Formal Council Questions and Responses

Date: 11 April 2025

1 **Question to the Deputy Leader / Cabinet Member for Education and Early Years:
2025/10a - Supplementary - School Admissions**

Councillor Evans asked:

With both their first-choice catchment school being full and their second choice also full, does the Cabinet member believe it is acceptable that parents have been told to reapply and wait until the end of April, if not what does she intend to do about it?

Councillor D Davies responded:

The school admissions policy is fair and transparent and applies to all parents making applications across the city. This policy is consulted upon annually and, published on the council website. Parents are encouraged to read this in full before submitting their initial applications
