Report

NEWPORT CITY COUNCIL CYNGOR DINAS CASNEWYDD

Cabinet

Part 1

Date: 15 February 2023

Subject Capital Programme Monitoring and Additions Report – December 2022/23

Purpose To provide to Cabinet with a forecast of capital spend against budget based on the activity

incurred to the end of December 2022.

To submit to Cabinet for approval, requests for new capital projects to be added to the

Council's Capital Programme.

To update Cabinet on the current available capital resources ('headroom').

Author Chief Accountant

Ward All

Summary The Council has an extensive capital programme, investing across the authority in areas such as schools, heritage assets, energy efficiency schemes, invest to save programmes and in the regeneration of the city centre. This report updates the Cabinet on its capital programme and the predicted outturn for the 2022/23 financial year, and specifically.

- The starting capital programme budget for 2022/23 was £117.4m. This was revised to a
 budget of £81.4m, and then £88.4m at the October and December Cabinet meetings,
 respectively. This report requests approval to increase the 2022-23 budget by a net
 £1.4m to now be £89.8m.
- Against that revised budget, costs are predicted to be £61.3m introducing a £28.5m net variance.
- Of this variance, service managers and budget holders have confirmed that £27.1m relates to delayed progress with schemes (slippage).
- Approval of slippage, and associated revisions to budgets, is not being sought at this
 point of the financial year, as a trial to influence accountability and performance. This
 change of approach was outlined in reports received by Cabinet earlier in the year.

Proposal

- 1. To approve the additions to the Capital Programme requested in the report (Appendix A).
- 2. To note the predicted capital expenditure outturn position for 2022/23.
- 3. To note the available remaining capital resources ('headroom') and the earmarked usage of that resourcing.

Action by Assistant Head of Finance

Timetable Immediate

This report was prepared after consultation with:

Signed

Background

The Council has a 5-year capital programme, with the current one ending in 2022/23. Figures provided to members commonly also include some anticipated 2023/24 and 2024/25 costs, but this merely reflects funding in relation to existing schemes that extend beyond our current 2022/23 programme end, for example the conclusion of the Council's Sustainable Communities for Learning Band B programme. Cabinet receive monitoring updates throughout the financial year and the Capital Programme has been updated to reflect changes as they are received i.e., additions and slippage (moving budget into future years).

| Revised budget | 139,703 | 89,834 | 52,272 | 33,740 | 8,877 | 2,673 | 12,682 | 339,779 |

These revisions and the changes made to the programme throughout the financial year are shown in summary form in the table below, the detail of which is shown in Appendix A.

Additions

The growth to the capital programme is materially affected by the volume of extra grants secured by colleagues, predominantly with Welsh Government, some of which are the outcome of bidding processes that occur throughout the year. Some of these grants are multi-year awards but the majority are specific to 2022-23 and will need to be spent by the end of the financial year. So as the year progresses, such grant awards naturally tail off as there becomes insufficient time to incur the necessary eligible expenditure.

The following table summarises the source of funding for the additions, Cabinet is requested to note and approve the amendments detailed in Appendix A.

| <u>Nature</u> | Value £'000 |
|---------------------------|-------------|
| New Grants and | 6,066 |
| Contributions | |
| Section 106 afforded | 0 |
| Service/Council afforded | 967 |
| Capital Receipts afforded | 892 |
| Reserve afforded | 250 |
| External Contributions | 109 |
| Total | 8,283 |

There remains an unresolved issue in relation to Band B which, as outlined in the previous report, has culminated in a temporary credit adjustment to the overall programme whilst dialogue with Welsh Government continues.

Spending/Outturn 2022-23

Against a budget of £89.8m, costs predicted to be incurred total £61.3m, introducing a £28.5m net variance.

The following table reflects the activity per service area, with a more detailed scheme by scheme analysis in Appendix C.

| | Capital Exper | nditure 2022 | /23 | | | |
|-----------------------------------|-----------------------------------|--------------|---|------------------------------|-------------------------------|----------------------|
| Services | 22/23 Budget approved Dec Cabinet | Additions | 22/23 Budget to be approved Deb Cabinet | 22/23 Forecast Outturn | 22/23 Forecast Slippage | Over / Underspend |
| Education | 38,916 | 122 | 39,038 | 33,129 | (5,908) | (1) |
| Environment & Public Protection | 8,406 | 1,102 | 9,508 | 8,624 | (756) | (127) |
| Housing & | 44 | 0 | 44 | 0 | (44) | 0 |
| Communities | | | | | | |
| People, Policy & | 3,856 | 0 | 3,856 | 3,786 | (97) | 27 |
| Transformation | 2 604 | 0 | 2 604 | 2.424 | (660) | (510) |
| Prevention & Inclusion | 3,601 | 0 | 3,601 | 2,421 | (669) | (510) |
| Regeneration & | 18,633 | 50 | 18,683 | 7,203 | (10,664) | (817) |
| Economic | | | | | | |
| Development | | | | | | |
| Social Services | 1,072 | 95 | 1,167 | 1,147 | (224) | 205 |
| City Services | 13,905 | 31 | 13,937 | 5,013 | (8,688) | (235) |
| Total | 88,432 | 1,402 | 89,834 | 61,324 | (27,050) | (1,459) |

The £28.5m variance should not be regarded as an underspend, as much of it relates to schemes that span more than one financial year, and so is more likely to necessitate a slippage request subsequently. The column of "true" over and underspends that service managers will be eradicating or afforded throughout the year are reflected in the last column and total £1,459k net underspend now, but which is largely the net effect of grant that is unlikely to be used in full and will be returned to grant originators.

Anticipated slippage has increased substantially from £17.1m at the last monitoring report date to £27.1m, but this is mainly in relation to a small number of schemes, which are detailed below. Even with the amount of slippage reported in this monitoring report, the actual capital expenditure incurred to the end of December totalled £31.9m. To achieve the predicted outturn of £61.3m, colleagues will be required to incur an additional £29.4m in the last 3 months of the financial year. Whilst this pattern of expenditure is not out of line with previous years, there still remains 48% of the latest forecast to be spent before the end of the finance year. Therefore, a significant increase in the pace of spend is needed to mitigate the risk of further slippage occurring before the end of the year.

To avoid slippage from occurring, project managers are expected to control their schemes robustly and monitor them closely to ensure accurate forecasting. Slippage can sometimes occur as the profile of spend is far too optimistic and budget holders also need to ensure that the profile of spend for a scheme when added to the profile is as accurate as possible.

The main areas of change within December monitoring are:

.

- Primary Free School meals Slippage is now expected of £600k since the last monitoring report. Surveys and designs across all schools' sites have taken longer than anticipated due to the complexities across the different sites. This grant has also been provided to all Welsh authorities in line with the recent free primary school meals scheme, which has meant that authorities are looking to use a limited number of suppliers for the equipment, who are already engaged with projects in other Councils. Education colleagues have been in discussion with Welsh Government to agree a new profile of spend. This has been agreed across Wales, on the agreement that the first phase of funding (£1.2m) can be spent this financial year. This will be challenging but schemes are already in place to enable this to happen. The programme of works has ensured that school kitchens remain in operation throughout the school terms
- Open School Outside Hours Slippage is anticipated of £597k. Whilst several schemes are expected to be finished this financial year, delays in design and procurement for some projects, in addition to obtaining statutory approvals means that some of the planned works will be completed in Summer 2023. For some schools, this will be less disruptive and easier to manage on site.
- **Use of Electric Buses** Grant awards are yet to be made, as it has taken time to devise a scheme that complies with state aid considerations. Payments are also unlikely to be made in full until evidence of taking ownership of new buses is available. A 9–12-month delay between order and delivery to operators is apparent, and a request has been made of WG to roll the funding forward into 2023-24.
- **Annual sums** The expected slippage of £1,744 relates to improvements in structures currently being tendered and is now likely to be delivered after March.
- Windmill Farm The expected overspend forecast for the project is £240k, with unforeseen requests
 from Natural Resource Wales and issues surrounding the car park causing delays on the project and
 increasing the costs. Colleagues have been in discussions with Aneurin Bevan to make them aware of
 the overspend and request additional funds to cover the overspend.

Policy on available capital resources ('Capital Headroom')

Since February 2018, the Council has been working within a framework which maximises capital expenditure whilst keeping within the level of capital resources and planned borrowing funded within the Council's Medium Term Financial Plan. The framework agreed that:

- Funding from sources other than borrowing needs to be maximised, by securing grant funding whenever possible and maximising capital receipts,
- Regeneration schemes would be funded from ringfencing the capital expenditure reserve only and Joint Venture funds. Other kinds of support through making of loans etc. would then be considered to support schemes, where it was needed and appropriate, in particular taking account of existing loans already confirmed/approved and the risk profile this represents at any point in time.
- Any change and efficiency schemes or schemes which save money requiring capital expenditure would be funded by netting off the savings achieved.
- Schemes and projects which generate new sources of income would need to fund any capital expenditure associated with those schemes.

The framework seeks to limit the revenue pressures resulting from increased borrowing as far as possible, whilst maximising capacity to generate capital resources for use.

During 2021/22 budget setting, the Council prudently anticipated that there would be a need to provide some headroom to afford new costs/schemes before the end of this current capital window. As a result, borrowing of headroom of £4.5m was financed to allow for this need. This borrowing headroom sits alongside uncommitted balances in the Capital Expenditure Reserve and uncommitted capital receipts to form the total headroom outlined below.

| Borrowing, Capital Reserves & Receipts Headroom to 2024/25 | £'000 |
|--|----------------------|
| Borrowing Headroom Unallocated Capital Expenditure Reserve Unallocated Capital Receipts* | 57 1,525 1,474 |
| Potential Commitment 21st Century Schools - SOP Extension | (1,267) |
| Total | 1,789 |

The utilisation of the borrowing headroom, to date, is detailed in the following table.

| Borrowing Headroom to | |
|---|--------|
| 2024/25 | £'000 |
| 2024/20 | 2 000 |
| Level of Borrowing Approved as per 2021/22 Capital and TM Strategy | 4,500 |
| Total Committed to Date | |
| Transporter Bridge | -365 |
| Rose Cottage Sewerage Works | -23 |
| St Andrews Demountables | -349 |
| Education Accessibility Works - Phase Two | -372 |
| Newport Indoor Market | -1,000 |
| Additional Transporter Bridge Costs | -2,921 |
| Central Library works for staff displaced from Infostation | -140 |
| Potential Commitment - subject to change, not in the capital programme Levelling up round 2 bid match funding potential | -1,000 |
| Decommitments Solar Farm budget | 1,727 |
| Amount Remaining | 57 |

Update on Capital Receipts

Appendix D provides details of the receipts received this year to date, which together with the unallocated balance brought forward provides headroom of £1.5m to afford new capital aspirations. There have been no changes to the capital receipts since the last monitoring report.

That table also shows capital receipts held for the NCC/WG 'Joint Venture funds' totalling £2.2m. In relation to these receipts, the Council does not have unilateral decision in their use. Commonly, it will involve engagement with Welsh Government and, as previously reported to Cabinet, these funds tend to be "ringfenced" for city centre regeneration given the original asset sales involved.

Risks

| Risk Title / Description | Risk Impact score of Risk if it occurs* (H/M/L) | Risk Probability of risk occurring (H/M/L) | Risk Mitigation Action(s) | Risk Owner |
|---|--|---|--|--|
| Overspend against approved budget | М | L | Regular monitoring and reporting of expenditure in accordance with the timetables set by Cabinet/Council should identify any issues at an early stage and allow for planned slippage of spend. | Corporate Directors / Heads of Service / Head of Finance |
| Programme growing due to unforeseen events | М | М | Good capital monitoring procedures and effective management of the programme should identify issues and allow for plans to defer expenditure to accommodate urgent works. Priority asset management issues are now being dealt with through a specific programme allocation. | Corporate Directors / Heads of Service / Head of Finance |
| Excessive levels of slippage between financial years | М | Н | Regular monitoring of capital expenditure takes place and slippage is identified at the earliest stage possible. A more robust approach will be taken when schemes are added to the programme to ensure that a realistic profile is initially captured in the programme. | Corporate Directors / Heads of Service / Head of Finance |

^{*} Taking account of proposed mitigation measures

Links to Council Policies and Priorities

The programme supports a large number of the Council's aims and objectives.

Options Available and considered

- To approve the changes to the Capital Programme and note the projected outturn position as set out in the report, including the use of capital receipts.
- To note the current available headroom and prioritise future capital expenditure in order to maintain spend within the current affordability envelope.
- The Cabinet has the option not to take forward some or all of the changes to the Capital Programme set out in the report.

Preferred Option and Why

• To approve the changes to the Capital Programme and note the projected outturn position as set out in the report, including the use of capital receipts.

 Agree to prioritise capital expenditure to maintain spend within the current affordability envelope, recognising that the revenue pressures from future borrowing can add to any budget gap reflected in the MTFP.

Comments of Chief Financial Officer

This report provides an overview of progress against the Capital Programme, including the success in accessing external grant funding, which accords with the agreed framework designed to limit borrowing levels and, therefore, the impact upon the revenue budget.

However, as outlined previously, the extent of grant funding also contributes additional pressure to deliver, as many of those bids are annual or time-limited in nature, as well as compromising the ability to other schemes already approved. This is evidenced by the fact that the total programme budget for 2022/23 is now almost £90m, although actual projected expenditure is only £61.3m, representing a variance of 32%. This is despite having undertaken a reprofiling exercise with Heads of Service over the summer period and regular conversations with project managers regarding the ability to deliver schemes in line with the revised profiles.

Previous reports have outlined a change in the approach to seeking Cabinet approval for slippage to be transferred from the current year to future years, whereby approval will now be sought once, at the end of the financial year, rather than at each report interval. Part of the reason for this change is to more clearly highlight the total scale of slippage across the year and increase accountability and responsibility for this issue. It remains important that this issue is addressed via the new governance arrangements being introduced for capital programme oversight, to ensure that risks such as foregoing external grant funding and undertaking borrowing when not actually required are avoided as much as possible.

As the Council finalises its new capital programme, from 2023/24, the level of slippage being identified will have a direct bearing on the size of the future programme. The draft programme from 2023/24, as outlined in the draft 2023/24 Capital Strategy, contains no new schemes, partly because of the level of schemes that are unfinished, or not started in some cases, from 2022/23. The draft programme for next year is, therefore, already large and presents a significant challenge in terms of delivery, and any further slippage will only add to that challenge. Therefore, it remains important that project managers and Heads of Service robustly and continually review scheme profiles to ensure they remain realistic and, overall, the Council has a programme that it can be confident in delivering.

As well as slippage, the other main risk highlighted in this report is the remaining level of capital headroom. In a challenging financial climate where capital resources are likely to be limited over the medium term, the current level of headroom is low and provides limited scope to pursue new initiatives or react to increasing costs of schemes. Therefore, unless it proves possible to add to the level of capital reserves or increase capital receipt generation, clear prioritisation will be required in order to ensure that headroom remains available for the most critical situations only.

Comments of Monitoring Officer

There are no legal issues arising from this report.

Comments of Head of People, Policy and Transformation

Good capital monitoring procedures and effective management of the programme should form a basis for sound and sustainable investment in Council assets and the estate. Further budget additions will need to continue to be considerate of the requirements of the Wellbeing of Future Generations Act for public bodies to apply the five ways of working to financial planning, which balances short-term priorities with the need to safeguard the ability to meet long-term needs.

There are no direct HR implications associated with the report.

Scrutiny Committees

N/A

Fairness and Equality Impact Assessment:

- Wellbeing of Future Generation (Wales) Act
- Equality Act 2010
- Socio-economic Duty
- Welsh Language (Wales) Measure 2011

For this report, a full Fairness and Equality Impact Assessment has not been undertaken. This is because this report is not seeking any strategic decisions or policy changes, with its purpose being to update Cabinet on the prior year financial performance against the approved Capital Programme. However, fairness and equality are considered as part of service delivery and will feature in annual finance reports, such as the Budget Report and Capital Strategy.

An effective capital programme enables the Council to support long term planning in line with the sustainable development principle of the Wellbeing of Future Generation (Wales) Act

Long-term - This capital programme looks at both short and long term and links with the Corporate Plan and its priorities. It considers the overall capital programme in terms of the Council's Treasury Management activities and its associated costs, both short and long term to the Council.

Prevention – The capital programme, where possible, acts to prevent problems occurring or getting worse by considering the overall Council estate and how that can best be managed and maintained.

Integration - This report meets a number of wellbeing goals and, in addition, supports three of Newport City Council's wellbeing objectives.

- To promote economic growth and regeneration while protecting the environment
- To enable people to be healthy, independent and resilient
- To build cohesive and sustainable communities

Collaboration - The capital programme is developed and updated through engagement across the Council and certain projects are also being delivered in collaboration with other external bodies which helps the Council meet its Wellbeing objectives.

Involvement – Due to the variety of projects which are within the capital programme, there is involvement from a variety of stakeholders across the Council and the city which seeks to ensure that there is a key focus on sustainability, community benefit and wellbeing of citizens.

The Equality Act 2010 contains a Public Sector Equality Duty, which came into force on 06 April 2011. The Act identifies a number of 'protected characteristics', namely age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation; marriage and civil partnership. The new single duty aims to integrate consideration of equality and good relations into the regular business of public authorities. Compliance with the duty is a legal obligation and is intended to result in better-informed decision-making and policy development and services that are more effective for users.

The development and the monitoring of the Capital programme will ensure it does not discriminate but promotes equality and delivers the objectives of the corporate plan.
