Cabinet

Part 1

Date: 18 March 2020

Subject **Quarter 3 Corporate Risk Register Update**

Purpose To present an update of the Corporate Risk Register for the end of quarter 3 (31st December 2019).

Author Head of People and Business Change

Ward All

Summary The Council's Risk Management Strategy and Risk Register enables the Council to effectively identify, manage and monitor those risks to ensure that the Council realises its Corporate Plan and ensure service delivery is provided to its communities and citizens.

The Corporate Risk Register has 12 risks, which are considered to have a significant impact on the achievement of the Council's objectives and warrant monitoring by the Council's Senior Leadership Team and Corporate Management Team. At the end of quarter 3, we have identified 7 high level risks (risk scores 15 to 25); 5 medium risks (risk scores 5 to 14) as outlined in the report.

Proposal Cabinet is asked to consider the contents of the quarter 3 update of the Corporate Risk Register.

Background

The Wellbeing of Future Generations (Wales) Act 2015, requires Newport City Council to set Wellbeing Objectives in its Corporate Plan 2017-22. With any Corporate Plan there will be risks that may prevent the Council from achieving its objectives. The Council's Risk Management Strategy and Corporate Risk Register enables the Council to effectively identify, manage and monitor those risks to ensure that the Council realises its Plan and ensure service delivery is provided to its communities and citizens.

Summary of risks in this report

At the end of quarter 3 (31st December 2019) there were 12 corporate risks which consisted of 7 High risks (15 to 25); 5 Medium Risks (5 to 14) as outlined in Appendix 1. The quarter 2 reports were presented to Cabinet in December 2019 and Audit Committee in January 2020 respectively. In comparison to quarter 2 there were no new risks, however 1 risk has reduced from a high to a medium risk. The risk mitigation actions identified for each risk is imperative for outlining how these risks are managed and enable the Council achieve its objectives. We would like to highlight the following risk for Cabinet's attention:

- **Brexit** - At the end of Quarter 3 the overall Brexit risk has reduced to 12. This is based upon the Withdrawal Agreement being approved and the risk of the UK leaving the EU on the 31st January 2020 without a deal being mitigated. The Council will continue to monitor the future negotiations between EU-UK and the ongoing preparations being made by the Council in preparation of the Transition deadline date of 31st December 2020.

Appendix 2 of this report is the Council's Corporate Risk Register.

Options Available and considered

1. To consider the contents of the Corporate Risk Register and to continue monitoring progress of actions taken to address the risks identified in the report.
2. To request further information or reject the contents of the risk register

Preferred Option and Why

To consider the contents of the Corporate Risk Register and monitor the progress of actions taken to address the risks identified in the report. This will give the Cabinet sufficient assurance and oversight of the main overarching risks that the council faces in delivering the objectives of the Corporate Plan.

Comments of Chief Financial Officer

There are no direct financial implications arising from this report. The corporate risk register forms an important part of the governance and budget setting arrangements for the council and the risk register is used to guide the internal audit plan.

Comments of Monitoring Officer

There are no specific legal issues arising from the report. As part of the Council's risk management strategy, the corporate risk register identifies those high-level risks that could impact upon the Council's ability to deliver its corporate plan objectives and essential public services. Although Audit Committee are responsible for reviewing and assessing the Council's risk management, internal control and corporate governance arrangements, the identification of corporate risks within the risk register and monitoring the effectiveness of the mitigation measures are matters for Cabinet.

Comments of Head of People and Business Change

Risk Management in the Council is a key area to implementing Wellbeing of Future Generations Act (Wales) 2015. Effective monitoring and reporting against the Council's Corporate Risk Register is essential in minimising and preventing the likelihood and impact of risks against our objectives. The recent changes made to our risk management processes and system will ensure officers at all levels of the organisation have greater control and oversight of their risks taking the necessary action to mitigate their impact and escalate where necessary to senior management.

Comments of Cabinet Member

The Chair of Cabinet is consulted on the corporate risk register and has agreed that this report goes forward to Cabinet for consideration, including the Audit Committee comments.

Local issues

None.

Scrutiny Committees

Audit Committee have a role in reviewing and assessing the risk management arrangements of the Authority. The quarter 2 risk update was presented to the Audit Committee in January 2020. There were no recommendations raised for Cabinet although in discussing the proposed Risk Policy the Committee suggested more clarity around reporting of risk ownership within the Register. As a result, this has now been included in the risk register report. Audit Committee will be presented with a copy of the Quarter 3 risk update in March 2020.

Wellbeing of Future Generations (Wales) Act 2015

Risk management is a key area to implementing the Wellbeing of Future Generations Act (Wales) 2015. The council must ensure that it considers risks in the short, medium and longer term and that it manages risks in a manner that protects current service delivery and communities as well as considering the longer term impact. It supports the delivery of the wellbeing objectives that are identified in the council's Corporate Plan by considering the risks to delivering these objectives and by defining and monitoring actions to mitigate those risks.

The Corporate Risk Register helps the council to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs by considering the sustainable development principle set out in the Wellbeing of Future Generations (Wales) Act 2015.

Crime and Disorder Act 1998

Not applicable.

Consultation

As above, the Risk Register is also considered by Audit Committee.

Glossary

This document provides an explanation of terminology used in this report and supporting documents.

Risk Appetite – the amount of risk that Newport City Council is willing to seek or accept in the pursuit of the Council's long term objectives.

Inherent Risk Score – The level of risk in the absence of any existing controls and management action taken to alter the risk's impact or probability of occurring.

Residual Risk Score – The level of risk where risk responses i.e. existing controls or risk mitigation actions have been taken to manage the risk's impact and probability.

Target Risk Score – The level of risk (risk score) that Newport City Council is willing to accept / tolerate in managing the risk. This is set in line with the Council's overall risk appetite.

Risk Mitigation Action – Actions identified by the Risk Owner to respond to the risk and reduce the impact and probability of the risk of occurring.

Risk Mitigation Action (Red Progress Score) – Significant issue(s) have been identified with the action which could impact on the ability of the action meeting its completion date. Immediate action / response is required resolve its status.

Risk Mitigation Action (Amber Progress Score) – issue(s) have been identified that could have a negative impact on the action achieving its completion date. Appropriate line manager(s) should be informed and where necessary action taken.

Risk Mitigation Action (Green Progress Score) – The action is on course for delivering to the agreed completion date and within the agreed tolerances.

How the Council Assesses Risk

An assessment of the likelihood and impact of risk is important to measure, compare and monitor risks to ensure efficient use of resources and effective decision making. This assessment is carried out using the risk matrix as described below.

Risk Assessment Matrix

A Corporate Risk Register will contain the high level risks for the whole authority. In order to differentiate between these high level risks a 5x5 risk assessment matrix will be applied. The matrix is shown below and further detail is included in appendix 3.

Risks are scored using the scoring system for probability and impact and assigned a rating based on the tolerances set out in the matrix below

Score	Description	Impact Measures						
		Strategic / Policy	Operational / Business Continuity	Financial	Governance / Legal / Regulatory	Health & Safety	Reputational	Project Delivery / Savings / Benefits
5	Severe	Failure of a key strategic objective	Serious organisational / service failure that has direct impact on stakeholders including vulnerable groups.
