OT 03/22

Annual Digital Report 2021/22

Options Considered/Reasons for Decision

Technology played a critically important role in effective and efficient service delivery for organisations. Newport City Council relied on IT systems for its effective day to day operation. This was especially the case given the impact of the Coronavirus pandemic and the vast majority of staff working from home. In addition, the provision of digital infrastructure for the city was another important aspect of the use of technology in the day to day lives of citizens.

The purpose of this report was to provide an assessment of the IT and digital arrangements for the council and identify where action was required to identify weaknesses and deliver improvements. In future years the report would also take into account the new Digital Strategy.

Decision

The Cabinet Member for Organisational Transport endorsed the Annual Digital Report for 2021/22 and the proposed actions.

Consultation

Head of Law and Regulation, Head of People and Business Change and Chief Education Officer.

All members were consulted and provided with an opportunity to comment. Any comments received and response thereafter are set out in the report.
