The Budget Process and Public Engagement aspects of the Budget saving proposals were addressed by the Overview and Scrutiny Management Committee on the 1 February 2018 ([minutes available here](#)) and the

### 4. Suggested Areas of Focus

#### Role of the Committee

##### The role of the Committee in considering the report is to:

- Establish whether the monitoring report adequately addresses the Committee's Recommendations;
  - What progress has been made towards the recommendations?
  - What actions are in place to continue progress over the next twelve months?
- Question the relevant Officer on any areas the Members feel requires additional explaining or information.
- Query whether the Service Area has achieved the proposed saving as set out in the business case.
  - If the saving has been achieved what impact has it had?
  - If no saving has been made, why and will this have a financial impact on this year's spending?
- **Conclusions**
  - What was the overall conclusion on the information contained in the report?
  - Does the Committee wish to make any comments to the Cabinet or directly to the Cabinet Member to address at the Committee's next meeting?
  - Do any areas require a more in-depth review by the Committee or further information required?

## Section B – Supporting Information

### 5 Supporting Information

- 5.1 Evaluating the impact of the recommendations made by Scrutiny is an important tool in assessing whether the work of the Scrutiny Committee's is making a difference and making an impact.
- 5.2 The Centre for Public Scrutiny (CfPS) practice guide 'Demonstrating and Enhancing Impact' ([Link](#)) outlines the importance of being able to demonstrate that Scrutiny is effective and that it has impact.

*'When we talk about scrutiny having an "impact" we mean that the work of councillors sitting on scrutiny committees should translate into better outcomes for local people. A scrutiny investigation of an issue should lead to services provided to the public improving. If scrutineers are unable to demonstrate either to themselves or others that their work adds value and makes a positive difference to local people, it is more difficult to justify expending resource on it in difficult financial times.'*

- 5.3 Demonstrating impact does not necessarily mean that a decision was changed, or altered, Scrutiny's recommendation of the budget being discussed at this meeting were centred around identifying risks and potential issues for the Council to take into account should it chose to proceed with the proposal. The value of Scrutiny in assessing the implementation of the recommendations at this stage is to check whether those issues identified by the Committee are being addressed and mitigated against when the decisions are being implemented.

### 6 Links to Council Policies and Priorities

- The Service Area's Budget saving proposals have intrinsic links to all of the Councils policies and priorities, these links should be highlighted by the Officers in the reports or through questioning at the Meeting:

<b>Well-being Objectives</b>	Promote economic growth and regeneration whilst protecting the environment	Improve skills, educational outcomes & employment opportunities	Enable people to be healthy, independent & resilient	Build cohesive & sustainable communities
<b>Corporate Plan Commitments</b>	Thriving City	Aspirational People		Resilient Communities
<b>Supporting Function</b>	Modernised Council
