Introduction

Newport City Council's Corporate Plan 2022-27 has four Well-being Objectives to support its mission to deliver an *Ambitious, Fairer and Greener Newport for everyone* and contribute towards Wales' Well-being Goals set in the Well-being of Future Generations Act. To support the delivery of these objectives and strategic priorities, each service area has developed their service plan. Adult Service's Service Plan 2022-24 outlines its own priorities and how the service will contribute towards the Corporate Plan and deliver continuous improvement.

Adult Services is part of the Council's Social Services and is responsible for delivering a range of statutory adult social care to residents and their carers across Newport. It is important for Newport Council to ensure all of our services including those delivered by third parties comply with the Social Services and Well-being (Wales) Act 2014. Adult Services delivers a range of services and support to citizens (service users and carers) across Newport including Adult managed care social work; residential and day care services; safeguarding; First Contact (Information, Advice and Assistance); Occupational Therapy; Carers support; Home First. Newport Council also commissions social care providers to provide residential and non-residential (domiciliary) care and support packages for Newport citizens.

Newport is Wales' fastest growing city with a 9.5% rise in population since the last Census in 2011. Across Wales there is more than one in five people (21.3%) aged 65 years and over. In Newport there has been an increase of 14.5% in people aged 65 years and over, an increase of 10.2% in people aged 15 to 64 years and an increase of 10.2% in children aged under 15 years. With these increases in the adult population, over the next 10 years the adult population, in particularly those aged 65 and above is likely to increase further. As Newport citizens represent diverse group of people, and their social care needs are determined by a wide range of factors including age, physical and mental health and economic circumstances. Furthermore, Wales (like the rest of the UK) post pandemic is facing a backlog of patients awaiting surgery, and with that presenting more longer term, complex cases of health, care and support. Additionally, the social care sector is experiencing staff shortages, increases to the cost of care (residential and non-residential) and additional statutory duties to safeguard and support adults and carers. It will be essential that Newport Council and its partners over the five years prevents many of these risks from getting worse but also to ensure the sustainability of services in the long term for Newport's communities. Adult Services will continue to deliver services with integrity, dignity and compassion for Newport citizens and ensure services are delivered to our most vulnerable residents who have eligible care and support needs. To support residents who require 'Information Advice and Assistance' at the first point of contact and correct signposting of what is available in the community.

Adult Services Objectives

To support the delivery of the Corporate Plan, meet our statutory duties and improve the services we deliver, we will be delivering three objectives:

Objective 1 - Supporting individuals and carers to maintain their independence and support them when they need help by providing equitable access to early intervention and prevention support.

Objective 2 - Ensure safeguarding arrangements for adults and their carers remain robust and NCC remains compliant with the Social Services and Well-being Act.

Objective 3 - Continue developing and improving the sustainability of adult services through a co-production model with providers, service users and carers to meet our statutory duties, and future demands based upon Population Needs Assessment.

Service Area Risk Register

Risk Title	Risk Description	Risk Owner	Inherent Risk Score	Target Risk Score	Corporate / Service Risk
Pressure on Adult and Community Services	There is increased pressure on Adult Services to deliver services to adults with complex and long lasting eligible needs. With an increase in demand / volume of referrals and care packages the Council has seen an exceptional rise in costs due to external factors, Cost of living and fuel. There are also additional statutory requirements to safeguard adults in our care and prevent risk of harm, injury or a loss of life	Head of Service (MR)	20	12	Corporate Risk
Stability of Social Services Providers	The Council requires support from external providers to deliver care packages for children and adults (residential / Non Residential). The current marketplace for external providers is volatile due to the increasing costs to provide care, maintain homes, staffing meeting legislative and regulatory requirements. The significant impact of workforce pressures and providers unable to recruit staff impacts on all areas within Adult services.	Service Manager (Vacant MR)	20	12	Corporate Risk
Safeguarding Risk	To ensure the Council safeguards adults, children and carers as part of its statutory duty.	Safeguarding Manager (FM)	15	4	Service Risk
Liberty Protection Safeguards Legislation	New Liberty Protection Safeguards legislation has been passed and will replace the existing Deprivation of Liberty Safeguards (DOLS) legislation.	Service Manager (HL)	10	4	Service Risk
New Statutory Mental Health Service.	The Mental Health Act (MHA) 1983 (amended 2007) places on local authorities the duty to provide Approved Mental Health Professional (AMHP) services. Local authorities are responsible for ensuring that enough AMHPs are available to carry out their roles under the MHA, including completing assessments to decide whether an application for detention should be made. Newport City Council is required to have arrangements in place to provide a 24-hour service that can respond to peoples' needs in a timely way. Currently, for the day- time service (8.30-17.00hrs) NCC has 50% of the required number of AMHP's, so we are at risk of not being able to meet our statutory duty.
