C&R 04/21

Annual Digital Report 2020/21

Options Considered/Reasons for Decision

Technology was critically important to all organisations in effective and efficient service delivery. Newport City Council relied massively on IT systems for its effective day to day operation. This was especially the case given the impact of the Coronavirus pandemic and the vast majority of staff working from home. In addition, the provision of digital infrastructure for the city was another important aspect of the use of technology in the day to day lives of citizens.

The purpose of this report was to provide an assessment of the IT and digital arrangements for the council and identify where action was required to identify weaknesses and deliver improvements.

Decision

The Cabinet Member for Community and Resources endorsed the Annual Digital Report 202/21 and proposed actions.
