any changes are reflected within relevant service revenue accounts. When payments related to the obligation are eventually made they are charged to the provision set up in the Balance Sheet.

Contingent Assets / Liabilities

Contingent Assets and Liabilities are obligations or assets arising from past events where:

- The existence or value of the obligation is dependent on future events which are outside the control of the Council;
- It is not probable that a flow of economic benefits will be required to settle the obligation; and
- The obligation/contingent asset cannot be measured reliably.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Contingent Liabilities and Assets are not recognised in the Balance Sheet but are disclosed in Notes 43 and 44. The disclosure sets out the scale of potential costs and likelihood of these being realised.

Reserves

The Council maintains a range of reserves, reflecting both the extent to which its assets exceed its liabilities and any restrictions (statutory or voluntary) which are placed upon the usage of these balances. The main unrestricted reserve used to hold available Council funds is the Council Fund. Expenditure to be financed from an earmarked reserve is initially shown as a cost in the Comprehensive Income and Expenditure Statement. An offsetting transfer is then recorded in the Movement in Reserves Statement to ensure that there is no impact on General Fund or Council Tax.

Council Fund Balance: The Council holds a Council Fund Balance to meet future funding requirements and as a hedge against any unforeseen financial losses. The adequacy of the level of this reserve is reviewed annually by the Chief Finance Officer as part of the Council's budget approval process.

Earmarked Reserves:

The Council has discretion to set aside specific amounts as reserves where they wish to earmark available funds for future policy purposes; to cover contingencies or manage cash flows. These are summarised in Note 10. The most significant reserve is the Southern Distributor Road PFI which will meet future liabilities over the lifetime of the PFI scheme.

Unusable Reserves

A number of reserves exist to manage the accounting for non-current assets, financial instruments and employee benefits; these do not represent usable funds for the Council, these are explained in the relevant policies and notes and are classed as Unusable Reserves, found in Note 25.

Revenue Expenditure Funded from Capital Under Statute (REFCUS)

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of non-current assets has been charged as expenditure to the relevant service revenue account in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer to the Capital Adjustment Account then reverses out the amounts charged in the Movement in Reserves Statement so there is no impact on the level of council tax. This expenditure does form part of the Council's Capital Financing Requirement.

Value Added Tax (VAT)

Income and expenditure excludes any amounts related to VAT, as all VAT collected on income is paid over to HM Revenue and Customs, and all VAT paid on expenditure is recovered from them. Income and expenditure arising from changes in legislation affecting amounts claimed are included against services unless significant in which case, they appear as Exceptional Items on the Comprehensive Income and Expenditure Statement.

Carbon Reduction Commitment Allowances

The Council is required to participate in the Carbon Reduction Energy Efficiency Scheme. This scheme is currently in the initial year of its second phase, which ends on 31 March 2019. The Council is required to purchase allowances, either prospectively or retrospectively, and surrender them on the basis of emissions, i.e. carbon dioxide produced as energy used. As carbon dioxide is emitted (i.e. as energy is used), a liability and an expense are recognised. The liability will be discharged by surrendering allowance. The liability is measured at the best estimate of the expenditure required to meet the obligation, normally the current market price of the number of allowances required to meet the liability at the reporting date. The cost to the Council is recognised and reported in the costs of the Council's services and is apportioned to services on the basis of energy consumption.

2 ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT NOT YET ADOPTED

The Code requires the disclosure of information relating to the expected impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. None of the new or amended standards within the 2017/18 Code are expected to have a material impact on the information provided in the financial statements however CIPFA has determined that there will be a change in the presentation of the Narrative Report so that the content adheres to specific key principles.

3 CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There remains a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision;
- Following the publication of updated guidance from CIPFA the Council has reviewed its recognition and treatment of the various types of schools and the assets they operate from. Schools governing bodies are separate entities to the Council but for the purpose of preparing Statement of Accounts they are within the group boundary and their activities must be reported.

Despite the fact they are separate bodies, in recognition of the unique nature of the relationship Councils are required to report any material expenditure, income, assets and liabilities of these schools within its primary statements. Specific consideration has to be given as to whether the assets from which these schools operate meet the necessary criteria (in terms of access to services and control) to be recognised as Council assets under IAS16.

In Newport's case it has been judged that faith schools (voluntary aided or controlled) which are not sited on Council land and over which it has no long term guarantees of availability do not meet the criteria for recognition as an asset under IAS16. This results in the exclusion of 10 schools from the Council's non-current assets.

4 EVENTS AFTER THE BALANCE SHEET DATE

The Statement of Accounts was authorised for issue by the Head of Finance on 28th June 2017. Events taking place after this date are not reflected in the financial statements or notes.

Between the balance sheet date and date of authorisation, the successful sale of Friars Walk took place on 9th June 2017 to a Canadian equity investment company. As at 31 March 2017, within short-term debtors there is £91m (£82.2m principal and £8.8m rolled up interest) in relation to the loan provided to Queensberry Real Estate Ltd for the development of the Friars Walk shopping centre.

The receipt of £84.5m at the point of sale has allowed the principal amount to be paid in full and rolled up interest being partly paid. Any outstanding rolled up interest has been written off, but has been replaced by a new debtor in relation to an additional income share arrangement in future years of £7.5m, meaning there will be no detrimental revenue impact in 2017/18. In summary the full outstanding debt in relation to Queensberry Real Estate Ltd has been extinguished in 2017/18.

Separately, as part of the sale, the Council agreed to pay a subsidy of up to £125,000 per quarter (£500k per annum) for a period of 15 years to an associated company within the group, Friars Walk Finance Limited. The

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

subsidy is to be used to top-up the net rental income from the scheme to meet the minimum financial appraisal required as security by the funders. It is highly unlikely that this subsidy will be required for the full 15 years due to expected increases in rent, growth in the scheme and expected future lettings. In addition the subsidy would only be paid if the rental income generated by the scheme fell below the minimal levels set out per the financial appraisal required as security by the funders. It is likely that a provision will be set up in 2017/18 once an estimate of the likely amount of liability is able to be more robustly calculated.

5 ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contain estimated figures that are based on assumptions made by the Council about the future, or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2017 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainty	Effect if Actual Results Differ from Assumptions
Fair value measurements	<p>When the fair values of financial assets and financial liabilities cannot be measured based on quoted prices in active markets (i.e. Level 1 inputs), their fair value is measured using valuation techniques (e.g. quoted prices for similar assets or liabilities in active markets or the discounted cash flow (DCF) model. Where possible, the inputs to these valuation techniques are based on observable data, but where this is not possible judgement is required in establishing fair values. These judgements typically include considerations such as uncertainty and risk. However, changes in the assumptions used could affect the fair value of the Council's assets and liabilities.</p> <p>Where level 1 inputs are not available, the Council employs relevant experts to identify the most appropriate valuation techniques to determine fair value (for example for investment properties, the senior external valuer).</p>	<p>The Council uses a selection of valuation methods to measure the fair value of its surplus assets, investment properties and financial assets and liabilities.</p> <p>The significant unobservable inputs used in the fair value measurement include management assumptions regarding rent growth, vacancy levels (for investment properties) and discount rates – adjusted for regional factors (for both investment properties and some financial assets). Significant changes in any of the unobservable inputs would result in a significantly lower or higher fair value measurement particularly for the investment properties.</p>
Pensions Liability	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase,</p>	<p>A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.</p> <p>The actuary has advised the effects of a</p>

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

	changes in retirement ages, mortality rates and expected returns on pension fund assets.	0.5% increase in the following criteria: Discount Rate – £78.2m decrease to liability. Salary Increase Rate – £13.0m increase to liability. Pension Increase Rate - £64.0m increase to liability.
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. Due to the uncertainty about the actual useful life of an asset there is uncertainty of this charge if the useful life was to change.	If the useful life of assets is reduced, depreciation increases and the net carrying value of the assets falls.
Provisions	The Council makes a number of provisions for liabilities that it may face where a reasonable estimate of value can be made. In most cases these are subject to legal claims such as Insurance claims and other items as disclosed in the provisions note. Provisions relating to landfill sites, due to their significant value and long life are subject to a high level of estimation of future liabilities, this is detailed further in the provisions note.	The provisions are based on information known at the Balance Sheet date and best estimates and professional internal and external advice is used to determine value and number of provisions. The outcomes of such issues will have an impact on the outturn of the Council in future years, however due to the uncertain nature of these events, these are difficult to quantify.
Provisions in relation to arrears	At 31 March 2017, the Council had amounts it was owed for items such as sundry debtors, Council Tax, Non Domestic Rates (NDR) and rents. After taking into account trends in past collection experience and other relevant changes that may impact on collectability such as the economic climate, a level of impairment is assumed which may or may not be deemed to be sufficient.	Improvements in collection will improve future reported outturn position, however where customers are finding it difficult to pay for Council services, this will require increases in the level of provisions currently set aside.

6 MATERIAL ITEMS OF INCOME AND EXPENSE

There are no items classed as exceptional items in 2016/17 (nil for 2015/16)

Adjustments for Capital Purposes

- 1) Adjustments for capital purposes – this column adds in depreciation and impairment and revaluation gains and losses in the services line, and for:
 - a. Other operating expenditure – adjusts for capital disposals with a transfer of income on the disposal of assets and the amounts written off for those assets
 - b. Financing and investment income and expenditure – the statutory charges for capital financing such as Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices
 - c. Taxation and non specific grant income and expenditure – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

Net Changes for Pension adjustments

- 2) Net change for the removal of pension contributions and the addition of IAS 19 Employee Benefits pension related expenditure and income
 - a. For services this represents the removal of the employer pension contributions made by the Council as allowed by statute and the replacement with current service costs and past service cost
 - b. For financing and investment income and expenditure – the net interest on the defined benefit liability is charged to the CIES

Adjustments for Accumulated Absences

- 3) Adjustments for accumulated absences – this column recognises when employees render the services which increase their entitlement to future paid absences. Accumulated paid absences are those that can be carried forward for use in future periods if the current period's entitlement are not used in full, such as carry forward of unused annual leave.

Other Differences

- 4) Other differences between the amounts debited / credited to the Comprehensive Income and Expenditure Statement and amounts payables / receivable to be recognised under statute:
 - a. For financing and investment income and expenditure the other differences column recognises adjustments to the general fund for the timing differences for premiums and discounts

Key Reserves to note are:

- **Invest to save reserve** - established to enable funding of specific projects which demonstrate savings to the revenue budget within pay-back period within approximately 5 years;
- **School reserves** - these are balances held by schools for their future use;
- **Capital Expenditure reserve** - established to fund specific capital schemes and risks included in the Capital Programme;
- **Insurance reserve** - to assist in the management of the Council's insurance risks. To meet excesses and costs of claims against the Council and to provide cover on self-insured risks;
- **MMI Insurance reserve** - established to assist with potential future funding requirements of MMI in line with the agreed 'Scheme of Arrangement';
- **Pay reserve** - established to fund potential pay liabilities in future years;
- **Usable capital receipts reserve** - holds proceeds from sale of property, plant and equipment, used to finance new capital expenditure;
- **Southern Distributor Road and Glan Usk PFI reserves** - smoothes out funding differences that arise between the funding available and the capital payments made to the contractor. The reserve will balance over the life of the project;
- **Friars Walk reserve** - established to assist with any potential future funding needs for the Friars Walk scheme.

The Council also has a number of schools located within the Newport area which are Voluntary Aided and Voluntary Controlled and which are not owned by the Council. Although these schools are recognised as located within the Council's boundary, they are not disclosed within the Balance Sheet as they are not Council owned assets.

Depreciation

Assets are depreciated on a straight line basis using the following useful asset lives:

ASSET	POLICY	LIFE
Land	No depreciation charged	
Buildings	Straight line depreciation on estimated remaining life	As advised by Valuer
New Roads	Straight line depreciation on estimated remaining life	40 years
Vehicles and Plant	Straight line depreciation on estimated remaining life or over the term of the lease in the case of assets acquired by finance leases	5 - 7 years
Computer equipment	Straight line depreciation on estimated remaining life	Usually 5 years

Highways, Roads & Transport	6	271
Housing (General Fund)	-	-
Planning & Development Services	37	838
	<u>1,424</u>	<u>3,600</u>

Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is re-valued at least every five years. All valuations were carried out externally. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

	Other Land & buildings	Vehicles, Plant & Equipment	Infrastructure Assets	Community Assets	Surplus Assets	Assets Under Construction	Total

Statement of Accounts 2016/17

Newport City Council

Fair Value Measurement of Surplus Assets

Details of the Council's surplus assets and information about the fair value hierarchy as at 31 March 2017 are as follows:

<i>Recurring fair value measurements using:</i>	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2017
	£000	£000	£000
Residential properties	70	1,075	1,145
Commercial units/Land	3,300	3,064	6,364
Total	3,370	4,139	7,509

Comparative figures as at 31 March 2016 were:

<i>Recurring fair value measurements using:</i>	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2016
	£000	£000	£000
Residential properties	331	935	1,266
Commercial units/Land	3,153	1,918	5,071
Total	3,484	2,853	6,337

There were no transfers between any of the levels during the year.

Significant Observable Inputs – Level 2: The fair value for some of the residential properties and much of the commercial land has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local Council area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised at level 2 in the fair value hierarchy.

Significant Unobservable Inputs – Level 3: The remainder of the residential properties and commercial units/land located in the area are measured using the best information available and using the Valuer's experience to make assumptions on how the market would assess the value of the asset. These are therefore categorised as Level 3 in the fair value hierarchy as significant unobservable inputs are used in determining the fair value measurement.

In estimating the fair value of the Council's surplus assets, the highest and best use of these assets has been considered. This is not necessarily the existing use and assumptions have been made to arrive at this assessment of value. However, from the list of relevant assets for 2016/17, there has been no change in the valuation techniques used during the year for surplus assets.

The fair value of the Council's surplus assets portfolio is measured annually at each reporting date. All valuations are carried out by an external valuer, Newport Norse Ltd, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The valuation experts work closely with the Council's Finance Officers.

Further information on the collections held

Museum Collection

The Council has developed its collection since 1888. The collection now illustrates the changing face of the South Wales rural and industrial landscape and includes donations from the Arts Council of Wales and the Contemporary Art Society for Wales.

Elements of the collection are regularly exhibited at the museum on a rotating basis. Key elements of the collection include:

- 19th and 20th century mainly British oil paintings, watercolours, drawings and prints with particular attention directed to topographical works relating to Newport. The collection represents the work of a large number of artists including James Flewitt Mullock, David Cox, Dame Laura Knight, Stanley Spencer, William Roberts, Merlyn Evans and William Russell Flint;
- Contemporary paintings by Welsh artists or artists living in Wales. These include works by Falcon Hildred, Harry Holland, Thomas Rathmell, Evan Charlton, Felicity Charlton, Ernest Zobole and Jack Crabtree;
- Contemporary prints including work by Patrick Caulfield, Derek Boshier, John McFarlane, Chris Orr, Terry Millington, Anthony Davies and Norman Ackroyd;
- Decorative arts including Staffordshire figures, commemorative ware and studio ceramics. These include the Iris and John Fox collection, the John Wait teapot collection and works by Jane Hamlyn, Lucie Rie, Nicholas Homoky, Geoffrey Swindell and Morgan Hall.

Library Local Studies Collection

The Local Studies Collection stored within the Central Library contains published and archival materials relating to the history, geography and literature of South East Wales. Key elements within the collection are:

- A. The Delaney Letters** – A collection of nine volumes of correspondence containing the bulk of the papers of Mary Delaney (1700-1788). Among the papers are a number by distinguished contemporaries; including three fine autograph letters signed by Mary's friend Jonathan Swift, one by her suitor John Wesley, two by the Anglo Saxon scholar Elizabeth Elstob and one by the bluestocking Elizabeth Montagu. Also present is an autograph epitaph by Horace Walpole.
- B. Papers of Sir Charles Hanbury Williams (1702 – 1759)** – These comprise some eighteen volumes of Hanbury Williams's secretarial letterbooks and original correspondence from his postings as Minister or Ambassador to Dresden Poland and Russia; plus his autograph "Journal begun at Berlin in June 1750", two volumes of autograph verse, a volume containing twelve autograph letters to him by Horace Walpole (1744-45), as well as by Lord Chesterfield, Hardwicke and others.
- C. The Haines Collection** – A collection of over 2,000 books, pamphlets and manuscripts relating to Monmouthshire, compiled by William Haines and donated to the library by Sir Garrod Thomas in 1924.
- D. The Chartist Collection** – A collection of printed books, pamphlets and manuscripts relating to the uprising of 1839. The key element of the collection is the 25 volumes of original trial depositions.

Tredegar House & Park

Tredegar House is one of the best examples of a 17th century Charles II mansion in Britain. The contents of the property include paintings, furniture and other artefacts of the time period. From 16 March 2012 the property has been leased to the National Trust for Wales. Further information on the preservation and management of this property can be found on their website at <http://www.nationaltrust.org.uk>.

Public Arts & Fixtures

The Council holds a large number of public art features, such as murals and statues, on public display throughout the local area.

Archaeology

There are a number of archaeological sites within the Council area, and as a result, over the last 25 years this collection has substantially increased in size.

The archaeology collections of the Newport Museum and Art Gallery include:

- ❖ Prehistoric material from the old County of Gwent most notably the Severn Estuary;
- ❖ Roman material mostly from the Roman sites of Caerwent and Caerleon, Mill Street;
- ❖ Medieval material representing mostly castles and abbeys;
- ❖ Collections of local and non-local prehistoric flints; and
- ❖ Associated archive material.

In addition some material originating from excavations carried out on historic monuments on behalf of the Welsh Office (CADW), and excavations prior to new developments is held – most significantly, the Newport Ship timbers and associated artefacts.

The management of the collections is overseen by the Museums Officer (Collections and Premises). The Museums Officer manages a small team of professional staff which curates the collections and monitors its wellbeing. A project to establish a full computerised inventory of the collections is currently underway. The project started in 2006 and encompasses all collections cared for by the Museums & Heritage Service. Completing the documentation plan remains an important goal for the museum, but due to staffing resourcing issues the timetable for completion has slipped and it is hoped to be completed by 2017/18. This programme of work allows for improvements in storage conditions and highlights specific conservation needs of objects and collections. While the in-house focus is on preventive conservation measures which aim to stabilise an object's condition, specialist active conservation treatment is out-sourced and generally sought before objects are displayed.

The Curatorial team are also responsible for all acquisitions and disposals of collections' objects. Each potential acquisition is assessed against a number of criteria set out in the Museums Acquisitions and Disposals Policy. Most objects added to the collections are donated by individuals or organisations. Purchases are few and far between and are often carried out with grant aid from external bodies such as The Art Fund or the V&A Purchase Grant Fund. The disposal process follows ethical guidelines published by the Museums Association, an umbrella organisation for museums and museum professionals in the UK. It favours the transfer of objects to other organisations within the public domain.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

16 INVESTMENT PROPERTIES

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

	31-Mar-16	31-Mar-17
	£'000	£'000
Rental income from investment property	(1,237)	(1,097)
Direct operating expenses arising from investment property	156	327
Net (gain) / loss	(1,081)	(770)

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or undertake repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

	31-Mar-16	31-Mar-17
	£'000	£'000
	(Restated)

Fair Value Measurement of Investment Property

Details of the Council's investment properties and information about the fair value hierarchy as at 31 March 2017 are as follows:

<i>Recurring fair value measurements using:</i>	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2017
	£000	£000	£000
Office units	19	393	412
Commercial units	1,740	8,244	9,984
Total	1,759	8,637	10,396

Comparative figures as at 31 March 2016 were:

<i>Recurring fair value measurements using:</i>	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value as at 31 March 2016
	£000	£000	£000
Office units	-	274	274
Commercial units	4,972	8,553	13,525
Total	4,972	8,827	13,799

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

There were no transfers between any of the levels during the year.

Significant Observable Inputs – Level 2: The fair value for some of the commercial units has been based on an income approach in the current market, having regard to the passing rent being adopted and utilising comparable evidence of other similar lettings in close proximity where rent reviews are due. Where appropriate, rent has been capitalised in line with what the market is currently demanding, following research into appropriate yields and multipliers relevant to local conditions. The level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy.

Significant Unobservable Inputs – Level 3: The office units and many of the commercial units in the local Council area are also based on rent information where it exists, but in the absence of comparable evidence for specific properties, having to factor in assumptions such as the duration and timing of cash inflows and outflows, rent growth, occupancy levels and bad debt levels. These properties are therefore categorised as Level 3 in the fair value hierarchy as significant unobservable inputs are used to determine the measurements.

In estimating the fair value of the Council's investment properties, the highest and best use of the properties is their current use. There has been no change in the valuation techniques used during the year for investment properties.

Quantitative Information about Fair Value Measurement of Investment Properties using Significant Unobservable Inputs – Level 3:

	31-Mar-17 £000	Valuation technique used to measure fair value	Unobservable inputs and Sensitivity
Office Units	393	Hardcore and Topslice	Rental growth, Collection of rent, Discount rate, Basis of occupation
Commercial Units	8,244	Term and Reversion, Hardcore and Topslice	Rental growth, Special purchaser, Discount rate

The fair value of the Council's investment property is measured annually at each reporting date. All valuations are carried out by an external valuer, Newport Norse Ltd, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The valuation experts work closely with the Council's finance officers.

17 FINANCIAL INSTRUMENTS

a) Financial Instruments – Classifications

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Non-exchange transactions, such as those relating to taxes and government grant, do not give rise to financial instruments.

Financial Liabilities

A financial liability is an obligation to transfer economic benefits controlled by the Council and can be represented by a contractual obligation to deliver cash or financial assets or an obligation to exchange financial assets and liabilities with another entity that is potentially unfavourable to the Council.

The Council's non-derivative financial liabilities held during the year measured at amortised cost comprised:

- Long-term loans from Public Works Loan Board and commercial lenders
- Short-term loans from other local authorities
- Overdraft with Santander bank
- Finance leases detailed in Note 35
- Private Finance Initiative contracts detailed in Note 36
- Trade payables for goods and services received

Financial Assets

A financial asset is a right to future economic benefits controlled by the Council that is represented by cash or other instruments or a contractual right to receive cash or another financial asset. The financial assets held by the Council during the year and held under the following classifications.

Loans and receivables (financial assets that have fixed or determinable payments and are not quoted in an active market) comprising:

- Cash in hand
- Bank current and deposit accounts with Santander bank
- Loans to companies and individuals as detailed in the note
- Transferred debt from a number of local authorities as a result of local government reorganisation
- Trade receivables for goods and services delivered

Unquoted equity investments held at cost, comprising:

- Equity investments in Newport Transport Ltd

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

c) Financial Instruments – Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments consist of the following items:

	Financial Liabilities	Financial Assets	Loans & Receivables	2016/17 Total	2015/16 Total
	Amortised Cost	Fair Value through Profit & Loss			
	£000	£000	£000	£000	£000
Interest expense	14,044	-	-	14,044	18,838
Losses on derecognition	-	-	-	-	646
Reductions in fair value	-	70	-	70	73
Fee expense	34	-	-	34	42
Interest payable and similar charges	14,078	70	-	14,148	19,599
Interest Income	-	-	(3,986)	(3,986)	(4,206)
Interest and Investment Income	-	-	(3,986)	(3,986)	(4,206)

d) Financial Instruments – Fair Values

Financial assets classified as loans and receivables and all non-derivative financial liabilities are carried in the Balance Sheet at amortised cost. Their fair values have been estimated by calculating the net present value of the remaining contractual cash flows at 31st March 2017, using the following methods and assumptions:

- Loans borrowed by the Council have been valued by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local Council loans.
- The value of “Lender’s Option Borrower’s Option” (LOBO) loans have been increased by the value of the embedded options. Lenders’ options to propose an increase to the interest rate on the loan contingent options to accept the increased rate or repay the loan have been valued at zero, on the assumption that lenders will only exercise their options when market rates have risen above the contractual loan rate.
- The fair values of other long-term loans and investments have been discounted at the market rates for similar instruments with similar remaining terms to maturity at 31st March.
- The fair values of finance lease assets and liabilities and of PFI scheme liabilities have been calculated by discounting the contractual cash flows (excluding service charge elements) at the appropriate AA-rated corporate bond yield.
- No early repayment or impairment is recognised for any financial instrument.
- The fair value of short-term instruments, including trade payables and receivables, is assumed to approximate to the carrying amount.

Fair values are shown in the table below, split by their level in the fair value hierarchy:

- Level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities, e.g. bond prices
- Level 2 – fair value is calculated from inputs other than quoted prices that are observable for the asset or liability, e.g. interest rates or yields for similar instruments
- Level 3 – fair value is determined using unobservable inputs, e.g. non-market data such as cash flow forecasts or estimated creditworthiness

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

	Fair Value Level	Balance Sheet 31-Mar-16 £000	Fair Value 31-Mar-16 £000	Balance Sheet 31-Mar-17 £000	Fair Value 31-Mar-17 £000
Financial liabilities held at amortised cost:					
Long-term loans from PWLB	2	72,437	92,917	71,138	99,035
Long-term LOBO loans	2	35,000	52,891	30,000	50,808
Other long-term loans	2	80,259	91,129	45,453	48,109
Lease payables and PFI liabilities	3	49,636	78,809	47,402	79,216
Total		237,332	315,746	193,993	277,168
Liabilities for which fair value is not disclosed*		82,012		113,160	
Total Financial Liabilities		319,344		307,153	
Recorded on balance sheet as:					
Short-term creditors		27,742		36,462	
Short-term borrowing		35,585		65,472	
Bank Overdraft		6,727		2,837	
Long-term creditors		11,938		8,389	
Long-term borrowing		187,696		146,591	
Other long-term liabilities		49,656		47,402	
Total Financial Liabilities		319,344		307,153	

* The fair value of short-term financial liabilities including trade payables is assumed to approximate to the carrying amount.

Fair values of the Council's financial assets is not significantly different to the amortised cost as recognised on the balance sheet. This is due to the large proportion of them relating to long term debtor loans which are now short term and are due in the next financial year.

18 INVENTORIES

Inventories are purchased and used by the Council at historical cost. Work in progress is included at cost. An analysis is as follows:

	31-Mar-16 £'000	31-Mar-17 £'000
Stocks		
Building Services	134	160
Leisure & Catering	24	3
Museum Shop	7	5
Printing/Stationery	33	7
Monwel Hankinson	9	9
	207	184

19 SHORT TERM DEBTORS

Short term debtors are shown in the Balance Sheet net of provisions for bad and doubtful debts:

	31-Mar-16			31-Mar-17		
	Gross £'000	Provision £'000	Net £'000	Gross £'000	Provision £'000	Net £'000
General	111,148	(2,784)	108,364	105,558	(2,863)	102,695
Council tax payers	5,294	(3,175)	2,119	5,352	(3,233)	2,119
NHS bodies	1,021	-	1,021	1,369	-	1,369
Central government bodies*	17,307	-	17,307	15,806	-	15,806
Other local authorities	1,943	-	1,943	2,737	-	2,737
	136,713	(5,959)	130,754	130,822	(6,096)	124,726

* Central government bodies debtors include grants issued by Welsh Assembly Government that were initially issued to other Local Authorities, who act as banking facilities, but relate to funds directly for Newport City Council.

**Included within general debtors at 31 March 2017 is a loan due from Queensberry Ltd. The value of the loan at 31 March 2017 is £83.03m principal and £8.79m rolled up interest up to the 8 December 2016. On the 9th June 2017, the scheme was sold, as detailed in note 4.

20 CASH AND CASH EQUIVALENTS

The cash held by the Council represents petty cash balances held by numerous establishments throughout the Council and any credit bank balances that are not included within our "pooled account" with Santander.

The bank overdraft includes un-cleared payments within the banking system. In practice, the treasury management policy of the Council is to maintain the pooled bank account balance as near to zero as possible to minimise interest charges on overdrawn balances and maximise interest earned by short-term lending of surplus funds. The actual pooled bank balance at the close of business on 31 March 2017 was £19k overdrawn, (31 March 2016 – credit balance of £2k).

The balance of Cash and Cash Equivalents is made up of the following elements:

	31-Mar-16	31-Mar-17
	£'000	£'000
Short-Term Investments classified as cash equivalent	3,100	2,300
Cash held by the authority	91	65
Bank Current accounts	(6,727)	(2,837)
Total Cash and Cash Equivalents	(3,536)	(472)

Notes to the Statement of Accounts

Newport City Council

23 PROVISIONS

Provisions represent sums set aside for liabilities or losses which are likely to be incurred or certain to be incurred, but where the amount or timing of such liability is not certain. In the case of each of the provisions listed below, the amount of the liability and the timing of the resulting transfer of economic benefits are uncertain.

	31-Mar-16 £'000	Further provisions £'000	Amounts used £'000	Unused amounts reversed £'000	31-Mar-17 £'000
Current Provisions					
Accumulated absence provision	(2,685)	(791)	-	-	(3,476)
Insurance / MMI Provision	(1,419)	(1,039)	1,126	-	(1,332)
Equal pay - Back pay provision	(966)	-	824	142	-
Landfill Fines	(214)	-		214	-
Energy Provision	(345)	(175)	320	-	(200)
Other	(32)	(414)	26	6	(414)
	(5,661)	(2,419)	2,296	362	(5,422)
Long Term Provisions					
Landfill Capping	(5,751)	(422)	370	-	(5,803)
	(5,751)	(422)	370	0	(5,803)

Accumulated Absences	Accounting provision to recognise impact of accruing leave at the end of the year. No payment is made as employees have to take leave prior to leaving the Council. This is therefore not cash backed.
Insurance	Provision for known insurance claims which currently being made against the Council for a variety of incidents. These insurance claims have been assessed as having either a 'likely' or 'reasonable' chance of payout.
Equal Pay	Provision to comply with recommended practice in respect of equal pay claims. All payments have been made and this provision will not be required going forward.
Landfill Capping	Provision to comply with recommended practice in respect of costs relating to the future capping of Landfill sites once they have been fully utilised. The estimation for the landfill provision is made up of two elements, the estimated cost of capping the site and the aftercare costs once the site has been capped. The Council has undertaken a thorough review of both of these elements during 2016/17 and the estimates have been updated as a result. The aftercare costs are now included at £3,077k and the capping element is £2,726k.
Energy Provision	Amount set aside for energy bills from previous years that are expected to be paid in 2017/18. Due to problems with billing with the energy supplier, the Council is unable to be certain of what service areas this will impact upon or the certainty over the value of the bills that will ultimately be paid therefore this has been set aside as a provision.

Pensions Reserve	279,720	324,745
Accumulated Absence Account	2,665	3,457
	40,216	86,406

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- Re-valued downwards or impaired and the gains are lost;
- Used in the provision of services and the gains are consumed through depreciation or;
- Disposed of and the gains are realised.

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated in the Capital Adjustment Account.

	£'000	£'000
Balance at 1 April	(89,893)	(127,512)
Upward revaluation of assets	(51,304)	(9,741)
Downward revaluation of assets and impairment losses not charged to provision of services	9,740	2,311
Surplus or deficit on revaluation of non-current assets not charged to provision of services	(41,564)	(7,430)
Difference between fair value depreciation and historic cost depreciation	1,056	3,552
Accumulated gains on assets sold or scrapped	2,889	461
Amount written off to the Capital Adjustment Account	3,945	4,013
Balance at 31 March	(127,512)	(130,929)

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Capital Adjustment Account

The requirement to maintain a Capital Adjustment Account commenced in April 2007 as a requirement of the 2007 SORP. The opening balance represented the closing value of the previously maintained Capital Financing Account and Fixed Asset Restatement Account. The Account represents a store of capital resources set aside to meet past capital expenditure.

	31-Mar-16	31-Mar-17
	Restated	
	£'000	£'000
Balance at 1 April	(126,136)	(116,951)
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:		
Charges for depreciation and impairment of non-current assets	20,729	28,261
Revaluation losses/gains on Property, Plant and Equipment	9,904	3,832
Amortisation of intangible assets	-	-
Revenue Expenditure Funded from Capital under Statute	7,996	5,459
Amount of non-current assets written off on disposal or sale as part of the gain/ loss on disposal to the Comprehensive Income and Expenditure Statement	5,501	1,104
	44,130	38,656
Adjusting amounts written out of the Revaluation Reserve	(3,945)	(4,013)
Net written out amount of the cost of non-current assets consumed in the year	40,185	34,643
Capital financing applied in the year:		
Use of Capital Receipts Reserve to finance new capital expenditure	(591)	(1,367)
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	(13,404)	(17,529)
Statutory provision for the financing of capital investment charged against the Council Fund balances	(12,929)	(12,937)
Capital expenditure charged against the Council Fund balance	(1,542)	(1,897)
	(28,466)	(33,730)
Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement	(2,433)	727
Movements in the market value of Assets Held for Sale debited or credited to the Comprehensive Income and Expenditure Statement	(101)	4
Balance at 31 March	(116,951)	(115,307)

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenditure relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

The Council uses the account to manage premiums paid on the early redemption of loans. Premiums are debited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the Council Fund Balance through the Movement in Reserves Statement. Over time, the expense is posted back to the Council Fund Balance in accordance with statutory arrangements for spreading the burden on the Council tax. In the Council's case, this period is the unexpired term that was outstanding on the loans when they were redeemed. As a result, the balance on the account at the end of the year will be charged to the Council Fund over the next 40 years.

	31-Mar-16	31-Mar-17
	£'000	£'000
Balance at 1 April	1,933	6,367
Premiums incurred in the year and charged to the Comprehensive Income and Expenditure Statement	4,566	-
Proportion of premiums incurred in previous financial years to be charged against the Council Fund Balance in accordance with statutory requirements	(132)	(643)
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements	4,434	(643)
Balance at 31 March	6,367	5,724

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gain recognised on the disposal of non-current assets for which a cash settlement has yet to be received. Under statutory arrangements, the Council does not treat these gains as usable for financing capital expenditure until they are backed by cash receipts. When the deferred cash settlement takes place, amounts are transferred to the Capital Receipts Reserve.

	31-Mar-16	31-Mar-17
	£'000	£'000
Balance at 1 April	(31)	(3,822)
Transfer of deferred sales proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Account	(3,822)	
Transfer to Capital Receipts Reserve	31	2,789
Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements	(3,791)	2,789
Balance at 31 March	(3,822)	(1,033)

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs.

However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pay any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

Pensions Reserve

	31-Mar-16	31-Mar-17
	£'000	£'000
Balance at 1 April	252,151	279,720
Actuarial gains or losses on pensions assets and liabilities	19,578	33,573
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	22,179	26,080
Employer's pensions contributions and direct payments to pensioners payable in the year	(14,188)	(14,628)
Balance at 31 March	279,720	324,745

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

	31-Mar-16	31-Mar-17
	£'000	£'000

28 CASH FLOW STATEMENT - FINANCING ACTIVITIES

	31-Mar-16 Restated £'000	31-Mar-17 £'000
Cash receipts of short- and long-term borrowing	(123,094)	(141,670)
Cash payments for the reduction of the outstanding liabilities relating to finance leases and on-balance sheet PFI contracts	2,116	2,249
Repayments of short- and long-term borrowing	92,857	152,894
Net cash flows from financing activities	(28,121)	13,473

29 MEMBERS' ALLOWANCES AND EXPENSES

All Councils are required to publish details of the amounts paid to elected members each year. Information on the amounts actually paid to each Council member is published on the Council's web site. The total allowances and expenses paid in the financial year was £897,901 (2015/16 – £904,430). All members are entitled to the same basic allowance of £13,300 per annum (2015/16 - £13,300). Also additional responsibility allowances are paid to each member holding the following positions:

	31-Mar-16 £	31-Mar-17 £
Leader of the Council	34,700	34,700
Deputy Leader	20,200	20,200
Mayor	8,200	8,200
Deputy Mayor	2,700	2,700
Cabinet Member (x7)	15,700	15,700
Chair of Scrutiny Forum (x3)	8,700	8,700
Chair of Planning (x1)	8,700	8,700
Chair of Democratic Services (x1)	8,700	8,700
Chair of Licensing (x1)	8,700	8,700

The Authority also pays seven Lay (unelected) Members a total of £1,869 (2015/16: £1,610) to sit on a number of committees. This is the total for all seven Members and includes both fees and expenses.

Head of Streetscene (Total inclusive costs of agency staff *) Left the Authority 20.03.16	2015/16	61,031	-	-	-	61,031

The Head of Children & Family Services has not been included in the above table as the post holder is a secondee from Barnardo's. However, for information in 2016/17 the post holder cost £89,095 (2015/16 £84,342).

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Election Returning Officer Fees

During 2016/17 the Chief Executive received £29,142 for his role as the Authorities Returning Officer. (In 2015/16, he received £5,819)

There were no employees whose salary, excluding pension contributions, exceeded £150,000 per annum.

The ratio between the Council's highest paid employee and the median position for 2016/17 was 1:6.3 (2015/16 was 1:6.5). The median position for the Council for 2016/17 is £21,745, (2015/16 was £19,742). These figures do not include taxable expenses and benefits in kind as this is not likely to make a material difference to the ratios.

The Council's other employees receiving more than £60,000 remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

	31-Mar-16		31-Mar-17	
	Teaching	Other	Teaching	Other
£135,000 - £139,999	0	0	1	0
£115,000 - £119,999	0	0	0	0
£105,000 - £114,999	1	0	1	0
£100,000 - £104,999	0	0	1	0
£95,000 - £99,999	1	0	1	0
£90,000 - £94,999	1	0	3	0
£85,000 - £89,999	3	1	2	1
£80,000 - £84,999	3	1	2	1
£75,000 - £79,999	3	2	2	0
£70,000 - £74,999	12	0	11	0
£65,000 - £69,999	14	3	13	0
£60,000 - £64,999	18	2	17	3
Total	56	9	54	5

The figures above include amounts that are paid to employees on redundancy.

The number of exit packages, with the total cost per band and the total cost of the compulsory and other redundancies are set out below:

The above table shows the cost of redundancies that took place during the 2016/17 financial year. An additional £111,238 was paid in relation to redundancies that occurred during 2015/16 but were paid in 2016/17.

	Number of compulsory redundancies	Number of other departures agreed	Total number of exit packages	Total Cost of exit packages in each band

Within Education, GEMS and Education Management grants are now part of the Education Improvement Grant for 2016/17.

This table has been restated for 2015/16 to include Concessionary fares Grant and contributions which were not included last year. The table for 2015/16 has also been restated to match the current management structure of the Council.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

33 RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently, or might have secured the ability to limit another party's ability to bargain freely with the Council.

Welsh Government

The Welsh Government has effective control over the general operations of the Council – it is responsible for providing the statutory framework, within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits).

Grants received from government departments are set out in the analysis in Note 32.

Members

Members of the Council have direct control over the Council's financial and operating policies. The total of Members' allowances paid in 2016/17 is shown in Note 29. During 2016/17, works and services to the value of £12.745m (2015/16: £22.271m) were commissioned from or paid to companies in which sixteen members had an interest. This included balances of £3.52m paid to Newport Transport Limited (2015/16: £3.56m) which is further disclosed below.

Payments of £3.929m were paid to Newport Norse Ltd in 2016/17 (£10.801m in 2015/16). This is Newport City Council's first joint venture company. Newport Norse has invited one member of the Council on the board in their capacity as an elected member, not as a private individual.

Within these payments, the Council also made payments to Waste Savers Ltd amounting to £2.64m in 2016/17 (£3.43m in 2015/16). This company is independent from the Council. There are no members on the board of Wastesavers Ltd but there are two Members of the Council on the board of Wastesavers Charitable Ltd, the parent company of Wastesavers Ltd. The council contract with the company for waste recycling services.

Newport City Council also made payments to Newport Live amounting to £237k in 2016/17, this is a company that has charitable status and is independent from the Council. 2015/16 was its first year of trading. The company has invited two members of the Council on the board, in their capacity as elected members, not private individuals. Newport Live is contracted by the Council to run its sport and leisure services.

There were no declarations of interest submitted where grants have been paid to voluntary organisations.

Officers

The Head of Children and Family Services has been seconded from Barnardo's. The Council also makes payments to Barnardo's and in 2016/17 this amounted to £1.773m (2015/16 £1.522m). These payments relate to grants and contracts that were in existence prior to this agency appointment. The majority of these payments to Barnardo's relate to the following areas:

- a. Family First Grant projects (£0.451m)
- b. the preferred provider Family Support Team partnership arrangements (£0.572m)
- c. the provision of contracts through the Substance Misuse Action Fund Grant (£0.235m)

There were no declared organisations in which senior officers of the Council held pecuniary interests.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Other Public Bodies

Precepts and Levies – details of precepts collected on behalf of other organisations and an analysis of amounts levied on the Council by other bodies can be found in note 11 to these accounts.

There is one Senior Officer (Strategic Director of Place) who is elected to the board of Newport Norse. No other Senior Offices hold any other positions of seniority within any other Public Sector body.

Entities Controlled or Significantly Influenced by the Council

Newport Transport Ltd

This is a company wholly owned by the Council. Newport Transport's board includes seven Council Members and one Council officer nominated by the Council. The services provided principally related to maintenance work on the Council's vehicle fleet. Details of financial transactions are detailed within the Group Accounts.

Newport Norse

The Council's first joint venture company, Newport Norse, was launched on July 1st 2014. The JV company, which now oversees the Council's property maintenance, estates, facilities management and capital projects design functions, employs over 200 members of staff. Newport Norse and their subsidiary NPS Newport Limited, are Joint Venture Companies in which the Council has a 20% share and minority representation on the Board. The Council has a 50% "gain share" in the profits, which reduces the Council's service charge. The second year's trading (accounting period covering January 2015 to January 2016) delivered a profit share of £223k to Newport City Council, in 2016/17 the provisional profit share is £187k. The Council made payments to Newport Norse of £3.929m in 2016/17 (£10.801m in 2015/16) and received £294k in 2016/17 (£155k in 2015/16). An extract of Newport Norse's primary statements is shown in Note 45 of the accounts.

34 CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases and PFI/PP contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

	31-Mar-16 £'000	31-Mar-17 £'000
Opening Capital Financing Requirement	280,678	281,989
<u>Capital investment</u>		
Property, Plant and Equipment	21,635	27,356
Heritage Assets	-	-
Revenue Expenditure Funded from Capital Under Statute	7,996	5,459

35 LEASES

Council as Lessee

Finance Leases

The Council has acquired a number of vehicles and equipment under finance leases. The assets acquired under these leases are included in Property Plant and Equipment in the balance sheet at the following net amounts as these are cancellable.

	31-Mar-16	31-Mar-17
	£'000	£'000
Vehicle, Plant, Furniture and Equipment	130	87
	<u>130</u>	<u>87</u>

The Council is committed to making minimum payments under these leases, comprising settlement of the long-term liability for the interest in the property acquired by the Council and finance costs that will be payable by the Council in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

	31-Mar-16	31-Mar-17
	£'000	£'000
Finance lease liabilities (net present value of minimum lease payments)		
- current	43	35
- non-current	87	52
Finance costs payable in future years	10	5
Minimum lease payments	<u>140</u>	<u>92</u>

The minimum lease payments will be payable over the following periods:

	Minimum Lease Payments		Finance Lease Liabilities	
	31-Mar-16	31-Mar-17	31-Mar-16	31-Mar-17
	£'000	£'000	£'000	£'000
Not later than one year	48	38	43	35
Later than one year and not later than five years	92	54	87	52
	<u>140</u>	<u>92</u>	<u>130</u>	<u>87</u>

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Operating Leases

The Council has acquired some of its buildings and fleet by operating leases. All vehicles acquired are now within the secondary rental period of the lease agreement and therefore payments due are excluded from the table below. The minimum lease payments due on properties under non-cancellable leases in future years are:

	31-Mar-16	31-Mar-17
	£'000	£'000
Not later than one year	1,106	1,060
Later than one year and not later than five years	2,752	2,450
Later than five years	2,735	2,345
	<u>6,593</u>	<u>5,855</u>

Council as Lessor

Finance Leases

The Council has a finance lease with the Kingsway Shopping Centre with a remaining term of 244 years. The Council has a gross investment in the lease, made up of the minimum lease payments expected to be received over the remaining term and the residual value anticipated for the property when the lease comes to an end. The minimum lease payments comprise settlement of the long-term debtor for the interest in the property acquired by the lessee and finance income that will be earned by the Council in future years whilst the debtor remains outstanding. The gross investment is made up of the following amounts:

	31-Mar-16	31-Mar-17
	£'000	£'000
Finance lease debtor (net present value of minimum lease payments)		
- current	-	-
- non-current	3,154	3,154
Unearned finance income	61,506	61,241
Gross Investment in the lease	<u>64,660</u>	<u>64,395</u>

The gross investment in the lease and the minimum lease payments will be received over the following periods:

	Gross Investment in the Lease		Minimum Lease Payments	
	31-Mar-16	31-Mar-17	31-Mar-16	31-Mar-17

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Operating Leases

The Council leases out some property under operating leases for the following purposes:

- to enable the Council to provide services for the local community; or
- to provide an income stream to help support the council tax levy.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	31-Mar-16	31-Mar-17
	£'000	£'000
Not later than one year	1,385	1,278
Later than one year and not later than five years	3,427	6,174
Later than five years	83,924	17,559
	<u>88,736</u>	<u>25,011</u>

The Council leases out a number of farms on a life tenancy basis. These leases have been assumed to have a 99 year lease term.

Tredegar House Lease

The Council has a lease premium with Tredegar House which relates to expenditure to the National Trust for their running of Tredegar House. The payments due to the National Trust over the life of the lease are as follows:

	31-Mar-16	31-Mar-17
	£'000	£'000
Not later than one year	1,257	-
Later than one year and not later than five years	2,005	2,005
Later than five years	472	472
	<u>3,734</u>	<u>2,477</u>

36 PRIVATE FINANCE INITIATIVES AND SIMILAR CONTRACTS

Southern Distributor Road PFI Scheme

Newport City Council entered into a 40 year contract with Morgan Vinci Ltd to design, build, operate and finance the Southern Distributor Road. The contract specifies minimum standards of performance over a range of areas including reductions in journey time, reduction in the level of congestion, accident levels, improvements in road safety and road availability. The contractor took on the obligation to construct and maintain the road to an acceptable minimum standard.

The road was opened on 13th December 2004 and the agreement has a 40 year life.

Property Plant and Equipment

The assets used to provide services on the Southern Distributor Road are recognised on the Council's Balance Sheet. Movements in their value over the year are detailed in the analysis of the movement on the Property, Plant and Equipment balance in Note 14.

Payments

The Council makes an agreed annual payment which is increased each year by inflation and can be reduced if the contractor fails to meet availability and performance standards in any year but which is otherwise fixed.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Payments, remaining to be made under the PFI contract at 31 March 2017 (excluding any estimation of inflation and availability/ performance deductions), are as follows:

	Payment for Services	Reimbursement of Capital Expenditure	Interest	Total
	£'000	£'000	£'000	£'000
Payable in 2017/18	711	1,620	4,480	6,811
Payable within two to five years	3,171	6,416	18,697	28,284
Payable within six to ten years	4,251	8,887	24,599	37,737
Payable within eleven to fifteen years	5,004	10,677	24,948	40,629
Payable within sixteen to twenty years	5,477	12,203	25,494	43,174
Payable within twenty one to twenty five years	6,338	13,107	24,118	43,563
Total	24,952	52,910	122,336	200,198

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable. The liability outstanding is as follows:

	31-Mar-16	31-Mar-17
	£'000	£'000
Balance outstanding at start of year	40,020	38,510
Payments during the year	(1,510)	(1,566)
Other	-	-
Balance outstanding at year-end	38,510	36,944

Glan Usk Primary School

2016/17 was the eighth year of a 25 year PFI contract for the construction and facilities management of Glan Usk Primary School.

The school operates its core areas 44 weeks per annum including a multi-use gaming area and an artificial turf pitch. The multi-use gaming area and the artificial turf pitch are also available to the community during non-school hours.

The contract operates minimum standards for the services to be provided by the contractor, with deductions from the fees payable being made if facilities are unavailable or performance is below minimum standards.

Property Plant and Equipment

The assets used to provide services on the Glan Usk Primary School are recognised on the Council's Balance Sheet. Movements in their value over the year are detailed in the analysis of the movement on the Property, Plant and Equipment balance in Note 14.

Payments

The Council makes an agreed annual payment which is increased each year by inflation and can be reduced if the contractor fails to meet availability and performance standards in any year but which is otherwise fixed. Payments remaining to be made under the PFI contract at 31 March 2017 (excluding any estimation of inflation and availability/ performance deductions) are as follows:

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

	Payment for Services	Reimbursement of Capital Expenditure	Interest	Total
	£'000	£'000	£'000	£'000
Payable in 2017/18	624	627	745	1,996
Payable within two to five years	2,904	2,377	2,944	8,225
Payable within six to ten years	4,773	2,640	3,450	10,863

Payable within sixteen to twenty years	2,606	1,842	2,066	6,514
Total	16,071	10,356	12,763	39,190

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable. The liability outstanding is as follows:

	31-Mar-16	31-Mar-17
	£'000	£'000
Balance outstanding at start of year	11,602	10,996
Payments during the year	(606)	(640)
Balance outstanding at year-end	10,996	10,356

37 IMPAIRMENT LOSSES

Impairment losses and impairment reversals by class of assets are disclosed within the Property, Plant and Equipment balances consolidated in Note 14. The amounts are charged to the Surplus or Deficit on the Provision of Services and to Other Comprehensive Income and Expenditure dependent on the class of impairment.

During 2016/17 the Council has recognised the following impairment losses:

	31-Mar-16	31-Mar-17
	£'000	£'000
Land & Buildings	4,841	7,530
Community Assets	-	-
Infrastructure Assets	-	118
Vehicles Plant & Equipment	-	-
Assets Under Construction	-	-
Heritage Assets	-	-
Total	4,841	7,648

38 CAPITALISATION OF BORROWING COSTS

There was no capitalisation of borrowing costs in 2015/16 or 2016/17.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

39 TERMINATION BENEFITS

The Council completed redundancies of 97 employees in 2016/17, incurring liabilities of £2.124m (150 employees at £2.124m in 2015/16). See Note 30 for the number of exit packages and total cost per band. All balances were payable to Council officers, as part of the Council's general services rationalisation and efficiencies programme.

40 PENSIONS SCHEMES ACCOUNTED FOR AS DEFINED CONTRIBUTION SCHEMES

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by the Department for Education. The Scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The Scheme is technically a defined benefit scheme. However, the Scheme is unfunded and the Department for Education uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. The Council is not able to identify its share of the underlying financial position and performance of the Scheme with sufficient reliability for accounting purposes. For the purposes of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2016/17 the Council paid £8.445m to the Teachers' Pension Scheme in respect of teachers' retirement benefits, representing 16.4% of pensionable pay. The figures for 2015/16 were £7.801m and 14.1% until 1st September when the contribution rate rose to 16.4%. As at the 31 March 2017 contributions of £705,364 were payable (31 March 2016: £691,673).

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the teachers' scheme. These costs are accounted for within Note 41 as "Unfunded Teachers' Discretionary Benefits".

41 DEFINED BENEFITS PENSIONS SCHEMES

Participation in Pension Scheme

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

The Council participates in two post-employment schemes:

- The Local Government Pension Scheme, administered locally by Torfaen County Borough Council – this is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.
- Arrangements for the award of discretionary post-retirement benefits upon early retirement (Unfunded Teachers Discretionary Benefits) – this is an unfunded defined benefit arrangement under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

Transactions Relating to Post-employment Benefits

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment / retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the Council Fund Balance via the Movement in Reserves Statement during the year:

	Local Government Pension Scheme 31-Mar-16 £'000	Unfunded Teachers Discretionary Benefits 31-Mar-16 £'000	Local Government Pension Scheme 31-Mar-17 £'000	Unfunded Teachers Discretionary Benefits 31-Mar-17 £'000

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The cumulative amount of actuarial gains and losses recognised in the Comprehensive Income and Expenditure Statement to 31 March 2017 is a loss of £33.573m (2015/16 showed a loss of £19.578m).

Assets and Liabilities in Relation to Retirement Benefits

Reconciliation of present value of the scheme liabilities (defined benefit obligation):

	Funded liabilities: Local Government Pension Scheme	Unfunded liabilities: Teachers Discretionary Benefits	Funded liabilities: Local Government Pension Scheme	Unfunded liabilities: Teachers Discretionary Benefits
	31-Mar-16	31-Mar-16	31-Mar-17	31-Mar-17
	£'000	£'000	£'000	£'000
Opening balance at 1 April	(644,412)	(12,090)	(657,293)	(13,513)
Current service cost	(15,187)	-	(15,834)	
Interest cost on defined benefit obligation	(21,301)	(358)	(22,984)	(455)
Plan participants contributions	(3,912)	-	(4,092)	
Actuarial gains and losses arising on changes in financial assumptions	(215)	(3)	(119,977)	(1,091)
Changes in Demographics Assumptions			19,645	963
Other experience	7,208	(2,160)	14,046	293
Benefits paid	18,330	1,098	20,654	1,040
Past service cost (including curtailments)	(391)	-	(447)	-
Effect of settlements	2,586	-	-	-
Additional Pension Strain not included in actuarial statement	(13)	-	-	-
Closing balance at 31 March	(657,307)	(13,513)	(766,282)	(12,763)

Reconciliation of fair value of the scheme assets:

Local Government Pension Scheme

	31-Mar-16	31-Mar-17
	£'000	£'000
Opening balance at 1 April	404,955	391,099
Interest income on plan assets	13,338	13,627
Return on assets excluding amounts included in net interest	(24,408)	52,549
Employer contributions	13,090	14,628
Contributions by scheme participants	3,912	4,092
Benefits paid	(18,330)	(21,694)
Settlements	(1,458)	-
Closing balance at 31 March	391,099	454,301

The actual return on scheme assets in the year was £66.176m (2015/16: £37.746m).

The liabilities show the underlying commitments that the Council has in the long run to pay retirement benefits. The total liability of £324.745m has a substantial impact on the net worth of the Council as recorded in the Balance Sheet.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy:

- the deficit on the local government scheme will be made good by maintaining contributions at an appropriate rate over the remaining working life of employees, as assessed by the scheme actuary;
- finance is only required to be raised to cover the teachers' pensions when the pensions are actually paid.

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31 March 2018 is £12.574m. Expected contributions to the Teachers' Pension Scheme in the year to 31 March 2018 are £8.4m.

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Estimated duration of benefit obligation is 18 years. Both the Teachers' Discretionary Benefits and Greater Gwent (Torfaen) Pension Fund liabilities have been assessed by Hymans Robertson LLP, an independent firm of actuaries, estimates for the Greater Gwent (Torfaen) Pension Fund being based on the latest full valuation of the scheme as at 31 March 2013.

The principal assumptions used by the actuary have been:

	Local Government Pension Scheme		Unfunded Teachers Discretionary Benefits	
	31-Mar-16	31-Mar-17	31-Mar-16	31-Mar-17
Mortality assumptions:				
Longevity at 65 for current pensioners:				
- Men (years)	23	21.50	23	21.50
- Women (years)	25.4	23.90	25.4	23.90
Longevity at 65 for future pensioners:				
- Men (years)	25.2	23.60	N/A	23.60
- Women (years)	27.8	26.10	N/A	26.10
Other Assumptions:				
Rate of CPI Inflation	2.2%	2.4%	2.2%	2.4%
Rate of increase in salaries	3.7%	2.80	N/A	N/A
Rate of increase in pensions	2.2%	2.40	2.2%	2.40
Rate for discounting scheme liabilities	3.5%	2.60	3.5%	2.60
Take-up of option to convert annual pension	50.0%	50.00	N/A	N/A

The Teachers' Pension Scheme has no assets to cover its liabilities. The Local Government Pension Scheme assets consist of the following categories:

	31-Mar-16	31-Mar-17
	£'000	£'000
Equities	75,465	85,806
Investment Funds	288,085	342,656
Property	11,525	11,542
Alternatives	13,159	12,046
Cash	2,865	2,251
	391,099	454,301

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

42 NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Council's activities expose it to a number of financial risks:

- Credit risk - failure to receive amounts due to the Council;
- Liquidity risk - insufficient funds to meet its commitments;
- Market risk - financial instability arising from changes in interest rates and stock markets.

The Council's overall risk management programme focuses on unpredictability of financial markets and minimises any adverse effects on the resources available to fund services. Risk management is undertaken by the central treasury team, under policies approved by the Council in its treasury management and investment strategy. Specifically it manages the risks listed as follows:

Credit Risk

Arising from deposits with banks and financial institutions, as well as credit exposure to the Council's customers, this risk is minimised by only making deposits with financial institutions once they meet minimum credit criteria. Details are included in the annual investment strategy. The strategy requires the Council to invest its funds prudently and to have regard to security and liquidity of its investments before seeking the highest rate of return or yield. The Council's objective when investing funds is to strike an appropriate balance between risk and return minimising the risk of incurring losses from default and the risk of receiving unsuitably low investment income. This Council has no recent experience of non-payment of its investments and therefore assesses its credit risk in this area as negligible.

The Council formally reviews its approved counterparties which are formalised in its treasury management strategy. In addition the approved counterparties credit ratings are regularly reviewed in conjunction with the treasury management advisors, Arlingclose Ltd.

Arlingclose provides the Council with credit services which use sophisticated modelling approaches with credit ratings from the major credit rating agencies. These counterparty listings are based on credit ratings and by counterparty type (Secured and Unsecured banks, Government, Corporate and Registered Providers).

The Annual Investment Strategy documents the maximum amounts and time limits in respect of each financial institution. The credit limits were not exceeded during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The Council does not currently apply credit ratings to its council tax and trade debtors although this is always under review. Its exposure to non-payment of these debts is summarised as:

	Amount at 31 Mar 2017	Historic experience of default	Estimated Exposure to non- repayment March 2017	Estimated Exposure at 31 Mar 2016
	£'000	%	£'000	£'000
Council tax debts	5,352	1.10	59	58
Trade debtors	5,409	1.52	82	91
			141	149

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Council expects repayment of its general debt within 30 days. However, £3.067m of the £5.970m is past this due date. The general debt is analysed as:

	31-Mar-16	31-Mar-17
	£'000	£'000
Less than thirty days	2,903	3,147
Less than three months	953	675
Three months to one year	1,118	709
More than one year	996	878
	<u>5,970</u>	<u>5,409</u>

The Council has also provided loan agreements to third party organisations who are undertaking city regeneration. The majority of these loans relate to Friars Walk retail development. The loans are subject to the usual commercial warranties to ensure security of assets. The Council are not aware of any historical default issues. These loans are expected to be paid back in full on the agreed dates. Please see financial instrument Note 17 and Contingent Asset Disclosure note 44 for additional disclosures.

Liquidity Risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. The Council has ready borrowing access to the money market and the Public Works Loans Board to cover short term unforeseeable events. However, there is a risk that the Council may need to replenish significant borrowings at a time that interest rates are not favourable. Consequently, under its Treasury Management Strategy it sets limits on the proportion of variable rate borrowings in accordance with CIPFA's Treasury Management recommended practice, currently all of the borrowing is on fixed rate.

	31-Mar-16	31-Mar-17
	£'000	£'000
<u>Loan maturity</u>		
Less than one year	35,660	65,472
Between one and two years	39,975	-
Between two and five years	42,316	44,407
More than five years	105,330	102,184
	<u>223,281</u>	<u>212,063</u>

All trade and other payables are repayable in less than one year.

Market Risk

Interest Rate Risk

The Council is exposed to risk in terms of its exposure to changes in interest rates on its borrowings and investments. These are very complex to the extent that an increase in interest rates would have the following effects:

- Borrowing at variable rates will see an increase in the expenses interest charged to the Income and Expenditure account;
- Investments at variable rates will see an increase in the income interest shown on the Income and Expenditure account.

The impact of interest rate changes in borrowing and investment held at variable interest rates will impact on the Council's Income and Expenditure account and therefore it's Council Fund Balances.

The Council has a number of strategies to manage the interest rate risk, as contained within its treasury management and investment strategy. Where it is economically sound to do so the Council will, during falling interest rates, repay early high cost fixed rate loans to limit loss exposure.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The treasury management team actively assesses the Council's interest rate exposure and feeds this into its medium term financial planning process. This minimises any adverse effects. The Council does not currently have any borrowing at variable interest rates.

Price Risk

The Council does not generally invest in equity shares and therefore has no exposure to movement in share price.

Foreign exchange risk

The Council has a small Euro bank account of approximately €2,000. The exposure to losses arising from movement in exchange rates is therefore negligible.

43 CONTINGENT LIABILITIES

There are a number of contingent liabilities identified as at 31 March 2017:

- **MMI Insurances** - The Council manages the residual insurance fund of the former Gwent County Council. Municipal Mutual Insurance Limited (MMI) covers some of the claims of both ex- authorities (Gwent CC and Newport Borough Council). Following a High Court case in March 2012, MMI has now confirmed that they will be unable to settle the remaining claims in total, and the Council is now required to meet a balance of the remaining claims.

In April 2013, Ernst & Young, the Scheme Administrators advised that the levy to be paid by Members had been set at the mid-point (15%) of the potential ranges of between 9.5 % and 28%. The 15% levy at £463k (based on the Council's current claims value of £3.085m) was paid during the financial year. In March 2016, the Scheme Administrators then recommended that the levy should be increased to 25%, meaning that Newport City Council had an additional levy of 10% requested. This equated to £347k, and this was paid in 2016/17. A reserve was established in 2013/14 which now totals £602k to manage the risk of the levy ultimately being set at 35%. In addition, a provision of £150k, as detailed in note 23 is available for any outstanding claims for which Newport is responsible.

- **Insurance Claims** - The Council manages current insurance claims made against it on an on-going basis. As at 31 March 2016 the total claims outstanding were £3.445m. Claims totalling £1.182m have been included as a provision in Note 23. However, the remaining claims totalling an estimated £2.1m (2015/16: £2.22m) were un-finalised with significant uncertainty remaining over their final liability, and hence are shown here as a contingent liability. A reserve of £1.706m has been established to manage this risk. This does however, include a specific reserve for £250k for 'Trees Claims'. There are a number of claims against the Council that are not included within the insurance cover. These relate to discrimination, employment tribunals, copyright claims and civil litigation, it is difficult to quantify the amount of these claims and the likelihood of the liability, and the Council is disputing all of the claims.
- **Newport City Homes** - As part of the legal agreements associated with the transfer of the housing stock, the Council provided a number of property-related, employment, planning, environmental and other warranties to Newport City Homes and its funders. The property-related warranties are limited to £9,000 per property, and cover 9,144 separate properties. Other warranties and indemnities would only apply after Newport City Homes has committed pre-determined levels of expenditure within its Business Plan. To date there has been no call on these warranties.
- **Financial Guarantees** – The Council has entered into a number of agreements to act as guarantor in particular regarding the safeguarding of former employees' pension rights when their employment was transferred to third party organisations. There is no quantifiable liability to the Council; however there remains a potential liability in future years.

Statement of Accounts 2016/17

Newport City Council

44 CONTINGENT ASSETS

No contingent assets were identified at 31 March 2017.

45 LIMITED COMPANIES

The South East Wales Education Achievement Service Ltd

This is a company limited by guarantee, with the five Local Authorities in the Gwent area each being a member of the company.

The objects of the company are to provide services to the participating authorities in relation to their functions in the field of education and, subject to the participating authorities' unanimous prior approval, to other local authorities and other persons exercising functions in the field of education.

An extract of the key figures from the draft unaudited accounts of the company for the year-ending 31 March 2017 is reproduced below.

EAS	31-Mar-16	31-Mar-17
Draft accounts	£'000	£'000

Payments of £1.182m were made to the South East Wales Education Achievement Service Ltd by the Council in 2016/17.

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

Newport Transport Ltd

This is a wholly owned “arms-length” company of the Council set up under the Transport Act 1985 to run a passenger bus service. The accounts for Newport Transport are consolidated into the Group Accounts starting on page 1334 .

Copies of the company's financial statements can be obtained from Newport Transport Ltd, 160 Corporation Road, Newport, South Wales, NP20 0WF.

Newport Norse

The Council's first joint venture company, Newport Norse, was launched on July 1st 2014. The new JV company, which now oversees the Council's property maintenance, estates, facilities management and capital projects design functions. Newport Norse and their subsidiary NPS Newport Limited, are Joint Venture Companies in which the Council has a 20% share and minority representation on the Board. The Council has a 50% “gain share” in the profits, which reduces the Council's service charge. Second year's trading (accounting period covering January 2015 to January 2016) delivered a profit share of £223k to the Council. The draft set of accounts are detailed below

	31-Mar-16	31-Mar-17

Newport City Council

46 POOLED BUDGETS

The Council has entered into two pooled budget arrangements:

The Gwent Wide Integrated Community Equipment Service (GWICES) is a Section 33 Partnership Agreement between the five Local Authorities in the Gwent area and the Aneurin Bevan Local Health Board for the provision of an efficient and effective integrated community equipment service to users who are resident in the partner localities. This agreement came into effect on 1 October 2008.

The Income & Expenditure Account and Balance Sheet of this arrangement is:

	31-Mar-16	31-Mar-17
	Total	Total
	£'000	£'000
Expenditure		
Staff	87	138
Non-Staff	2,594	3,078

Contribution to Lead Commissioner - LHBs	(26)	(23)
Community Resource Team (Frailty Project)	(62)	(252)
Total	(2,682)	(3,217)

Notes to the Statement of Accounts

Statement of Accounts 2016/17

Newport City Council

The Gwent Frailty Programme is a Section 33 Partnership Agreement between the five Local Authorities in the Gwent area and the Aneurin Bevan Local Health Board for the delivery of a range of services to avoid hospital admissions, facilitate early discharge and help individuals remain “happily independent”. The Community Resource Teams (CRTs) provide integrated Urgent Response, Re-enablement and Falls services within each locality in line with agreed Locality Annual Commissioning Plans (LCPs). This agreement came into effect on 4 April 2011, although some expenditure was incurred to establish the scheme during the previous year.

47 JOINT VENTURES

The Code defines a joint arrangement as “a contractual arrangement under which the participants engage in joint activities that do not create an entity because it would not be carrying on a trade or business of its own. A contractual arrangement where all significant matters of operating and financial policy are predetermined does not create an entity because the policies are those of its participants, not of a separate entity”.

The Code indicates that where such joint arrangements exist each participant should account directly for its share of the assets, liabilities, income, expenditure and cash flows held within or arising from the arrangement.

The Council has five such joint arrangements:

- Gwent Joint Records Committee
- Greater Gwent Cremation Committee
- Project Gwyrdd
- Welsh Purchasing Consortium
- Coroners Joint Committee

48 TRUST FUNDS AND THIRD PARTY ASSETS

Details of trusts are as follows:

	31-Mar-16	31-Mar-17
	£	£
Miscellaneous Education Funds	48,943	33,241

The Council passed a number of its trust fund holdings to the Community Foundation in Wales and with the agreement of the Charities Commission, passed the management of a number of other dormant funds to schools in 2008/09. The Council acts as sole trustee for the remaining Education trust funds.

The Council operates 147 (2015/16: 142) appointee bank accounts holding £1,055,260 (2015/16: £1,097,399). These relate to third party monies held by the Council on behalf of its Social Service clients. These figures have been excluded from cash and cash equivalent figures reported in the accounts.

INTRODUCTION

The group accounts that follow comply with the requirement of the 2016/17 Code that a Local Council with interests in subsidiaries, associates and joint ventures should prepare group accounts in addition to its single entity accounts. These accounts consolidate the operating results and balances of Newport City Council and its subsidiary Newport Transport Limited. At the point of consolidation, the draft accounts were available and are what are included within the Group Accounts.

Where a note is identical to Newport City Councils individual accounts, no further disclosure has been made.

These accounts have been updated following the 2015/16 audited accounts for Newport Transport Ltd, therefore in addition to the restatements of balances for 2015/16 in relation to Newport City Councils accounts, the group accounts have been updated for restatements included in Newport Transport accounts.

ACCOUNTING POLICIES APPLICABLE TO THE GROUP ACCOUNTS

Basis of Consolidation

The group accounts have been prepared on the basis of full consolidation of the financial transactions and balances of Newport City Council and Newport Transport Ltd. Inter-group transactions and balances between the Council and its subsidiary have been eliminated in full.

Accounting policies

The accounting policies for both Newport City Council and Newport Transport are materially aligned.

Finance Leases

Both the Council and Newport Transport have acquired a number of vehicles and equipment under finance leases. The assets acquired under these leases are included in Property Plant and Equipment in the balance sheet at the following net amounts as these are cancellable:

	31-Mar-16	31-Mar-17
	£'000	£'000
	Restated	
Vehicle, Plant, Furniture and Equipment	2,505	1,557
	<u>2,505</u>	<u>1,557</u>

Both the Council and Newport Transport are committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Council and finance costs that will be payable by the Council in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

	31-Mar-16	31-Mar-17
	£'000	£'000
	Restated	
Finance lease liabilities (net present value of minimum lease payments)		
- current	948	840
- non-current	1,557	717
Finance costs payable in future years	158	5
Minimum lease payments	<u>2,663</u>	<u>1,562</u>

Notes to the Group Accounts

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Estimated duration of benefit obligation is 18 years. The Teacher's Discretionary Benefits and Great Gwent (Torfaen) Pension Fund liabilities have been assessed by Hymans Robertson LLP, an independent firm of actuaries, estimates for the Greater Gwent (Torfaen) Pension Fund being based on the latest full valuation of the scheme as at 31 March 2013.

The principal assumptions used by the actuary have been:

	Local Government Pension Scheme		Unfunded Teachers Discretionary Benefits Pension Scheme		Newport City Transport Pension Scheme	
	31-Mar-16	31-Mar-17	31-Mar-16	31-Mar-17	31-Mar-16	31-Mar-17
Mortality assumptions:						
Longevity at 65 for current pensioners:						
- Men (years)	23	21.50	23	21.50	23	21.5
- Women (years)	25.4	23.90	25.4	23.90	25.4	23.9
Longevity at 65 for future pensioners:						
- Men (years)	25.2	23.60	N/A	23.6	25.2	23.6
- Women (years)	27.8	26.10	N/A	26.1	27.8	26.1
Other Assumptions:						
Rate of CPI Inflation	2.2%	2.4%	2.2%	2.4%	2.1%	2.4%
Rate of increase in salaries	3.7%	2.80	N/A	N/A	3.6%	2.8%
Rate of increase in pensions	2.2%	2.40	2.2%	2.40	2.1%	-
Rate for discounting scheme liabilities	3.5%	2.60	3.5%	2.60	3.4%	2.5%
Take-up of option to convert annual pension	50.0%	50.00	N/A	N/A	0.5%	-

Adjustments to deferred tax charge in respect of previous period	-	-
Rate different regarding other comprehensive income	1	-
Total tax charge for the year	<u>57</u>	<u>60</u>

Glossary of Accounting Related Terminology

Statement of Accounts 2016/17

Newport City Council

GLOSSARY OF TERMS

- **Accruals Basis**
The accruals principle is that income is recorded when it is earned rather than when it is received, and expenses are recorded when goods or services are received rather than when the payment is made.
- **Actuarial Gains and Losses Re-measurement of Net Defined Benefit Liability**
Actuaries assess financial and non-financial information provided by the Council to project levels of future pension fund requirements. Changes in actuarial deficits or surpluses can arise leading to a loss or gain because events have not coincided with the actuarial assumptions made for the last valuation and the actuarial assumptions have changed.
- **Agency Services**
These are services that are performed by or for another Council or public body, where the principal (the Council responsible for the service) reimburses the agent (the Council carrying out the work) for the costs of the work.
- **Appointed Auditors**
The Audit Commission appoints external auditors to every Local Council, from one of the major providers of registered auditors. The Welsh Audit Office is the Council's appointed Auditor.
- **Authorised Limit**
This represents the legislative limit on the Council's external debt under the Local Government Act 2003.
- **Balances**
The balances of the Council represent the accumulated surplus of income over expenditure on any of the Funds.
- **Capital Adjustment Account**
The Account accumulates (on the debit side) the write-down of the historical cost of Property, Plant and Equipment as they are consumed by depreciation and impairments or written off on disposal. It accumulates (on the credit side) the resources that have been set aside to finance capital expenditure. The same process applies to capital expenditure that is only capital by statutory definition (revenue expenditure funded by capital under statute). The balance on the account thus represents timing differences between the amount of the historical cost of fixed assets that has been consumed and the amount that has been financed in accordance with statutory requirements.
- **Capital Expenditure**
This is expenditure on the acquisition of property, plant and equipment, or expenditure, which adds to, and not merely maintains, the value of an existing fixed asset.
- **Capital Financing Charges**
This is the annual charge to the revenue account in respect of interest and principal repayments and payments of borrowed money, together with leasing rentals.
- **Capital Receipts**
Income received from the sale of land or other capital assets, a proportion of which may be used to finance new capital expenditure, subject to the provisions contained within the Local Government Act 2003.
- **Carrying Amount**

Glossary of Accounting Related Terminology

Statement of Accounts 2016/17

Newport City Council

The Balance Sheet value recorded of either an asset or a liability.

- **Chartered Institute of Public Finance and Accountancy (CIPFA)**

CIPFA is the leading professional accountancy body for public services.

- **Community Assets**

This is a category of Property, Plant and Equipment that the Council intends to hold in perpetuity which have no determinable finite useful life and, in addition, may have restrictions on their disposal. Examples include parks and historical buildings not used for operational purposes.

- **Contingency**

This is money set aside in the budget to meet the cost of unforeseen items of expenditure, or shortfalls in income, and to provide for inflation where this is not included in individual budgets.

- **Contingent Liabilities or Assets**

These are amounts potentially due to or from individuals or organisations which may arise in the future but which at this time cannot be determined accurately, and for which provision has not been made in the Council's Statement of Accounts.

- **Council Tax Requirement**

This is the estimated revenue expenditure on General Fund services that needs to be financed from the Council Tax after deducting income from fees and charges, certain specific grants and any funding from reserves.

- **Creditors**

Amounts owed by the Council for work done, goods received or services rendered, for which payment has not been made at the date of the balance sheet.

- **Current Service Cost**

Current Service Cost is the increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period, i.e. the ultimate pension benefits "earned" by employees in the current year's employment.

- **Debtors**

These are sums of money due to the Council that have not been received at the date of the Balance Sheet.

- **Deferred Capital Receipts**

These represent capital income still to be received after disposals have taken place and wholly consists of principal outstanding from the sale of council houses.

- **Depreciation**

This is the measure of the wearing out, consumption, or other reduction in the useful economic life of Property, Plant and Equipment.

- **Derecognition**

Financial assets and liabilities will need to be removed from the Balance Sheet once performance under the contract is complete or the contract is terminated.

Glossary of Accounting Related Terminology

Statement of Accounts 2016/17

Newport City Council

- **Discounts**
Discounts represent the outstanding discount received on the premature repayment of Public Works Loan Board loans. In line with the requirements of the Code, gains arising from the repurchase or early settlement of borrowing have been written back to revenue. However, where the repurchase or borrowing was coupled with a refinancing or restructuring of borrowing with substantially the same overall economic effect when viewed as a whole, gains have been recognised over the life of the replacement loan.
- **Earmarked Reserves**
The Council holds a number of reserves earmarked to be used to meet specific, known or predicted future expenditure.
- **External Audit**
The independent examination of the activities and accounts of Local Authorities to ensure the Statement of Accounts have been prepared in accordance with legislative requirements and proper practices and to ensure the Council has made proper arrangements to secure value for money in its use of resources.
- **Fair Value**
Fair value is the price at which an asset could be exchanged in an arm's length transaction, less any grants receivable towards the purchase or use of the asset.
- **Financial Regulations**
These are the written code of procedures approved by the Council, intended to provide a framework for proper financial management. Financial regulations usually set out rules on accounting, audit, administrative and budgeting procedures.
- **Housing Benefit**
This is an allowance to persons on low income (or none) to meet, in whole or part, their rent. Benefit is allowed or paid by Local Authorities but Central Government refunds part of the cost of the benefits and of the running costs of the services to Local Authorities. Benefits paid to the Council's own tenants are known as rent rebate and that paid to private tenants as rent allowance.
- **Impairment**
A reduction in the value of a fixed asset below its value brought forward in the Balance Sheet. Examples of factors which may cause such a reduction in value include general price decreases, a significant decline in a fixed asset's market value and evidence of obsolescence or physical damage to the asset.
- **Infrastructure Assets**
A category of Property, Plant and Equipment which generally cannot be sold and from which benefit can be obtained only by continued use of the asset created. Examples of such assets are highways, footpaths, bridges and water and drainage facilities.
- **International Financial Reporting Standard (IFRS)**
These are the defined Accounting Standards that must be applied by all reporting entities to all Statement of Accounts in order to provide a true and fair view of the entity's financial position, and a standardised method of comparison with Statement of Accounts of the other entities.
- **Joint Venture**
A Joint Venture is an arrangement under which two or more parties have contractually agreed to share control, such that decisions about the activities of the arrangement are given unanimous consent from all parties.

Glossary of Accounting Related Terminology

Statement of Accounts 2016/17

Newport City Council

- **Lender Option Borrower Option (LOBO)**

A LOBO is a type of loan instrument. The borrower borrows a principal sum for the duration of the loan period (typically 20 to 50 years), initially at a fixed interest rate. Periodically (typically every six months to 3 years), the lender has the ability to alter the interest rate. Should the lender make this offer, the borrower then has the option to continue with the instrument at the new rate or alternatively to terminate the agreement and pay back the principal sum with no other penalty.

- **Liabilities**

These are amounts due to individuals or organisations which will have to be paid at some time in the future. Current liabilities are usually payable within one year of the Balance Sheet date.

- **Materiality**

An item would be considered material to the Statement of Accounts if, through its omission or non-disclosure, the Statement of Accounts would no longer show a true and fair view.

- **Minimum Revenue Provision (MRP)**

MRP is the minimum amount which must be charged to an Council's revenue account each year and set aside as a provision for credit liabilities, as required by the Local Government and Housing Act 1989. Net debt is the Council's borrowings less cash and liquid resources.

- **Precept**

The amount levied by various Authorities that is collected by the Council on their behalf.

- **Premiums**

These are discounts that have arisen following the early redemption of long term debt, which are written down over the lifetime of replacement loans where applicable.

- **Prior Period Adjustments**

These are material adjustments which are applicable to an earlier period arising from changes in accounting policies or for the correction of fundamental errors.

- **Private Finance Initiative (PFI)**

A Central Government initiative which aims to increase the level of funding available for public services by attracting private sources of finance. The PFI is supported by a number of incentives to encourage Authorities' participation.

- **Public Works Loan Board (PWLB)**

An arm of Central Government which is the major provider of loans to finance long term funding requirements for Local Authorities

- **Related Parties**

Related parties are Central Government, other Local Authorities, precepting and levying bodies, subsidiary and associated companies, Elected Members, all senior officers from Director and above and the Pension Fund. For individuals identified as related parties, the following are also presumed to be related parties:

- members of the close family, or the same household; and
- partnerships, companies, trusts or other entities in which the individual, or member of their close family or the same household, has a controlling interest.

Glossary of Accounting Related Terminology

Statement of Accounts 2016/17

Newport City Council

- **Reporting Standards**

The Code of Practice prescribes the accounting treatment and disclosures for all normal transactions of a Local Council. It is based on International Financial Reporting Standards (IFRS), International Accounting Standards (IAS) and International Financial Reporting Interpretations Committee (IFRIC) plus UK Generally Accepted Accounting Practice (GAAP) and Financial Reporting Standards (FRS).

- **Revaluation Reserve**

The Reserve records the accumulated gains on the fixed assets held by the Council arising from increases in value as a result of inflation or other factors (to the extent that these gains have not been consumed by subsequent downward movements in value).

- **Service Reporting Code of Practice (SERCOP)**

Prepared and published by CIPFA, the Service Reporting Code of Practice (SERCOP) is reviewed annually to ensure that it develops in line with the needs of modern Local Government, Transparency, Best Value and public services reform. SERCOP establishes proper practices with regard to consistent financial reporting for services in England and Wales, it is given legislative backing by regulations which identify the accounting practices it propounds as proper practices under the Local Government Act 2003.

- **Treasury Management**

This is the process by which the Council controls its cash flow and its borrowing and lending activities.

- **Trust Funds**

These are funds administered by the Council on behalf of charitable organisations and/or specific organisations.

- **Unsupported (Prudential) Borrowing**

This is borrowing for which no financial support is provided by Central Government. The borrowing costs are to be met from current revenue budgets.

Summary report

Introduction

- 1 The Auditor General is responsible for providing an opinion on whether the financial statements give a true and fair view of the financial position of Newport City Council and Newport City Council Group at 31 March 2017, and their income and expenditure for the year then ended.
- 2 We do not try to obtain absolute assurance that the financial statements are correctly stated, but adopt the concept of materiality. In planning and conducting the audit, we seek to identify material misstatements in your financial statements, namely, those that might result in a reader of the accounts being misled.
- 3 The quantitative level at which we judge such misstatements to be material for the Council and the Group is £4.568 million. Whether an item is judged to be material can also be affected by certain qualitative issues such as legal and regulatory requirements and political sensitivity. For example, we adopt lower materiality levels for the audit of officers' remuneration and related party disclosures.
- 4 We are grateful to the Council and staff for their assistance, good quality working papers and draft accounts provided during the course of our audit.

Status of the audit

- 5 We received the draft financial statements for the year ended 31 March 2017 prior to the agreed deadline of 30 June 2017, and have now substantially completed the audit work.
- 6 We are reporting to you the more significant issues arising from the audit, which we believe you must consider prior to approval of the financial statements. The audit team has already discussed these issues with the Head of Finance.

Proposed audit report

- 7 It is the Auditor General's intention to issue an unqualified audit report on the financial statements once you have provided us with a Letter of Representation based on that set out in [Appendix 1](#).
- 8 The proposed audit report is set out in [Appendix 2](#).

Significant issues arising from the audit

Uncorrected misstatements

- 9 We set out below the misstatements we identified in the financial statements, which have been discussed with management but remain uncorrected, and request that these are corrected. If you decide not to correct these misstatements, we ask that you provide us with the reasons for non-correction.

- **Value of Newport Transport Ltd. depot understated by £376,000**

The Newport City Council Group (the Group) accounts contain land and buildings relating to both the Council and Newport Transport Ltd. The Group accounting policy for land and buildings states that such assets are to be revalued every five years at a minimum.

However, Newport Transport Ltd follow a different accounting policy where land and buildings are accounted for at historical cost at the time of purchase or acquisition, less accumulated depreciation and impairments. These assets are not revalued.

Consequently, the accounting policy followed by Newport Transport Ltd is not aligned with the accounting policy of the Group. Newport Transport Ltd only has one land and building asset recorded in its balance sheet – the Newport Transport bus depot. This has been included in the Group accounts at a net book value which is £376,000 below that provided by an external valuer in 2015.

Therefore, according to the Group accounting policy for property, plant and equipment, the value of the bus depot is understated by £376,000. Given the low value involved and the many accounting entries that would result, management have decided not to correct this item.

Corrected misstatements

- 10 There are misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process. They are set out with explanations in [Appendix 3](#).

Other significant issues arising from the audit

- 11 In the course of the audit, we consider a number of matters both qualitative and quantitative relating to the accounts and report any significant issues arising to you. There were some issues arising in these areas this year:

- **We have no concerns about the qualitative aspects of your accounting practices and financial reporting.**

We found the information provided to be relevant, reliable, comparable, material and easy to understand. We concluded that accounting policies and estimates are appropriate and financial statement disclosures unbiased, fair and clear.

There has been further improvement in the working papers provided to support the financial statements this year. We have worked with management to review working papers on more significant or complex account areas early in the year, with a view to planning for future early closure of local government accounts.

A number of adjustments have been processed following the audit (as raised in [Appendix 3](#)) but these do not reflect any significant underlying issues with the Council's accounting practices. Some of the adjustments are large in value but it should be noted that none of the adjustments impact on the Council's General Fund balance.

- **We did not encounter any significant difficulties during the audit.**

We received information in a timely and helpful manner and were not restricted in our work.

- **There were some significant matters discussed and corresponded upon with management which we need to report to you.**

- **Sale of Friars Walk retail centre**

The Friars Walk retail centre was sold by Queensbury Real Estate (QRE) to the Talisker Corporation on 9 June 2017. This represented a material transaction after the balance sheet date. Details of this transaction were presented to Cabinet on 19 July 2017, and further explanation is now set out in the final Council accounts for 2016-17, within note 4 (events after the balance sheet date).

Given the date of this transaction, the sale of Friars Walk has no financial impact on the 2016-17 financial statements.

- **Group accounting policies**

The draft accounts set out a number of areas where the accounting policies of Newport Transport Ltd. differed from those of the Council. Our audit confirms that these policy differences do not result in any material differences to the financial statements. We have reported the key difference arising as a result of different accounting policies between the Council and Newport Transport Ltd in paragraph 12 above.

For presentational reasons, it was agreed to remove these differing policies from the Group accounts, and instead confirm that the Group accounting policies materially align to those used by the Council.

- **There are no other matters significant to the oversight of the financial reporting process that we need to report to you.**

- **We did not identify any material weaknesses in your internal controls.**

- **There are not any other matters specifically required by auditing standards to be communicated to those charged with governance.**

Recommendations arising from our 2016-17 audit work

- 12 The recommendations arising from our financial audit work will be reported separately in a Financial Accounts Memorandum, which we expect to present to the Audit Committee in November 2017. We will follow up progress on recommendations during next year's audit. Where any recommendations are outstanding, we will report them to you in next year's report.

Independence and objectivity

- 13 As part of the finalisation process, we are required to provide you with representations concerning our independence.
- 14 We have complied with ethical standards and in our professional judgment, we are independent and our objectivity is not compromised. There are no relationships between the Wales Audit Office and the Council that we consider to bear on our objectivity and independence.

Representations regarding the 2016-17 financial statements

This letter is provided in connection with your audit of the financial statements (including that part of the Remuneration Report that is subject to audit) of Newport City Council and Newport City Council Group for the year ended 31 March 2017 for the purpose of expressing an opinion on their truth and fairness and their proper preparation.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- The preparation of the financial statements in accordance with legislative requirements and the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2016-17; in particular the financial statements give a true and fair view in accordance therewith.
- The design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;

- additional information that you have requested from us for the purpose of the audit; and
- unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
- The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- Our knowledge of fraud or suspected fraud that we are aware of and that affects Newport City Council and Newport City Council Group and involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
- Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
- Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
- The identity of all related parties and all the related party relationships and transactions of which we are aware.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

There are no material differences between the accounting policies of Newport City Council and Newport City Council Group.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. A summary of these items is set out below:

Value of Newport Transport Ltd. depot understated by £376,000

The statement of accounts for the Group are based on the consolidation of Newport City Councils and Newport Transport Ltd single entity accounts. The value of the asset that has been consolidated into the Group accounts is that which is included in the Newport Transport Ltd accounts. Due to the accounting treatment used by Newport Transport Ltd and those required to be used as per the accounting policy for the group, there is a small difference in the valuation that is recorded as per the latest valuation undertaken by Newport Transport.

Due to the small value and the complex nature of the transactions that would need to be put through the accounts it has been decided we will not make an adjustment for this.

Representations by the Audit Committee

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for ensuring that the company maintains adequate accounting records.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by the Audit Committee on 21 September 2017.

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware.

Appendix 2

Proposed audit report of the Auditor General to Newport City Council

Auditor General for Wales' report to the Members of Newport City Council

I have audited the accounting statements and related notes of:

- Newport City Council; and
- Newport City Council Group

for the year ended 31 March 2017 under the Public Audit (Wales) Act 2004.

Newport City Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and the related notes.

Newport City Council Group's accounting statements comprise the Group Movement in Reserves Statement, the Group Comprehensive Income and Expenditure Statement, the Group Balance Sheet, the Group Cash Flow Statement and the related notes.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 21, the responsible financial officer is responsible for the preparation of the statement of accounts, including Newport City Council Group's accounting statements, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Newport City Council and Newport City Council Group's circumstances and have been consistently applied and adequately disclosed; the

reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Narrative Report and Annual Governance Statement to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Newport City Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Newport City Council as at 31 March 2017 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17.

Opinion on the accounting statements of Newport City Council Group

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Newport City Council Group as at 31 March 2017 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2016-17.

Opinion on other matters

In my opinion, the information contained in the Narrative Report and Annual Governance Statement is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- The Annual Governance Statement does not reflect compliance with guidance.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Newport City Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

For and on behalf of
Huw Vaughan Thomas
Auditor General for Wales
28 September 2017

24 Cathedral Road
Cardiff
CF11 9LJ

Appendix 3

Summary of corrections made to the draft financial statements which should be drawn to the attention of Newport City Council

During our audit we identified the following misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process.

There are no corrections which affect the Council's General Fund balance.

Exhibit 1: corrections to the financial statements which do not affect the General Fund

Value of correction	Nature of correction	Reason for correction
£5.2 million decrease in income and expenditure within the Comprehensive Income and Expenditure Statement (CIES).	To remove income and expenditure which does not relate to Council activity in 2016-17.	The Council processes payroll for Newport Live. In prior years, staff costs for leisure were correctly recorded in the Council's accounts, but Newport Live is now independent of the Council. Newport Live staff costs for 2016-17 had been incorrectly charged to expenditure, with recharges recorded as income. This correction reduces both income and expenditure in the CIES. Therefore, it does not affect the General Fund.
£4.9 million increase in expenditure within the CIES.	To recognise impairment of assets transferred to operational use in 2016-17.	Our audit identified two assets with a cost of £4.9 million within 'assets under construction', despite being brought into operational use. These assets are now transferred to 'other land and buildings' with a value of £1 each as they relate to landfill sites. The difference has been charged as an impairment to the CIES. This correction increases the CIES 'deficit on provision of services' by £4.9 million, but does not affect the General Fund.
£3.7 million decrease in income and expenditure within the CIES.	To remove internal recharges that have been incorrectly recorded in 2016-17.	Internal recharges incurred by schools have been incorrectly included in the CIES. Therefore, expenditure recorded within 'schools' and income recorded within 'education' needs to be removed. This correction reduces both income and expenditure in the CIES. Therefore, it does not affect the General Fund.

Value of correction	Nature of correction	Reason for correction
£605,000 decrease in expenditure within the CIES.	To capitalise expenditure incorrectly taken to the CIES in 2016-17.	Expenditure relating to demolition of a Council-owned building had been incorrectly charged to the CIES as 'revenue expenditure funded from capital under statute'. This correction reduces the CIES 'deficit on provision of services' by £605,000, but does not affect the General Fund.
£278,000 decrease in expenditure within the CIES.	To accurately record the increase in accumulated absence provision in 2016-17.	Our audit identified an overstatement of this provision, which shows the value of annual leave accrued by staff. This correction reduces the CIES 'deficit on provision of services' by £278,000, but does not affect the General Fund.

Exhibit 2: corrections relating to presentational/disclosure matters only

Area of correction	Nature of correction	Reason for correction
2015-16 Comprehensive Income & Expenditure Statement: Classification of income and expenditure.	To ensure that income and expenditure is classified in the correct CIES service areas.	The CIPFA Code required the CIES service areas to be revised for both the current and prior years. We reviewed this new disclosure during our audit and identified £10.2 million of 'education' expenditure that should be reclassified to 'schools' in the 2015-16 CIES.
Note 8 (I&E Analysed by Nature): Classification of income and expenditure.	To ensure that this disclosure is presented in line with the CIPFA Code.	Our audit identified a number of misstatements in this note (a new requirement in the CIPFA Code for 2016-17). Changes have therefore been made to the classification of income and expenditure in this note, for both the current and previous financial years.
Note 11 (Other Operating Expenditure): Removal of incorrect precepts and levies.	To ensure that this disclosure is presented in line with the CIPFA Code.	This note initially included precepts for the Home Office and Gwent Archives totalling £458,000. Our audit confirmed that these were not precepts or levies, and as such should not be included in this note.
Note 30 (Officer Remuneration): Amendment of senior officer disclosures for the Council.	To ensure that this disclosure is presented in line with the Accounts & Audit Regulations (Wales) 2014.	Our audit of this disclosure identified a number of presentational errors. Amendments have been made to this note, and consequently we are satisfied that this disclosure now complies with the Regulations.

Area of correction	Nature of correction	Reason for correction
Note 30 (Officer Remuneration): Amendment of remuneration ratio disclosure.	To ensure that this disclosure is presented in line with the Accounts & Audit Regulations (Wales) 2014.	Our audit identified that teachers had been omitted from the draft ratio calculations. This impacts on the median remuneration (which is now disclosed as £21,745) and the ratio itself, which now changes to 1:6.3.
Note 30 (Officer Remuneration): Removal of exit packages agreed in 2015-16.	To ensure that this disclosure is presented in line with the Accounts & Audit Regulations (Wales) 2014.	The total exit package cost included £111,238 in relation to packages agreed in 2015-16 but not paid until 2016-17. This disclosure should reflect those packages agreed in 2016-17 only. These prior year costs have therefore been removed from the table, with text added to separately disclose the amount paid in the year relating to 2015-16.
Note 34 (Capital Expenditure & Financing): Various amendments to the calculation.	To ensure that this disclosure is presented in line with the CIPFA Code.	A number of amendments have been made to this note to ensure that the Capital Financing Requirement (CFR) is correctly calculated and presented. Consequently, the closing CFR has increased by £300,000 to £279.4 million.
Note 35 (Operating Leases - Lessor): Reclassification of finance leases and correction of disclosure.	To ensure that this disclosure is presented in line with the CIPFA Code.	This schedule currently includes an operating lease of £64.395 million relating to the Kingsway Shopping Centre, already recognised as a finance lease in the financial statements. Our audit confirms that this is a finance lease, and that it should be removed from this schedule of operating leases. The draft disclosure also overstated future lease commitments as it included payments made in 2016-17.
Group Accounts: Removal of Newport Transport Ltd accounting policies and other presentational changes.	To ensure that this disclosure is presented in line with the CIPFA Code.	The draft accounts included a number of accounting policies of Newport Transport Ltd which differed from those of the Council. On review, these differences had no material effect on the Group accounts so they have been removed to allow clearer presentation. Also, a number of other amendments have been made to disclosures within the Group accounts.
Various: Other presentational changes to supporting notes.	To ensure that all disclosures are accurately presented.	A number of other narrative, presentational and minor amendments were made to supporting notes throughout the final financial statements.

Appendix 4

Wales Audit Office performance measures

We have agreed a range of targets for the delivery of our financial audit work and I have summarised our assessment of achievements against these targets below:

Exhibit 3: Performance measures

Planned output	Target	Outcome
2017 Audit Plan	March 2017	March 2017
Opinion on Financial Statements	September 2017	September 2017
Audit of Financial Statements Report & Management Letter	September 2017	September 2017

The estimated audit fee set out in our Audit Plan was £191,900. We are estimating that our actual audit fee will be in line with our original estimate.

Report

Audit Committee

Part 1

Date: 25 September 2017

Subject Internal Audit – Progress against Audit Plan 2017/18 Quarter 1

Purpose To inform Members of the Council's Audit Committee of the Internal Audit Section's progress against the 2017/18 agreed audit plan for the first three months of the year and for information on audit opinions given to date and progress against key performance targets.

Author Chief Internal Auditor

Ward General

Summary The attached report identifies that the Internal Audit Section is making good progress against the 2017/18 audit plan and internal performance indicators.

Proposal 1) The report be noted by the Council's Audit Committee

Action by The Audit Committee

Timetable Immediate

This report was prepared after consultation with:

- Chief Financial Officer
- Monitoring Officer
- Head of People and Business Change

Background

1. This report aims to inform Members of the Audit Committee of progress of work undertaken by the Internal Audit Section of the Council against the agreed audit plan. Progress against the audit plan for the first three months of the year will be reported.
2. The report gives Members assurance (or otherwise) on the adequacy of the internal control environment operated within the Council by providing the audit opinions on work undertaken at the end of Q1.

Internal Audit Staffing

3. The team currently operates with an establishment of 8 audit staff. At the start of the year there were 7 audit staff with 1 vacancy in the team. One Auditor left and one Auditor was appointed and started in the team during quarter 1. The remaining vacant post was recently advertised and interviews held during September.
4. In order to take account of the budget savings contribution and the delayering exercise required by senior management following the job evaluation exercise, the Internal Audit team was restructured.
5. The relationship with Monmouthshire County Council (for sharing of the Chief Internal Auditor) continues.

Audit Plan

6. The Public Sector Internal Audit Standards (PSIAS) (IIA) came into force from April 2013 which the team will need to ensure it is compliant with as it carries out work in line with the Audit Plan. These standards replace the former Code of Practice for Internal Audit within Local Government (CIPFA).
7. A requirement of the PSIAS is for the Internal Audit team to be externally assessed once every five years to ensure compliance with these Standards. The Welsh Chief Auditors' Group proposed an option of a peer review in order to meet the requirements of this external assessment, which has been agreed by respective S 151 Officers of local authorities in Wales. Newport's peer review will take place during 2017.
8. The 2017/18 Audit Plan was agreed by the Audit Committee on 30th May 2017.

Performance

9. The Audit Section's performance is measured against planned work, which incorporates externalities like special investigations, financial advice and financial regulations training. Where actual time taken for the review exceeds planned time there will be an impact on the audit plan. Ad-hoc reviews requested by management cannot be planned for but will have an immediate impact on the achievement of the audit plan; we will endeavour to minimise these throughout the year. The section has been involved with minimal special investigations so far this year but if this increases significantly it could have an impact on this year's achievement of the audit plan; so far there have been no unplanned reviews.
10. The section's performance is measured against performance indicators set and agreed by the Welsh Chief Auditors' Group. Performance against these indicators is reported to the Audit

Committee on a quarterly basis; the targets for each of the indicators are set internally by the Chief Internal Auditor.

11. The performance for Quarter 1 2017/18 has been compared to the same period of the previous year (shown in brackets). The figures (**Appendix A**) are cumulative and show that:
 - a. 21% (16%) of the audit plan has been achieved so far which is above last year's performance and higher than the profiled target of 12%;
 - b. The promptness of issue of draft report (comparing timescale between finalising all fieldwork and issuing the draft report to management) averages at 4 days which is well within the target time of 10 days;
 - c. The promptness of report finalisation (comparing timescale from meeting with client to discuss issues raised in the draft report to issue of finalised report to management) averages 8 days (1 day) which is above the target time of 5 days.
12. Coverage of the plan at this stage of the year is above expectations; the target being 12% for Quarter 1. Although there has been a reduced audit resource in the team we have had very little involvement with special investigations. Although performance may dip throughout the year, historically things have picked up in the final quarter; this year will depend on sufficient audit resources being available to complete the audit plan. All key financial systems will be reviewed by the year end.
13. 13 (40) days have been spent finalising 14 (18) 2016/17 audit reviews; 6 of which have been finalised.
14. A vacancy / secondment provision was taken into account in the planning stage which related to the Chief Internal Auditor's work with Monmouthshire, and two Auditor posts.
15. Inevitably there will be some overruns on reviews undertaken within the team which may result in not as many reviews being undertaken as were planned for the year, but there has been a significant improvement in this over previous years.
16. From time to time the team does get involved with non-planned audit work which often results in special investigations. The team has been involved with one such issue for a number of months relating to an allegation of a senior manager colluding with a contractor; this matter has subsequently been referred to the police.

Quality Control

17. On completion of all audit reviews, an evaluation questionnaire is sent out to the service manager with the final report. This gives the manager who has been audited an opportunity to comment on the audit review itself, confirming (or not) that it was of benefit to their service and that the main risks had been covered; the staff, their approach, constructiveness and helpfulness; the report, covering the benefits of discussing the draft report, whether the balance was right via the inclusion of strengths and weaknesses, whether management comments were correctly reflected and if the report format was easy to follow. These questionnaires are returned in confidence to the Chief Internal Auditor who will assess the comments and address any criticisms. Generally, there has been positive feedback from service managers via these questionnaires; this will continue to be collated throughout the year and fed into the annual audit report for 2016/17.

Financial Training

18. In the Audit Section's continued efforts to ensure that Council's assets are safeguarded and to provide assurance to management that their internal controls are robust, further training specifically on financial regulations and contract standing orders is offered to all service areas. An overview of financial management is also part of the Corporate Induction Programme and the course is also available on a self-nomination basis, quarterly, as part of the Corporate Training Programme. Feedback from staff who have attended courses has been positive. During this year the financial training is continuing to be targeted to areas of previous poor performance, in line with the agreed protocol for dissemination of good practice.
19. The training programmes will continue throughout the year; 2 sessions were delivered during Q1 to 12 delegates.

Audit Opinions 2016/17

20. Audit opinions issued so far in 2017/18 are shown at **Appendix B**. Definition of audit opinions currently given is shown at **Appendix D**.
21. 4 jobs completed to at least draft report stage by 30 June 2016 warranted an audit opinion: 4 x *Reasonable, no Unsatisfactory or Unsound*. 2 grant claims were undertaken during Q1; opinions on both were *Unqualified*. Other reports have been completed which did not warrant an audit opinion or related to audit certification work. Other work completed related to the Annual Governance Statement, the Council's performance indicators, provision of financial advice and external clients (**Appendix C**).
22. The audit opinion relates to the adequacy of internal controls within the system or establishment being reviewed. The opinion is derived from the balance of strengths and weaknesses identified from evidence obtained, and testing undertaken, during the audit. Where the auditor believes that any issues identified are the result of a deliberate action and may be in breach of the Disciplinary Code or Employee Code of Conduct, further investigations will be carried out and action taken as appropriate.

Service Management Responsibilities

23. Heads of Service and service managers are responsible for addressing any weaknesses identified in internal systems and demonstrate this by incorporating their agreed actions into the audit reports. When management sign off the reports they are accepting responsibility for addressing the issues identified within the agreed timescales.
24. Although Heads of Service are responsible for implementing and maintaining adequate internal controls within service areas, operational managers are responsible for working within those controls and for ensuring compliance with Council policies and procedures. All reports, once finalised, are sent to the respective Heads of Service for information and appropriate action where necessary.

Follow up audit reviews

25. Where unsatisfactory and unsound opinions are issued, they are followed up within a twelve month timescale to ensure that the agreed actions have been taken by management and that the internal control systems are improved. These are reported separately to this Audit Committee on a six-monthly basis.

Financial Summary

26. There are no financial issues related to this report.

Risks

27.

Risk	Impact of Risk if it occurs* (H/M/L)	Probability of risk occurring (H/M/L)	What is the Council doing or what has it done to avoid the risk or reduce its effect	Who is responsible for dealing with the risk?
Audit Plan not completed	M	M	Currently going through a recruitment exercise to fill the vacant posts in the team.	Chief Internal Auditor

* Taking account of proposed mitigation measures

Links to Council Policies and Priorities

28. Giving management assurance on systems in operation gives them confidence that there is sound financial management in place, that more effective services can be provided and the risk of theft, fraud and corruption is minimised. Better service provision, looking after the public pound makes our City a better place to live for all our citizens.

- To make our city a better place to live for all our citizens
- To be good at what we do
- To work hard to provide what our citizens tell us they need

Options Available

29. This is a factual progress report and therefore there are no specific options, as such. The quarterly reports provide a mechanism for monitoring the performance and progress of the Internal Audit team and the adequacy of the Council's internal control environment to ensure the public pound is spent wisely and appropriately and that fraud, theft and corruption is minimised.

30. The Audit Committee is asked to note progress on delivery of the audit plan and audit opinions given to date and ask questions, make observations and recommendations, as necessary.

Preferred Option and Why

31. N/A

Comments of Chief Financial Officer

32. I can confirm that I have been consulted and have no additional comments.

Comments of Monitoring Officer

33. There are no legal implications. The Report has been prepared in accordance with the Council's internal audit procedures and the Performance Management framework. The progress made to date in delivering the objectives set out in the approved Audit Plan highlights the effectiveness of the work undertaken by this service area in ensuring that adequate and effective internal financial controls are in place.

Staffing Implications: Comments of Head of People and Business Change

34. There are no specific HR issues arising as a result of the report. In terms of Corporate Policy & Performance, the report presents a review of audit activity during the period concerned and is set out in the context of performance framework. Clearly the work of the audit team is critical in giving assurance that the work of the Council is being undertaken within the set policies and procedures.

Report

Audit Committee

Part 1

Date: 25 September 2017

Subject **Work Programme**

Purpose To report the details of this Committee's work programme.

Author Overview and Scrutiny Officer

Ward General

Summary The purpose of a forward work programme is to help ensure Councillors achieve organisation and focus in the undertaking of enquiries through the Audit Committee function.

This report presents the current work programme to the Committee for information and details the items due to be considered at the Committee's next two meetings.

Proposal **The Committee is asked to endorse the proposed schedule for future meetings, confirm the list of people it would like to invite for each item, and indicate whether any additional information is required.**

Action by Audit Committee

Timetable Immediate

This report was prepared after consultation with:

- Head of Law and Regulation
- Head of Finance
- Head of People and Business Change

Background

The purpose of a forward work programme is to help ensure Councillors achieve organisation and focus in the undertaking of enquiries through the Audit Committee function.

Attached at Appendix 1 is the forward work programme for this Committee. Below are the items scheduled to be presented at the Committee's next two meetings. Committee Members are asked to endorse this schedule, confirm the list of people they would like to invite for each item, and indicate whether any additional information or research is required.

30 November 2017

Internal Audit Plan 2017/18 – Progress (Quarter 2)
SO24/Waiving of Contract SOs: Quarterly report reviewing Cabinet/CM urgent decisions or waiving Contract SOs (Quarter 2, July to September)
Treasury Management Report (April to September)
Lessons Learned 2016/17
Report on Audit Committee Self Evaluation Exercise
Referrals to Audit Committee

25 January 2018

Internal Audit Plan – Progress (Quarter 3)
Financial Memorandum on the 2016-17 Financial Audit
Treasury Management Report
Corporate Risk Register (Considered by Cabinet in Jan)
Regulatory Reports Summary (6 monthly report)
Internal Audit Unsatisfactory Audit Opinions (6 monthly report)
Referrals to Audit Committee

Financial Summary

Please see comments from Chief Financial Officer below.

Risks

If proper work programming procedures are not put in place, the organisation and prioritisation of the work programme is put at risk. The work of the Audit Committee could become disjointed from the work of the rest of the Council, which could undermine the positive contribution Audit Committee makes to service improvement.

This report is presented to each Committee every month in order to mitigate that risk. The specific risks associated with individual topics on the work programme will need to be addressed as part of the Committee's investigations.

Comments of Chief Financial Officer

There will be financial consequences for some of the reviews undertaken. These will be commented upon as the reports are presented. The preparing and monitoring of the work programme is done by existing staff for which budget provision is available.

Comments of Monitoring Officer

I have no comments, as there are no legal implications.

Staffing Implications: Comments of Head of People and Business Change

There are no staffing implications within this report. Any staffing implications of the reviews in the work programme will need to be addressed in individual reports.

Background Papers

None.
