#### **Environment and Public Protection Service Plan 2022-24**

##### **Options Considered/Reasons for Decision**

In November 2022, Newport City Council agreed the delivery of the Council's Corporate Plan 2022-27 to deliver an *Ambitious, Fairer, Greener Newport for Everyone*. To support the delivery of the Corporate Plan, each service area developed their service plan of their objectives and key priorities.

The Environment and Public Protection Service Plan 2022-24 identified five objectives which would support the delivery of the Corporate Plan:

1. Objective 1 - Green and Blue Infrastructure for Community and Environmental Resilience.
2. Objective 2 - Continuous improvement of recycling performance and move towards a Circular Economy.
3. Objective 3 – To improve public health and community wellbeing through the creation of a fairer and safer environment for Newport's residents, visitors and businesses.
4. Objective 4 - To carry out regulation activities with the purpose of supporting businesses and tackling rogue trading, safeguarding vulnerable individuals and communities, and improving and protecting health and well-being.
5. Objective 5 - To support the delivery of the Council's Climate Change Plan 2022-27 to become net zero carbon by 2030.

Additionally, the service plan included the service area's projects and workforce development providing continuous improvement of services. To monitor the delivery of services, the Plan also included key performance measures and risks which could prevent the service from achieving its objectives and/or impact delivery.

The Plans would be subject to six monthly reviews by the Council's scrutiny committees and would support the Council's annual Well-being and Self-Assessment Report.
