	DoR	Comment
Balancing the Council's Medium Term Budget	➔	As highlighted as part of the Q1 review, the Council's medium term financial plan highlights a significant budget gap and extremely challenging outlook. The process to review the pressures that comprise the gap and identify the savings required to balance the budget has commenced. However, there is further work to do in this regard, plus there remains uncertainty regarding Welsh Government's financial position and the impact that may have on the level of external grant funding made available to councils going forward. Therefore, the risk of not being able to set a balanced budget or having to use earmarked reserves in order to do so remains high.

City Centre Security & Safety

Risk Overview	Minimise the risks and disruption to people and businesses due major incidents or deliberate acts that pose hazards to people and business and can result in structural damage; damage/disruption to infrastructure and utilities; impacts on business continuity, reputation, and the economy, in both the city centre and affected surrounding areas.
Parent Service(s)	Infrastructure (sv)
Lead Cabinet Member(s)	Cabinet Member for Infrastructure & Assets

Existing Arrangements to Manage Risk

Governance	<ul style="list-style-type: none"> The Protect Duty Act is currently going through Parliament, which will create a statutory duty for Counter Terrorism preparedness to be undertaken across all city centres across the UK. Newport City Council along with the Wales Extremism Counter Terrorism Unit (WECTU), Heddlu Gwent Police and other emergency services have formed the Newport City Council Protectiveness Security and Preparedness Groups (PSPGs), chaired, and led by NCC. A key role of PSPGs will be the multi-agency assessment of current risk and vulnerabilities, and provision of effective mitigation in a proportionate manner. PSPGs will also ensure responsibilities under the new Protect Duty are discharged.
Internal Controls & Processes	<ul style="list-style-type: none"> Included in the NCC Infrastructure Service Area Plan is the objective to ensure Newport City Council is meeting its requirements under the Civil Contingencies Act, by developing and having in place effective governance and control arrangements to identify, prepare and respond to events in Newport. Supporting this objective, the Council has a well-established and integrated Corporate Emergency Management Plan, which outlines arrangements which are intended to assist the co-ordination of the Authority's response to any actual, or threatened incident, or emergency, while maintaining normal services as far as possible. The plan provides a flexible framework of procedures to enable a quick, effective and appropriate response to mitigate the effects of an incident or emergency that may have an impact on the Council's response. The Council's Emergency Management Structure provides a framework of integrated emergency management to ensure co-ordination within the Council and with external agencies. The structure enables the Council to respond at an operational, tactical and strategic level. At a strategic level in any incident a Gold Duty Officer (Chief Executive, Strategic Director, Head of Service) will be available to decide on what actions to take. Via the Civil Contingencies Duty Officer systems, the Council also provides a 365 24/7 incident response. Consideration to be given to incorporating structured and strategic conversations about security and counter terrorism into pre application stage of major developments.
Other Arrangements	<ul style="list-style-type: none"> Through the duties of the Civil Contingencies Act 2004, that Council also works in partnership with key responding agencies, including the emergency services, to ensure a timely and effective multi agency response to incidents. Multi Agency Plans and Procedures are developed via the Gwent Local Resilience Forum. Due to significant recent major incidents across the UK (Manchester Arena Bombing) the Council with its partners review any recommendations resulting from inquiries to ensure that where necessary appropriate learning is integrated into existing plans and procedures.

City Centre Security & Safety	➔	The risk score for Q2 remains the same and work is continuing with partners to improve the infrastructure and processes in place. This includes new work with colleagues in Counter Terrorism Policing Wales to assess city centre security measures by not only geographical zones but also business/sector type zones. It is intended that this initiative will support enhanced liaison and buy-in from business across the city centre area.

Demand for ALN and SEN support	➔	The risk score has remained static as we continue to maintain the risk within the service area. However there are increasing financial pressures on schools due to ALN reform and the increase of complex pupils. Headteachers have reported that they are struggling to fund the additional learning provision for some of their pupils. The primary Learning Resource Bases are full and a waiting list is in place, Ysgol Bryn Derw is oversubscribed by 17 pupils. Our other specialist provisions are either full or have very few spaces left.

Direction of Risk

	DoR	Comment
Educational Out of County Placements	→	The OOC risk remains static this quarter. Although there has been a rise in the need for specialist placements - OOC placements have risen to 96, these additional costs are being managed within the service area. Additional local placements have been gained through the opening of the new ASD Base at Llanwern High School in September 2023 and the completion of the tendering process for a secondary Social, Emotional, Behaviour Difficulties (SEBD) provision. The Local Provision Development budget is funding the Base and the SEBD tender which has put a pressure on the LPD budget which is also being managed within the service area. Education and Finance are closely monitoring the in-year budget pressure to mitigate the risk for the remainder of the financial year.

Eliminate profit from Social Care

Risk Overview	Increased pressure on Local Authorities to ensure children are placed in accommodation which does not make profit from children by 2027 as part of Welsh Government Legislation. Although Welsh LA's support this in principle it may lead to LA's being forced into developing unregistered emergency placements for children. This is costly and could lead to prosecution of the Head of Children's Services.
Parent Service(s)	Children Services (sv)
Lead Cabinet Member(s)	Cabinet Member for Social Services

Existing Arrangements to Manage Risk

Governance	<ul style="list-style-type: none"> Children Services is working both nationally and regionally to create opportunities to reduce the risks. The Council's Corporate Plan and Service Plan has identified this as a strategic priority to deliver over the next 5 years. Regional collaborative working to identify options and opportunities to create in-house services. Bids have been submitted to WG to develop care homes for children and to assist with developing edge of care provisions in order to reduce the numbers of children entering the care system.
Internal Controls & Processes	<ul style="list-style-type: none"> Newport Council has several settings such as Windmill Farm, and Rosedale Cottage which provide in-house provision which is also available to other local authorities. Bids have been submitted to Welsh Government to develop further provision in Newport. Newport fostering team has a recruitment campaign which is aligned with Foster Wales
Other Arrangements	<ul style="list-style-type: none"> Newport is working with Action for Children to develop a local residential provision for our disabled children and developing further residential provision for our Unaccompanied Asylum Seeker Children. NCC has submitted a bid to Welsh Government for revenue funding up to £15m to support the delivery of this new requirement over the next 3 years. The funding will be used to develop projects to build in-house placement sufficiency. However, after the three year period it is uncertain whether NCC will receive additional funding. It is anticipated for NCC to be notified by the quarter 3.

Failure to achieve completion of the Annual IA Plan

Risk Overview	The Internal Audit (IA) Plan comprises of opinion and non-opinion related audit jobs and is based on a number of audit days available to undertake the work. If not enough opinion related jobs are completed to draft report stage by the end of the financial year this could impact on the CIA's ability to provide an overall opinion on the adequacy of the internal control environment, governance arrangements and risk management processes operated within the Council.

Existing Arrangements to Manage Risk

Governance	<p>Highway Asset Management Plan</p> <ul style="list-style-type: none"> A quinquennial Highway Asset Management Plan (HAMP) is produced by City Services, which was last refreshed in 2019. It seeks to document the activities, processes, and information to support strategic investment decisions and long-term maintenance planning. It provides information on the assets we have responsibility for, monitors how they are performing, documents their depreciation and confirms levels of funding required to mitigate the demands placed upon them. <p>Highway Annual Status and Options Report</p> <ul style="list-style-type: none"> The highway Annual Status and Options report is a product of the HAMP that records the condition of the assets and seeks to identify and prioritise the funding need. It sets out how, as highway authority, it discharges its duties and the management of user risk.
Internal Controls & Processes	<ul style="list-style-type: none"> To ensure the asset condition, maintenance requirement and its associated risk to the highway user is understood, the service area undertakes the following internal controls and processes: <p>Reactive Safety Inspections</p> <ul style="list-style-type: none"> These are inspections undertaken in response to stakeholder notification of potential maintenance defects <p>Routine Inspections</p> <ul style="list-style-type: none"> This is a regime of planned safety inspections designed to identify defects that have the potential to cause harm to users and defects that require repair in order to prevent escalation of deterioration and increased (avoidable) maintenance needs. <p>Condition Surveys</p> <ul style="list-style-type: none"> These are both visual and specialist road condition "machine based" surveys, that record the condition of components of the asset to enable a programme of renewal/replacement to be prepared
Other Arrangements	<ul style="list-style-type: none"> The Highway Asset Management Plan projects an anticipated annual capital investment of £500k and an anticipated £1.86m revenue investment through to the end of the current plan in 2023/24.

Direction of Risk

	DoR	Comment
Highways Network / Infrastructure	➔	<p>Nationally, the condition of the country's highway infrastructure asset continues to be a cause of concern as a result of historic under investment.</p> <p>Within Newport, the annual highway network investment has continued to decrease over time whilst the number of roads maintainable at public expense and asset usage has continued to rise. Investment levels are failing to maintain "steady State" as a minimum asset condition. Therefore, asset condition continues to deteriorate year on year.</p> <p>In addition to the impact of increased vehicles and usage of assets, increases in permitted axle weights, wetter winters and hotter summers are all resulting in accelerated deterioration and unpredictable asset failure.</p> <p>2022/23 saw a significant decline in highway asset condition, especially within the carriageway and structures (bridges) asset groups. This is anticipated to continue this financial year.</p>

Risk Mitigation Action Plan

The current risk assessment has identified no further action can be undertaken to manage the risk. Ongoing assurance and assessment of the risk will be provided through regular risk reviews by the Directorate / service area and through its internal / external audit assurance activity.

Direction of Risk

	DoR	Comment
Newport Council's Property Estate		The estimated maintenance backlog has increased through work with our property partners Newport Norse. These costs will continue to increase until we reduce our assets or the council invests within the estate. Due to the lack of investment there is an increased likelihood of failures within the estate which increase the pressure on the revenue budgets for reactive repair and maintenance and reduce business continuity options in the event of failure. The programme of work to review the estate is underway and reported through service plans.

Pressure on Housing & Homelessness Services	➔	Welsh Government's changes to Homelessness legislation in December 2022 continues to have an impact on the number of households whom the authority has a statutory duty to accommodate in temporary accommodation. Supply is not keeping pace with demand and the cost of living crisis has started to increase this demand further. An additional risk has emerged this reporting period which relates to the Home Office Streamlined Asylum Process (SAP) whereby it is estimated that an additional 200 households may require accommodation before the end of the calendar year, with very little notice being given to the authority. A number of initiatives are being explored to increase the supply of temporary and permanent housing and reduce the use of bed and breakfast and hotel accommodation. A 'prevention' team has also been created with a focus on preventing homelessness wherever possible to avoid additional placements into temporary housing.

Pressure on the Delivery of Children Services

Risk Overview	Children Services are facing pressures to manage increase in volume of referrals and cases of children with complex needs. This is in a context of inflationary cost rises and budgets not being able to meet these cost increases; alongside recruitment and retention issues across the Social Care sector and in Newport.

Schools Finance / Cost Pressures	➔	Whilst all schools across the city were able to set balanced budgets for this financial year, for many this was only possible through use of reserves. Work undertaken over the summer term to review governor approved budgets has identified that two schools have already moved into projected deficit positions, and a small number of other schools are at risk of moving into a deficit position as the year progresses. Targeted work is currently underway with these schools to consider ways in which unexpected costs might be mitigated, but the position remains precarious. Forward planning work will be undertaken in the autumn term to identify those schools at risk of being unable to set a balanced budget for 2024/25.

Stability of Social Services Providers

Risk Overview	The Council requires support from external providers to deliver care packages for children and adults (residential / Non Residential). The current marketplace for external providers is volatile due to the increasing costs to provide care, maintain homes, staffing meeting legislative and regulatory requirements.

Existing Arrangements to Manage Risk

Governance	<ul style="list-style-type: none"> Newport City Council is consistently reviewing and monitoring the provision of residential and non-residential care providers in the city and across the region. Regular Directorate and Service area meetings are held including representatives from Finance to assess and forecast the Council's financial position. Extensive work being undertaken regionally and nationally to support providers and to explore alternative models of provision. This includes Welsh Government officials and is linked to extensive focus and work with health colleagues to explore care in hospital settings and the need to provide community based care.
Internal Controls & Processes	<ul style="list-style-type: none"> The Council undertakes regular monitoring and assessment of placements and care packages across Adult Services. The Commissioning team are in weekly if not daily contact with providers in order to support packages of care. Similarly staff from the teams are in very regular contact with residential providers including links with Care Inspectorate Wales. The Council's financial monitoring and reporting of care provision is also undertaken monthly. Contract management arrangements are in place to manage provision and ensure providers meet necessary requirements, standards and provide value for money.
Other Arrangements	<ul style="list-style-type: none"> The focus on this area of work is extensive including external monitoring.
