Cabinet Members	Councillor James Clarke
Director for Environment and Sustainability	Paul Jones
Head of Service	Silvia Gonzalez Lopez

#### **Introduction**

Newport City Council's Corporate Plan 2022-27 has four Well-being Objectives to support its mission to deliver an *Ambitious, Fairer and Greener Newport for Everyone* and contribute towards Wales' Well-being Goals set in the Well-being of Future Generations Act. To support the delivery of these objectives and strategic priorities, each service area has developed their service plan. The Environment and Public Protection Service Plan 2022-24 outlines its own priorities and how the service will contribute towards the Corporate Plan and deliver continuous improvement.

Environment and Public Protection is part of the Council's Environment and Sustainability Directorate and is responsible for delivering a range of services that will contribute towards Newport Council becoming a net zero carbon emissions by 2030, increase reuse and recycling, enhance the environment and ecology of Newport and ensure Newport's businesses, and residents are protected to improve their health and well-being.

The service area will be leading and championing the delivery of the Council's Climate Change Plan 2022-27. The team will also be enabling other services, partners, residents and businesses to contribute towards reducing their carbon emissions and improving the City's environment. Over the next five years, the service area will be focused on continuing the strong performance of its waste and cleansing services, supporting residents and businesses to increase recycling of their waste and to improve the cleanliness of the city and the city centre.

The service is also responsible for its statutory public protection services covering Environmental Health, Community Safety, Trading Standards and Licensing. The services provide a broad coverage supporting businesses to be compliant with the necessary legislation but also taking action against those who contravene and put public safety at risk.

The next 5 years will provide exciting opportunities to change how services are delivered to meet the needs of our communities, enhancing Newport's environment but also new challenges as new legislation and financial pressures impact on how we deliver our services.

#### **Environment & Public Protection Objectives**

To support the delivery of the Corporate Plan, meet our statutory duties and improve the services we deliver, we will be delivering five objectives:

- **Objective 1** Green and Blue Infrastructure for Community and Environmental Resilience.
- **Objective 2** Continuous improvement of recycling performance and move towards a Circular Economy.
- **Objective 3** To improve public health and community wellbeing through the creation of a fairer and safer environment for Newport's residents, visitors and businesses.
- **Objective 4** To carry out regulation activities with the purpose of supporting businesses and tackling rogue trading, safeguarding vulnerable individuals and communities, and improving and protecting health and well-being.
- Objective 5 To support the delivery of the Council's Climate Change Plan 2022-27 to become net zero carbon by 2030.

## **Transformation Plan / Service Area Projects**

Programme / Project Title	Project Overview	Well-being Objective(s) supported	Programme / Project Manager (Service Manager)	Anticipated Completion Date (Quarter / Year)
Cemetery feasibility study - Sites feasibility, site investigation and design development.	Complete the work on assessment of burial capacity at Newport Cemeteries. Provide robust data on post pandemic burial capacity in Cemeteries. Bring forward programme and feasibility assessments for a number of sites with potential for future use as municipal cemeteries. Outcome will enable Newport to continue as a burial authority to serve needs of population for whom burial is a cultural necessity.  Outcome will be a fully developed set of proposals for a site(s) for consultation and council approval prior to submission of planning application.	Well-being Objective 2	Environment & Leisure Services Manager & Parks and Cemeteries Manager	Quarter 4 2023/24
Parks and cemeteries: Design and delivery of capital programmes to upgrade existing formal play assets and historic infrastructure in existing parks and cemeteries, to clear maintenance backlog and address historic issues.	Improvement of existing play areas across Newport.  Engagement with residents to ensure project delivery covers needs of the community.  Delivery of infrastructure and access improvements at Newport cemeteries to ensure health and safety of public and protection of the asset.	Well-being Objective 2 Well-being Objective 4	Environment & Leisure Services Manager & Parks and Cemeteries Manager	Quarter 4 2023/24

### **Workforce Development**

To support workforce development across the Environment & Public Protection, the following actions have been identified as priority between 2022-24.

Action	Outcome(s) of Action Delivery	Responsible Officer (Service Manager)	Action Start Date	Anticipated Completion Date
Improve check in performance	Increased percentage of check in meetings completed on I-Trent for all Environment and Public Protection areas	All Service Managers	1 <sup>st</sup> October 2022	30 <sup>th</sup> June 2023
Training needs review	Improved training offer for staff by improved internal recruitment offer (HR lead in collaboration with EPP managers) or external alternatives that can be delivered within budget	All Service Managers	1 <sup>st</sup> January 2023	30 <sup>th</sup> June 2023

## **Service Area Objectives and Action Plan 2022-24**

Objective 1		Green and Blue Infrastructure for	or Community and Environm	ental Resilience			
Objective O	outcome(s)	This objective cuts across services and projects delivered by Environment and Public Protection and in collaboration with other Council service areas, Public Service Board partners and community groups. Delivery of these services and projects contributes towards:					
		Achieving the Welsh Governm				ions by 2030.	
		<ul><li>Improving the Newport Offer w</li><li>Improving spaces for commun</li></ul>				maraving the health

## **Service Area Risk Register**

Risk Title	Risk Description	Risk Owner	Inherent Risk Score	Target Risk Score	Corporate / Service Risk
Climate Change Risk	Welsh Government has set a target for all public sector bodies to be net zero carbon by 2030. To achieve this target, NCC has a Climate Change Plan 2022-27 to deliver key actions and projects.	Climate Change Manager	12	2	Corporate Risk
Ash Die Back Disease	Ash Dieback disease will affect tree population in Newport. The disease has already been identified in Newport and could kill the majority of Ash trees in the authority. The impact of no action will be significant numbers of tree failures that could see an increase in the number of people harmed by trees and property claims.	Environment & Leisure Service Manager	16	6	Corporate Risk
Welsh Governments Recycling Targets	Failure to increase recycling performance and meet Welsh Government's Recycling target.	Waste & Cleansing Service Manager	16	4	Service Risk
Pressure on the City's cemeteries	As the City grows over the next 10 to 20 years there are increasing pressures for the Council's cemeteries to meet this demand.  It is emerging that over this time we will not have sufficient space to meet this demand.	Environment & Leisure Service Manager	16	6	Service Risk
