Annual Digital Report 2019-2020

Options Considered/Reasons for Decision

Technology was critically important to all organisations in effective and efficient service delivery. Newport City Council relied hugely on IT systems for its effective day to day operation. In addition, the provision of digital infrastructure for the city was now another important aspect of the use of technology in the day to day lives of citizens.

The purpose of the report was to provide an assessment of the IT and digital arrangements for the council and identify where action was required to address weaknesses and make improvements.

To endorse the Annual Digital Report 2019-20 and proposed actions.
