## Cabinet

---

### Part 1

Date: 16 June 2021

**Subject** Post Brexit / Trade Agreement – Newport City Council Update

**Purpose** To present an update to Cabinet on the UK and EU relationship including an update on Newport City Council's response and monitoring of the post UK/EU after 31<sup>st</sup> December 2020.

**Author** Chief Executive  
Head of People and Business Change

**Ward** All

**Summary** Since the last report to Cabinet on 5<sup>th</sup> May 2021, the UK and EU arrangements have been in place for over five months and the UK and EU are still adapting to these new changes and there are many uncertainties on what the medium to long term impact(s) of these new arrangements will be for Newport and Wales.

The deadline for EU citizens to apply for EU Settled Status is imminent with the 30<sup>th</sup> June deadline. The Council and its partners have been promoting and supporting people through the process. However, it remains unknown how many people have not applied and what the outcomes could be for those who have not applied or unsuccessful after the deadline.

In March, the UK Government announced two subsidy schemes that will replace EU Structural Funding that many areas in South East Wales including Newport benefited from. These are outlined in the report and Newport Council will be submitting bids to access the funding.

**Proposal** Cabinet is asked to consider the contents of the report and note the Council's Brexit response.

**Action by** Corporate Management Team

**Timetable** Immediate

This report was prepared after consultation with:

- Heads of Service and officer Brexit 'Task and Finish' group

**Signed**

## Background

The UK officially left the European Union and the Single Market on 31<sup>st</sup> December 2020. The UK and EU have agreed a trade arrangement that will prevent tariffs being imposed on EU and UK goods. But the new regulations now require businesses that trade with the EU to complete a number of forms and documents in order to continue to meet the new arrangements. As the economy reopens through the easing of Covid restrictions this may reveal some of the impacts that Brexit has had on the economy in Wales over the medium to long term.

Since the UK left the EU, there remains many legislative areas to be ratified across the UK. In March, the UK Government announced two subsidy schemes that will replace EU Structural Funding that many areas in South East Wales including Newport benefited from:

### 1. Levelling Up Fund

£800m has been allocated to the devolved nations (although the exact amount Welsh authorities will receive are unknown) to priority areas. Newport has been categorised as a Priority 1 area and will focus on three investment themes: transport investments; regeneration and town centre investment and cultural investment. Local authorities will be able to submit one bid for every MP that lies in their boundary which means Newport will be able to submit two bids. Bids can also be submitted in collaboration with neighbouring authorities on cross boundary schemes.

Newport Council is currently examining potential options for the City and over the next month will be pulling together bids for the fund.

### 2. UK Community Renewal Fund (precursor to the UK Shared Prosperity Fund)

The UK Community Renewal Fund is the precursor to the UK Shared Prosperity Fund that will be available for 2021/22. The UK Government announced £220 million of investment but it is not clear at the time of this report how much Wales will be able to access this fund. The UK Government has also identified 100 priority areas most in need based upon productivity, household income, unemployment, skills and population density. For Newport, we were not identified as a priority area under this criteria but we can still submit bids for funding albeit subject to tighter evaluation requirements in comparison to the Top 100 areas. The Council, local community groups, education establishments will be able to submit bids (Up to £3m) to the Lead Authority (Newport Council) which will have to be assessed and selected by panel before formally submitted to the UK Government.

Both of these funds will require Newport Council to submit bids to the UK Government which will be subject to an assessment and compete with other local authorities across the UK. Therefore it will not be guaranteed that Newport will be successful with this bids. Both funds must have bids submitted by 18<sup>th</sup> June 2021 and there will be further work which the Council and partners need to do to identify and submit robust proposals.

In April, Newport Council launched its webpage on the [Council's website](#) for groups to apply for the funding by 21<sup>st</sup> May. Newport Council received xx applications from local, regional and national organisations. The applications received have been assessed and shortlisted by a panel for submission to the UK Government by 18<sup>th</sup> June 2021.

This work will also support the Welsh Government (WG) position published in its '[End of Transition Action Plan](#)' which sets out the WG priority areas. In addition to this WG has also published its paper [The New relationship with the EU](#) which outlines what the new trade arrangements, security, travel and rights of UK / EU Citizens. New migration and travel rules have also come into place from the 1<sup>st</sup> January 2021 including:

- New points based immigration system for all non UK residents (excluding Irish Citizens) looking to move and work in the UK.

- Travellers into and out of the UK will have to follow new rules including travel insurance with health cover. From 2022 UK nationals will have to pay for an electronic authorisation to travel to the EU.
- UK citizens looking to move to the EU will no longer have an automatic right to live or work and will require necessary resident permits or requirements of that country.

### **EU Settled Status / Post Brexit Rights**

The deadline for EU/EAA citizens to apply for EU Settled Status remains as 30<sup>th</sup> June. EU Citizens living and working in Newport significantly contribute towards the City's economy and its communities. December 2020 data from the Home Office shows Newport to have 8,800 applications. It is vital that we encourage all EU/EAA residents living in the City to apply before the deadline to ensure that they are not disadvantaged after this date. Since the scheme has been in operation, Newport Council, alongside our partners at Newport Mind, Newfields Law, Citizens Advice Bureau, Settled and TGP Cymru have been working closely with our communities to support them. This period, we delivered a well-attended event for professionals, focussed on ensuring service providers across Newport are aware of EU/EAA citizens' rights post-Brexit, and minimising the risk of unlawful discrimination. Welsh Government and the WLGA are aware of the uncertainty and challenges being faced by EU citizens and are seeking assurances from the Home Office over their rights after the deadline. To date, requests to extend the application deadline have been declined.

The Council has raised concerns relating to the impact on local EU /EAA communities with the WLGA Brexit Co-ordinators Group and Welsh Government, and will continue to work to provide necessary advice, guidance and support to businesses and residents. The Council's EU Citizens Forum is now a well-established group, bringing partners across public and third sector services together regularly in order to continue to address patterns of concern as they arise.

A summary of the Council's ongoing work is outlined below:

**Communication** – Newport Council has been promoting the UK Community Renewal Fund and will be promoting this fund through our various communication channels. Newport Council's Communication team will be releasing further multi-language social media to communities across Newport to encourage people to apply to EUSS before 30<sup>th</sup> June. We have been sharing communications from the Council and Welsh Government on EUSS, Business support and providing services to EU residents in the city. The Council's internal communications team has also been sharing further information on EUSS and post Brexit rights.

**Finance** – There are no specific reserves or contingencies currently that deal exclusively with Brexit but the Council's budget includes a 'general budget contingency' of £1.5m to deal with short term / in-year budget pressures and consideration will need to be given to any specific reserves/contingencies required as part of 2021/22 budget setting.

Newport Council has received an additional £46k for 2021/22 to support Brexit and Covid related work. This funding is being used to support a fixed term appointment in the Council's People & Business Change service area.

**Procurement** – Since the new trade arrangements came into place, no significant issues have been reported by service areas in relation to the supply chain as a result of the new trade arrangements. Some areas of the Council have noted price increases in the purchasing of goods and services but it is difficult to determine whether it is as a result of Covid or the new Brexit arrangements. Social Services residential homes, care providers and Education services have not reported any issues relating to food, medicine and other supplies. The Council's IT Provider (Shared Resource Service) have identified supply issues relating to IT equipment such as laptops. Major IT manufacturers have been struggling to keep up with demand due to the pandemic and there is a delay in the supply of key microchips.

**Regulatory Services and Environmental Health** – The Council's Regulatory Service completed work contacting businesses across Newport to provide advice and support with EU imports / exports compliance.

Environmental Health Food Safety team are now fully trained to undertake EU Health Certificate checks. Civil Contingencies and Regulatory Services have not identified any issues with Newport Port.

**Education** – Education Services have agreed to provide free school meals to children that have no recourse to public funds.

**Community Cohesion / EUSS** – Community Cohesion officers continue to engage with EU/EAA Citizens and communities to encourage application to the EU Settled Status scheme before 30<sup>th</sup> June 2021. The focus of work has now shifted to also consider support that people will need to access following the June deadline, raising awareness of the rights and entitlements of EU/EAA citizens amongst communities and professionals. Complex migration cases continue to present to the Council for support, and it is anticipated that this will continue. Food Poverty work continues and a number of small grants have been awarded to food projects across the city, with a focus on those community-led provisions who are supporting our most disadvantaged communities, including those affected by both COVID-19 and Brexit.

The Council will also be receiving additional funding in 2021/22 to support communities with Food Poverty with additional emphasis on providing Housing and debt advice / support.

The full list of areas being monitored by the Task & Finish group are included in Appendix 1 of this report. The areas covered above and in Appendix 1 are being undertaken within existing resources.

Appendix 2 – NCC Leaflet for EUSS scheme which will be distributed to households this month.

### **Financial Summary**

As part of the Council's financial monitoring, the Council's Finance team are monitoring any impacts on budgets due to Covid-19 and Brexit.

### **Risks**

The Council's Brexit risk is recorded on the Council's Corporate Risk Register which is presented to Cabinet and Audit Committee every quarter. The Quarter four risk score is detailed below:

Risk	Impact of Risk if it occurs* (1-5)	Probability of risk occurring (1-5)	What is the Council doing or what has it done to avoid the risk or reduce its effect	Who is responsible for dealing with the risk?

### **Options Available and considered**

1. To consider and note the contents of the report and for Cabinet / Cabinet Members to receive updates from officers as part of their portfolio.
2. To request further information or reject the contents of the report

## **Preferred Option and Why**

1. To consider and note the contents of the report and for Cabinet / Cabinet Members to receive updates from officers as part of their portfolio.

## **Comments of Chief Financial Officer**

The financial impact of Brexit is still uncertain, however, there are indications that there could be an impact on prices and supply of goods that may further impact on both capital and revenue budgets. Budget / Service managers, with finance team colleagues, will continue to monitor these on a regular basis and any issues arising will be highlighted through the regular monitoring and budget setting processes.

Any negative financial impact arising from Brexit, whether it be through price increases or funding reductions could present a significant challenge to the Council. There are no specific reserves or contingencies currently that deal exclusively with Brexit but:

- £828k was allocated in the 2021/22 revenue budget for increased adult social care costs in relation to market stability, Covid recovery and Brexit;
- As part of the considerations of uses for the projected 2020/21 revenue budget underspend and further one-off funding that the 2021/22 new budget will also generate, the Head of Finance recommends that these, in part, are set aside for the Brexit / Covid residual risks in the short term. As the risk stabilises with time, any unused provision/reserve can then be re-allocated into other priorities. More details on this will be made in the 2020/21 revenue budget outturn and 2021/22 new budget reports to Cabinet.

Officers will continue to explore the possibilities of accessing the various grants that are being made available to public bodies in supporting the potential impact of the new arrangements.

## **Comments of Monitoring Officer**

There are no specific legal issues arising from the Report, which provides an update for Cabinet regarding the Council's Brexit preparations. The specific risks associated with the withdrawal have now been mitigated by the belated trade deal, subject to ratification by the member states. However, despite the agreement regarding no tariffs and quotas on imported and exported goods, there is still remaining uncertainty regarding the impact on other areas, such as services and data security. Any legal implications for existing contracts for supplies, services and care provision, data security matters and any regulatory enforcement issues, particularly in relation to port health, will be addressed once the details of the trade agreement are clarified and implemented in national legislation. Despite the non-imposition of tariffs and quotas, additional port health checks will be required in terms of certifying compliance with new Regulations. Environmental Health officers have now been trained to undertake import and export food health certificate checks, and this will have significant resource implications once the port activity increases. Local business advice and support is also being provided in relation to Brexit compliance. The UK Shared Prosperity Fund and the implementation of the Internal Markets legislation will have implications in terms of public sector contracts and procurement and also equivalent state-aid, fair competition requirements.

## **Comments of Head of People and Business Change**

The new trade arrangements with the EU will provide much certainty for businesses and the Council and has significantly reduced the risk for the Council and businesses in Newport. It is encouraging to see a large uptake in the number of residents applying for EUSS and the Council is making every effort alongside its partners to encourage those that have yet to apply, to do so by the deadline. The Council's Brexit Task and Finish officer group will continue to monitor and report on the progress being made by the Council and to raise any further risks and issues as they arise.

## **Comments of Cabinet Member**

The Leader of the Council is briefed on all aspects of risk management within the Council and related Brexit issues and work.

## **Local issues**

Members to be aware the impacts that Brexit can have on our Local Communities and business.

## **Scrutiny Committees**

The Council's Audit Committee receives regular risk register updates on the Council's Risk Register which includes the Brexit Risk.

## **Equalities Impact Assessment**

A paper is being prepared for consideration by the Brexit task and finish group which will assess the potential impact on communities post-December, as well as identifying risks associated with the changes to immigration rules.

## **Children and Families (Wales) Measure**

Not applicable.

## **Wellbeing of Future Generations (Wales) Act 2015**

There are potential long term impacts of Brexit Trade Negotiations which could affect the future demand on our services to provide the necessary support, advice and guidance. There may also be opportunities that could arise and the Council will need to make preparations to accordingly. In preparation we have been working collaboratively across the Council and with our partners to make sure that our services to prevent any scenario where services are disrupted and to provide resilience across the City and to our local partners.

We have also been involving our stakeholders and where necessary providing the necessary advice and guidance to those that need our support. Going forward we will continue to monitor and report where necessary any impacts which Brexit could have on the delivery of our services.

## **Crime and Disorder Act 1998**
