\*Of the 18 children who became looked after we were already working with 13 of the families. The 5 previously unknown we have counted as emergencies – 2 were UASC. Of the other 13 there were 7 newborns all in families where we have previously removed children. These had all had CP conferences and PLO in place prior to birth but sadly interventions to remove were still required. We have also classed these as emergencies as we needed to go into Court on short notice.

\*\* Of the moves during April, May and June the larger number in June included 2 sets of siblings.
