

# Fairness and Equalities Impact Assessment (FEIA)

This is an integrated Impact Assessment which aims to ensure Newport City Council makes decisions which are fair, take account of relevant evidence, and seek to secure the best outcomes for our communities. **An FEIA should be used to inform the first steps of decision-making, at concept stage, not when a decision is already made, or at the point when it cannot be influenced.** This impact assessment considers our legislative responsibilities under:

- The Equality Act (2010), including the Socio-economic Duty
- The Wellbeing of Future Generations (Wales) Act (2015)
- The Welsh Language (Wales) Measure (2011)

The FEIA process is not intended to prevent decisions being made, but to ensure we have considered their potential impact. An FEIA also helps us to focus on how we can reduce any negative impacts, and provides us with evidence that we have met our legal duties.

*For support to complete your FEIA, please contact the [Connected Communities Team](#)*

## What do we mean by Fairness?

The Newport Fairness Commission is an independent body which advises the council on the best use of resources and powers to achieve the fairest outcomes for local people. The Fairness Commission has established four **Principles of Fairness** which should be considered as part of any decisions that the council make – the questions below are useful to reflect on before you start your FEIA.

<b>Equity</b>	Are people being treated in a consistent way, whilst acknowledging their differences (for example, need, barriers to accessing services)?
	Will the gap between those with more, and those with less be reduced?
	Have the interests of different groups affected (including minority or disadvantaged communities) been taken into account?
<b>Priority</b>	Have the needs of the most disadvantaged and vulnerable across the city been given priority?
	Have you considered possible indirect consequences for minority/disadvantaged communities when other priorities are directing decisions?
<b>Inclusion</b>	Will the voices of all those affected by your decision be heard?
	Are people able to participate in and shape a service, as well as receiving it?
	Have you considered the impact of your decision on the relationship between communities, and the spaces they share?
<b>Communication</b>	Are decisions being made transparently and consistently?
	How will decisions be communicated to people who are affected in a clear way, with the opportunity for feedback?

## Part 1: Identification

Name of person completing the FEIA	Alastair Dearling
Role of person completing the FEIA	<b>Licensing Manager</b>
Date of completion	<b>12/07/22</b>
Head of Service who has approved this FEIA	<b>Silver Gonzalez-Lopez</b>

### 1. What is being assessed? *(Please double click on the relevant box(es) (X) and select 'checked' as appropriate)*

- New or revised policies, practices or procedures (which modify service delivery or employment practices)
- Service review or re-organisation proposals which affect the community and/or staff
- Efficiency or saving proposals
- Setting budget allocations for new financial year and strategic financial planning
- Decisions affecting service users, employees or the wider community including (de)commissioning or revising services
- New project proposals affecting staff, communities or access to the built environment
- Public events
- Local implementation of National Strategy/Plans/Legislation
- Strategic directive and intent, including those developed at Regional Partnership Boards and Public Service Boards
- Medium to long term plans (for example, corporate plans, development plans, service delivery and improvement plans)
- Setting objectives (for example, well-being objectives, equality objectives, Welsh language strategy)
- Major procurement and commissioning decisions
- Decisions that affect the ability (including external partners) to offer Welsh language opportunities and services
- Other *please explain in the box below:*

The Local Government (Miscellaneous Provisions) Act 1976 provides that in respect of charges for Hackney Carriages, “the Council may fix the rates or fares within the district....” Newport City Council last determined the ‘Table of Fares’ in December 2015, and a submission has been received from members of the Hackney Carriage trade for the council to increase, and amend, the existing tariff. Hackney Carriage vehicles only make up 7% of Newport’s taxi fleet, with 93% of vehicles being Private Hire vehicles. The Authority can only legally regulate maximum Hackney Carriage Fares and not Private Hire vehicle fares that the Private Hire Operator sets.

Increasing the maximum fares for Hackney Carriages vehicles may affect those who rely on such a service, specifically those members of the public who do not wish to pre-book a journey via Private Hire Operator. This FEIA is focused on the proposed increase in Hackney Carriage fees, not a change of policy, practice or procedures.

**2. Please describe the overall aims, objectives and intended outcomes of your decision.**

The proposed decision's intended outcome is to allow Hackney Carriage drivers to alleviate some operating and financial difficulties caused by increased costs, such as rising fuel prices, whilst operating in a system with an outdated maximum fare structure.

The aim is to ensure this sector of the transport system remains in the city and provides customers with an option rather than relying on pre-booked Private Hire vehicles.

**3. Who are the main stakeholders who may be impacted by your decision and what data do you hold on them? Consider communities of place (people who live in the same geographic area) and communities of interest (people who share particular characteristics but may live in different geographic areas). Stakeholders may include residents, local businesses, community groups, staff or partners.**

The main stakeholders who may be impacted by increasing the maximum fares for Hackney Carriages vehicles are:

- Hackney Carriage Drivers
- Hackney Carriage Proprietors
- Members of the Public who use Hackney Carriage Vehicles.
- Businesses

## Part 2: Engagement

When completing this section, you need to consider whether you have sufficient information about the views and experiences of people who your decision will impact upon. If you don't, you may need to undertake a period of engagement/consultation before continuing. An FEIA is a live document, so can be updated with consultation findings, and amended as needed during the decision-making process.

The council has a duty to consult and engage with people who may experience inequalities as a result of your decision. This includes people **who share Protected Characteristics** (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and people who **have lived experience of socio-economic disadvantage**. The council's Youth Promise also requires us to ensure **all young people in Newport are listened to and included in decisions affecting them**.

The council also has a duty to ensure that any consultation is available bilingually (in Welsh as well as English), and you may like to consider any other community languages that are spoken by people who may be impacted by your decision. Below are some questions that should be included in any public consultation relating to a decision which may impact on the use of Welsh language in Newport:

1. Do you believe that the proposed decision/policy will have a positive or negative effect on opportunities to use the Welsh language?
2. If you think it will have a negative effect, what steps could we take to lessen or remove this and improve positive effects?
3. Do you believe that the proposed decision/policy will treat the Welsh language less favourably than the English language?

### 1. How have you engaged with people who may be affected by your decision (the stakeholders you have identified)?

Newport City Council conducted stakeholder consultation meetings with Newport Hackney Carriage Association in October 2021 and March 2022. The outcome of these meetings was the proposed increase in Hackney Carriage fees. The Council will conduct further formal consultation with the public on the increased fees recommended by the Licensing Manager once the proposed increase has been considered.

### 2. What do you know about the views or experiences of people who may be affected by your decision?

During stakeholder consultation meetings, trade representatives stated there is a desire for an increase in fares due to a significant rise in fuel costs, insurance, the cost of living and other pressures. This is detrimental to their businesses as drivers spend significantly more on fuel or other expenses, but fares don't reflect their current conditions.

## Part 3: Assessment

This section requires you to assess the potential impact of your decision on a range of groups who may experience specific disadvantages. Your assessment should be supported by evidence – either from your own engagement/consultation, similar or previous engagement, what you already know about the people who access your service, or from local and national sources of information.

Useful documents which set out information about how communities are impacted by inequalities include [EHRC – Is Wales Fairer?](#) and the council’s [COVID-19 Community Impact Assessment](#). Your decision may have both positive and negative impacts – if this is the case, please place a cross in both boxes.

### 1. Impact on people that share Protected Characteristics

[Protected Characteristics](#) are defined under the Equality Act 2010, and describe groups of people who are protected from discrimination, either in the workplace, or through the provision of goods and services. The council must consider how decisions may impact on people differently because of a protected characteristic, and how any negative impact could be reduced. National guidance on assessing equality impacts and the Public Sector Equality Duty can be found [here](#). You can also access further advice and examples of positive and negative impacts [here](#).

<b>Age</b>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Hackney Carriages make up approximately 7% of Newport's Taxi fleet and approximately 97% of accessible or wheelchair-accessible vehicles. The proposed increase in Hackney Carriage fees may negatively impact older people, especially those with reduced mobility who are more likely to require accessible vehicles or depend on this service. While an increase in fares will increase the cost of travel for all members of the public, people who share this Protected Characteristic are more likely to be impacted by any changes in fares.
<b>Disability</b>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Hackney Carriages make up approximately 7% of Newport's Taxi fleet and approximately 97% of accessible or wheelchair-accessible vehicles. Disabled people are more likely to require accessible vehicles and depend on this service. ## 2. Impact on Welsh Language

The Welsh Language (Wales) Measure specifies that for all policy decisions, the council must consider the effects (both positive and negative) on the Welsh language. For further guidance on Welsh language considerations see [here](#).

	Impact:			
	Positive	Negative	Neither	
<b>Welsh Language</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	There is no evidence that suggests the proposal will have a disproportionate impact on people that share this Protected Characteristic.

**1. Please describe how you have ensured your engagement has considered the view of Welsh speakers in Newport.**

All consultation supporting documents, information and the survey will be available equally in Welsh, either through our website, social media or upon request of paper/alternative formats. The consultation will be advertised bilingually, and participants will be given the option to read and complete this process in either Welsh or English.

**3. The Sustainable Development Principle**

The Well-being of Future Generations Act puts in place a sustainable development principle which helps organisations consider the impact they could have on people living in Wales in the future, and ensure they are focused on tackling long-term challenges. Below, consider how your decision promotes, advances, or contradicts the [5 ways of working](#) which underpin the sustainable development principle. You can access further guidance on considering the sustainable development principle [here](#).

Long term 	<i>The importance of balancing short-term needs with the need to safeguard the ability to also meet long-term needs.</i>	The Council must achieve a balanced between affordable travel for the public but ensure that the Hackney Carriage Trade are able to run a safe, reliable service in light of rising fuel and insurance costs.
--	--	---

			The proposed fare increase is comparable to many other neighbouring local authorities that have already proposed increase in Hackney Carriage fares.
Prevention		<i>Putting resources into preventing problems occurring or getting worse</i>	The Council will continue to work closely with the Hackney Carriage Trade on all future developments and projects including monitoring HCV Fares. It should be noted these are maximum fares so the trade could reduce fares if fuel prices do reduce.
Integration		<i>Considering how the public body's well-being objectives may impact upon each of the well-being goals, on their other objectives, or on the objectives of other public bodies.</i>	To provide consistency for bodies and individuals who work within the Hackney Carriage trade.
Collaboration		<i>Working together to deliver objectives.</i>	A full public consultation will take place in accordance with the provisions of the Local Government (Miscellaneous Provisions) Act. A HC Trade meeting took place before the proposed formal consultation.
Involvement		<i>Involving those with an interest and seeking their view - ensuring that those people reflect the diversity of the area.</i>	Discussions, Engagement and consultation will take place with not only trade, local residents but also those who utilise Hackney Carriage to go from "A to B." Fares have also been comparable with neighbouring Authorities.

#### 4. Socio-economic Duty

The [Socio-economic Duty](#) is set out in the Equality Act 2010, and requires the council, when making strategic decisions, to pay due regard to the need to reduce the inequalities of outcome that result from socio-economic disadvantage. Inequalities of outcome are felt most acutely in areas such as health, education, work, living standards, justice and personal security, and participation.

A 'strategic decision' is defined by Welsh Government as a decision **which affects how the council fulfils its statutory purpose over a significant period of time and does not include routine 'day to day' decisions.** Strategic decisions include:

- Corporate plans
- Setting wellbeing, equality and other strategic objectives
- Changes to, or development of public services
- Strategic financial planning
- Strategic policy development

If you do not think your decision meets this definition, and you do not plan on carrying out a Socio-economic Duty Assessment in this section, please provide your rationale below. Any decision which is presented to a Cabinet Member, at Cabinet or Council will be viewed as a strategic decision.

This FEIA is solely focused on a proposed increase in Hackney Carriage fees. It does not include a strategic decision affecting how Newport City Council fulfils its statutory purpose over a significant period.

If your decision does meet the definition, please consider the impact of your decision on the socio-economically disadvantaged groups, and areas of inequality that may arise from socio-economic disadvantage contained in the matrix below. The groups listed are not exhaustive and you should consider any additional groups relevant to your decision who may experience socio-economic disadvantage in the following ways:

- **Low Income/Income Poverty** - cannot afford to maintain regular payments such as bills, food, clothing, transport etc.
- **Low and/or no Wealth** - enough money to meet basic living costs and pay bills but have no savings to deal with any unexpected spends and no provisions for the future
- **Material Deprivation** - unable to access basic goods and services i.e. financial products like life insurance, repair/replace broken electrical goods, warm home, hobbies etc.)
- **Area Deprivation** - where you live (rural areas), where you work (accessibility of public transport)
- Socio-economic Background – for example, parents' education, employment and income

Indicate a positive or negative impact, or both where they apply, and the severity of this impact by coding the sections of the grid based on the below. *If there is no/neutral impact, please leave blank.*

**Negative Impact**

**Positive Impact**

<b>Areas of inequality that may arise from socio-economic disadvantage – definitions</b>
<b>Education</b> :The capability to be knowledgeable, to understand and reason, and to have the skills and opportunity to participate in the labour market and in society
<b>Work</b> : The capability to work in just and favourable conditions, to have the value of your work recognised, even if unpaid, to not be prevented from working and to be free from slavery, forced labour and other forms of exploitation
<b>Living Standards</b> : The capability to enjoy a comfortable standard of living, in appropriate housing, with independence and security, and to be cared for and supported when necessary.
<b>Justice, Personal Security and Community Safety</b> : The capability to avoid premature mortality, live in security, and knowing you will be protected and treated fairly by the law
<b>Health</b> : The capability to be healthy, physically and mentally, being free in matters of sexual relationships and reproduction, and having autonomy over care and treatment and being cared for in the final stages of your life
<b>Participation</b> : The capability to participate in decision making and in communities, access services, know your privacy will be respected, and express yourself

**1. What evidence do you have about socioeconomic disadvantage and inequalities of outcome in relation to this decision?**

*Please expand on the information provided in the matrix, giving reasons for your assessment of both positive and negative impacts. You may like to consider your experience of current service delivery, recent engagement or consultation or any national/local research relevant to your policy decision.*

*For any positive impacts, please indicate the [Wellbeing Goal](#) and/or [Wellbeing Objective](#) that this contributes to as set out in the previous section.*

**2. Please describe how you have ensured your engagement has considered the views of people living in Newport who are affected by socio-economic disadvantage.**

**3. Does this decision contribute to a cumulative impact?**

### Part 3: Actions and Outcomes

Considering any negative impacts that you have identified, indicate below how you will reduce these, and how you will monitor potential impact. Further guidance on how to complete your action plan can be found [here](#).
