Internal Controls & Processes	 Monthly finance (revenue and capital) forecasting of budgets to identify budget pressures and savings. Finance Business Partners supporting budget holders / senior managers. Budget setting process with senior officers / budget holders. Includes consultation with public and other key stakeholders.
Other Arrangements	Regulatory / Audit Wales review of Council finances. Internal Audit reviews of finance and financial controls. Local authority network and reporting to Society of Welsh Treasurers and Welsh Government.

	DoR	Comment
Balancing the Council's Medium Term Budget	→	As at the end of Quarter 3, the Council had received the draft settlement figure from Welsh Government for 2024/25, which confirmed the likely funding levels for the following year. This enabled a draft budget to be developed for the purpose of consultation, for consideration by Cabinet in January. The provisional funding levels reduced the budget gap and it is hopeful that a balanced budget can be set for the forthcoming year, although this won't be confirmed until February. However, the medium term outlook remains extremely challenging and difficult decisions will be required in order to balance the budget for 2025/26 and beyond, which is the reason for the risk rating remaining unchanged from previous quarters.

City Centre Security & Safety

Risk Overview	Minimise the risks and disruption to people and businesses due major incidents or deliberate acts that pose hazards to people and business and can result in structural damage; damage/disruption to infrastructure and utilities; impacts on business continuity, reputation, and the economy, in both the city centre and affected surrounding areas.
Parent Service(s)	Infrastructure (sv)
Lead Cabinet Member(s)	Cabinet Member for Infrastructure & Assets

Existing Arrangements to Manage Risk

	Existing Arrangements to Manage Nisk
Governance	 The Protect Duty Act is currently going through Parliament, which will create a statutory duty for Counter Terrorism preparedness to be undertaken across all city centres across the UK. Newport City Council along with the Wales Extremism Counter Terrorism Unit (WECTU), Heddlu Gwent Police and other emergency services have formed the Newport City Council Protectiveness Security and Preparedness Groups (PSPGs), chaired, and led by NCC. A key role of PSPGs will be the multi-agency assessment of current risk and vulnerabilities, and provision of effective mitigation in a proportionate manner. PSPGs will also ensure responsibilities under the new Protect Duty are discharged.
Internal Controls & Processes	 Included in the NCC Infrastructure Service Area Plan is the objective to ensure Newport City Council is meeting its requirements under the Civil Contingencies Act, by developing and having in place effective governance and control arrangements to identify, prepare and respond to events in Newport. Supporting this objective, the Council has a well-established and integrated Corporate Emergency Management Plan, which outlines arrangements which are intended to assist the co-ordination of the Authority's response to any actual, or threated incident, or emergency, while maintaining normal services as far as possible. The plan provides a flexible framework of procedures to enable a quick, effective, and appropriate response to mitigate the effects of an incident or emergency that may have an impact on the Council's response. The Council's Emergency Management Structure provides a framework of integrated emergency management to ensure co-ordination within the Council and with external agencies. The structure enables the Council to respond at an operational, tactical, and strategic level. At a strategic level in any incident a Gold Duty Officer (Chief Executive, Strategic Director, Head of Service) will be available to decide on what actions to take. Via the Civil Contingencies Duty Officer systems, the Council also provides 365 24/7 incident response. Consideration to be given to incorporating structured and strategic conversations about security and counter terrorism into pre application stage of major developments.
Other Arrangements	Through the duties of the Civil Contingencies Act 2004, that Council also works in partnership with key responding agencies, including the emergency services, to ensure a timely and effective multi agency response to incidents. Multi Agency Plans and Procedures are developed via the Gwent Local Resilience Forum. Due to significant recent major incidents across the UK (Manchester Arena Bombing) the Council with its partners review any recommendations resulting from inquiries to ensure that where necessary appropriate learning is integrated into existing plans and procedures.

	DoR	Comment
City Centre Security & Safety		Although the risk score for Q3 remains the same, work is continuing with partners to assess the risks of incidents occurring and improve the infrastructure required to minimise these risks and mitigate any impacts. The work with colleagues in Counter Terrorism Policing Wales to assess city centre security measures by not only geographical zones but also business/sector type zones, will commence at the beginning of January 2024, with the intention that this new initiative will support enhanced liaison and buyin from business across the city centre area. In addition, during Q3, work has been undertaken to identify two suitable locations should there be a requirement to provide shelter, security and safety to those impacted by an incident in the city centre that requires an evacuation. Training sessions have been undertaken with Newport Live Officers that would have the responsibility in the first instance to manage these locations.

Existing Arrangements to Manage Risk

Governance	 Schools Forum review and agree funding formulas and funding arrangements for school Schools Forum Finance sub-group. ALN Panel scrutinise pupil information to identify if a specialist placement is needed as part of their statutory duty.
Internal Controls & Processes	 ALN Implementation finance subgroup review and discuss a number of funding formula models and agree on the most appropriate to be presented firstly to the Schools forum Finance Sub-Group and if in agreement will be presented at Schools Forum for ratification. ALN Panel scrutinise pupil information to identify if a specialist placement is needed as part of their statutory duty. Specific OOC ALN Officer responsible for monitoring OOC provision and where possible look for local alternative provision.
Other Arrangements	Newport LA has commissioned 14 places at Catch 22 a primary age Social, Emotional, Behaviour Difficulties Independent Education Provider to reduce the risk of pupils requiring OOC placements.

	DoR	Comment
Demand for ALN and SEN support	→	The risk score has remained static as we continue to maintain the risk within the service area. However, there are increasing financial pressures on schools due to the expectations of ALN reform and the increase of complex pupils. Headteachers have reported that they are struggling to fund the additional learning provision for some of their pupils. We are seeing an increase in referrals for specialist provision. The primary Learning Resource Bases are full, and a waiting list is in place, Ysgol Bryn Derw is oversubscribed by 16 pupils. Our other specialist provisions are either full or have very few spaces left.

	DoR	Comment
Educational Out of County Placements		The OOC risk remains static this quarter. Although there has been a rise in the need for specialist placements - OOC placements have risen to 98 compared to 96 in the last quarter, these additional costs are being managed within the service area. Education and Finance are closely monitoring the in-year budget pressure to mitigate the risk for the remainder of the financial year.

Eliminate profit from Social Care

Risk Overview	Increased pressure on Local Authorities to ensure children are placed in accommodation which does not make profit from children by 2027 as part of Welsh Government Legislation. Although Welsh LA's support this is principle it may lead to LA's being forced into developing unregistered emergency placements for children. This is costly and could lead to prosecution of the Head of Children's Services.
Parent Service(s)	Children Services (sv)
Lead Cabinet Member(s)	Cabinet Member for Social Services

Existing Arrangements to Manage Risk

Governance	Children Services is working both nationally and regionally to create opportunities to reduce the risks. The Council's Corporate Plan and Service Plan has identified this as a strategic priority to deliver over the next 5 years. Regional collaborative working to identify options and opportunities to create in-house services. Bids have been submitted to WG to develop care homes for children and to assist with developing edge of care provisions in order to reduce the numbers of children entering the care system.
Internal Controls & Processes	 Newport Council has several settings such as Windmill Farm, and Rosedale Cottage which provide in-house provision which is also available to other local authorities. Bids have been submitted to Welsh Government to develop further provision in Newport. Newport fostering team has a recruitment campaign which is aligned with Foster Wales
Other Arrangements	Newport is working with Action for Children to develop a local residential provision for our disabled children and developing further residential provision for our Unaccompanied Asylum Seeker Children. NCC has submitted a bid to Welsh Government for revenue funding up to £15m to support the delivery of this new requirement over the next 3 years. The funding will be used to develop projects to build in-house placement sufficiency. However, after the three year period it is uncertain whether NCC will receive additional funding. It is anticipated for NCC to be notified by the quarter 3.

	DoR	Comment
Eliminate profit from Social Care		Eliminate continues to be a significant risk for both CS and the Council as a whole due to the financial commitment that will be required to ensure that we are self-sufficient by April 2027. A considerable amount of work is underway in order to prevent children coming into care and to ensure that we have enough not for profit accommodation for our children looked after. Newport remains in a stronger position than most Welsh LA's however we will require additional resources if we are to meet self-sufficiency by 2027.

Failure to achieve completion of the Annual IA Plan

Risk Overview	The Internal Audit (IA) Plan comprises of opinion and non- opinion related audit jobs and is based on a number of audit days available to undertake the work. If not enough opinion related jobs are completed to draft report stage by the end of the financial year this could impact on the CIA's ability to provide an overall opinion on the adequacy of the internal control environment, governance arrangements and risk management processes operated within the Council.
Parent Service(s)	Finance (sv)
Lead Cabinet Member(s)	Leader of the Council & Cabinet Member for Economic Growth & Investment

Existing Arrangements to Manage Risk

Governance	 The Internal Audit team report to the Council's GAC, on the delivery of the Internal Audit Plan. Additional arrangements will be put in place for regular updates to be provided by the Head of Finance and Director of Transformation Corporate on the delivery of the Audit Plan, recruitment of officers and exploration of potential options for the long term arrangements for the Internal Audit function.
Internal Controls & Processes	 As part of the Council's duty, the Audit Plan target for 23/24 has reduced from 80% to 50%. The Acting Chief Internal Auditor and Head of Finance are also reviewing the current Internal Audit Plan to prioritise work on the highest risk areas of the Council. Staffing support counter fraud activity including investigations.
Other Arrangements	 Internal Audit will call in external audit provision through the South Wales Audit Partnership service to support the delivery of high risk audit jobs. Head of Finance and Director for T&C are also exploring long term Internal Audit arrangements for the delivery of the Internal Audit service. This would bring other potential advantages such as access to wider skills and improved resilience.

Highways Network / Infrastructure

Risk Overview	Failure to recognise current levels of under investment in the whole life of the city's highway network assets in the medium to long term will continue to compound existing maintenance backlog figures.
Parent Service(s)	Infrastructure (sv)
Lead Cabinet Member(s)	Cabinet Member for Infrastructure & Assets

Existing Arrangements to Manage Risk

Governance	Highway Asset Management Plan • A quinquennial Highway Asset Management Plan (HAMP) is produced by City Services, which was last refreshed in 2019. It seeks to document the activities, processes, and information to support strategic investment decisions and long-term maintenance planning. • It provides information on the assets we have responsibility for, monitors how they are performing, documents their depreciation and confirms levels of funding required to mitigate the demands placed upon them.
	Highway Annual Status and Options Report The highway Annual Status and Options report is a product of the HAMP that records the condition of the assets and seeks to identify and prioritise the funding need. The report sets out the status of our assets in terms of extent, value and condition and presents the projected outcome of identified investment options.
	Highway Maintenance Manual The Highway Maintenance Manual documents how the council manages the city's highway maintenance. It sets out how, as highway authority, it discharges its duties and the management of user risk.
Internal Controls & Processes	• To ensure the asset condition, maintenance requirement and its associated risk to the highway user is understood, the service area undertakes the following internal controls and processes:
	Reactive Safety Inspections • These are inspections undertaken in response to stakeholder notification of potential maintenance defects
	Routine Inspections This is a regime of planned safety inspections designed to identify defects that have the potential to cause harm to users and defects that require repair in order to prevent escalation of deterioration and increased (avoidable) maintenance needs.
	Condition Surveys • These are both visual and specialist road condition "machine based" surveys, that record the condition of components of the asset to enable a programme of renewal/replacement to be prepared
Other Arrangements	• The Highway Asset Management Plan projects an anticipated annual capital investment of £500k and an anticipated £1.86m revenue investment through to the end of the current plan in 2023/24.

	אטע	Comment
Highways Network / Infrastructure	→	Nationally, the condition of the country's highway infrastructure asset continues to be a cause of concern as a result of historic under investment. Within Newport, the annual highway network investment has continued to decrease over time whilst the number of roads maintainable at public expense and asset usage has continued to rise. Investment levels are failing to maintain "steady State" as a minimum asset condition. Therefore, asset condition continues to deteriorate year on year. In addition to the impact of increased vehicles and usage of assets, increases in permitted axle weights, wetter winters and hotter summers are all resulting in accelerated deterioration and unpredictable asset failure. 2022/23 saw a significant decline in highway asset condition, especially within the carriageway and structures (bridges) asset groups. This is anticipated to continue this financial year.

The current risk assessment has identified no further action can be undertaken to manage the risk. Ongoing assurance and assessment of the risk will be provided through regular risk reviews by the Directorate / service area and through its internal / external audit assurance activity.

Information and Cyber Security

Risk Overview	Management and security of the Council's data to protect from being accessed and processed inappropriately. This includes preventing inappropriate access, loss, theft, and malicious attacks to maintain business continuity and integrity of our data.
Parent Service(s)	People, Policy & Transformation (sv)
Lead Cabinet Member(s)	Cabinet Member for Organisational Transformation

Existing Arrangements to Manage Risk

Governance	Existing governance is documented in the council's information risk management policy. This includes internal groups such as the Information Governance Group chaired by the Director – Transformation and Corporate and the Data Protection Group. It also includes roles of Senior Information Risk Owner (SIRO), Data Protection Officer (DPO), the Information Management team and a designated Cabinet Member with this strategic responsibility. The Annual Information Risk Report is formally reviewed by Overview Scrutiny Management Committee and Cabinet Member – Organisational Transformation. Existing Organisation / Service Area management structure to report and escalate issues to senior officers. Also could be a Programme / Project Board, Task & Finish Group or other governance group which are aware and have oversight of the risk.
Internal Controls & Processes	An Annual IT Health Check is carried out in line with requirements of the Public Services Network (PSN). Regular hardware and software updates are carried out by the IT Service. Technical controls are in place including the use of endpoint protection, firewalls, encryption, backups, security certificates, mobile device management etc. Physical security measures are in place to prevent inappropriate access. Data Protection Impact Assessments (DPIA's) are carried out and an Information Risk Register is managed. The council's IT Service, the Shared Resource Service (SRS), has a security function complementing council staff as well as security embedded in various roles. The council has processes for out of hours incidents including the SRS.
Other Arrangements	Audit Wales conducts independent reviews including on cyber security. The council is a member of the Warning and Reporting Point (WARP). Shared Resource Service is responsible for the Council's management of systems and processes.

	DoR	Comment
Information and Cyber Security	→	The overall risk score is unchanged. Previous improvements included Security Operations Centre (SOC) and Security Information and Event Management (SIEM) implementation and migration of the Council's data centre with improved back up facilities to the cloud. Existing governance is documented in the council's updated information risk management policy including the Information Governance Group, Senior Information Risk Owner (SIRO) role and the Annual Information Risk Report. Annual IT Health Check is completed in line with the requirements of the Public Services Network (PSN) and compliance was achieved June 2023. The latest Annual IT Health Check was carried out in July 2023 and good progress to date made against vulnerabilities identified. Technical controls are in place alongside physical security measures. The council's IT Service, the Shared Resource Service (SRS), supports through their security function and joint processes for out of hours incidents. The action plan in relation to the Audit Wales review of Cyber Security is in progress with member training completed and various policies reviewed.

Newport Council's Property Estate

Risk Overview	NCC has a significant property estate covering over 170 operational buildings (circa) such as the Civic Centre, Telford Depot, and its school estate etc. The Council has to ensure the estate is maintained to required standards to enable access, safety, security and in the long term sustainable for staff and residents to use.
Parent Service(s)	People, Policy & Transformation (sv)
Lead Cabinet Member(s)	Cabinet Member for Infrastructure & Assets

Existing Arrangements to Manage Risk

Governance	The Council's Strategy Asset Management Group is responsible for the monitoring, delivery and reporting of the Council's Assets. This is represented by senior officers from the Council and representatives from the Council's Property Services partner, Newport Norse. Capital Asset Group also monitors the Council's capital programme and reports to Executive Board. The Schools' / Social Services estate is also overseen by the officer led group which also includes representatives from the Council's Property Services partner, Newport Norse and Council representatives.
Internal Controls & Processes	Newport Council has a contract arrangement with Newport Norse who oversee the management and maintenance of the Council's estate. Service Areas are responsible for the building assets which they use across the Council's estate. Newport Norse are responsible for undertaking regular building condition assessments to ensure that they meet necessary legislative and building regulations. The assessments completed by Newport Norse are risk assessed and reported through the Council's governance groups. Maintenance work completed on the Council's estate is prioritised based upon risk including any reactionary / immediate work that has to be completed. School's estate is devolved to schools and managed through their arrangement with Newport Norse and the Corporate Landlord Policy establishes responsibilities also.
Other Arrangements	• The Council's asset maintenance budget is insufficient to meet ongoing annual maintenance requirements across the property portfolio, and this is part of the asset rationalisation review. The Council has a joint venture with Newport Norse to oversee and manage the estate portfolio (including schools).

	DoR	Comment
Newport Council's Property Estate		There is no change in the risk score in this quarter and the Council's asset rationalisation programme continues to identify examine the long term sustainability of the Council's estate. As in previous updates, the lack of investment in previous years has contributed to increased likelihood of failures within the estate, and increased pressure on revenue budgets for reactive repair and maintenance.

Pressure on Adult Services

Risk Overview	There is increasing pressure on Adult Services to deliver services to adults with complex and long lasting needs. With an increase in demand / volume of referrals and care packages the Council has seen an increase in costs whilst in the context of tightening budgets. There are also additional statutory requirements to safeguard adults in our care and prevent risk of harm, injury or a loss of life.
Parent Service(s)	Adult Services (sv)
Lead Cabinet Member(s)	Cabinet Member for Social Services

Existing Arrangements to Manage Risk

Governance	 Newport Council has a new structure with a Director of Social Services and three service areas to deliver Social Services. There are regular Directorate and Service Area meetings held to monitor and report the delivery of Adult Services. At a regional level the Council is part of the Regional Partnership Board which oversees the delivery of social services across Gwent. A Population Needs Assessment has been undertaken for Gwent in relation to the forecasting of demand and provision of services across Newport and Gwent.
Internal Controls & Processes	 NCC Adult Services has various mechanisms to monitor and report on the delivery of its services through financial and non-financial performance measures. Regular reports and updates are provided through Directorate, Service and Team management levels in the organisation.
Other Arrangements	The delivery of Adult Services is subject to External Regulatory review through Care Inspectorate Wales. Internal Audit provide assurance in relation to the delivery of Adult Services.

	DoR	Comment
Pressure on Adult Services		Health pressures to discharge from hospitals across the region continue to provide pressure on adult services. 	Cabinet Member for Strategic Planning, Regulation & Housing

Existing Arrangements to Manage Risk

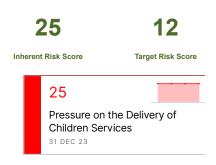

Governance	 Housing Transformation Board has been established to deliver changes required to the housing service. Housing and Homelessness including Housing Transformation Board is monitored and reported to the Environment & Sustainability Directorate Management Team and Service Management Team. Regular updates are provided to the Cabinet Member for Strategic Planning, Regulation & Housing on performance and risk. Furthermore there are existing team arrangements to monitor and report the delivery of the service. The Housing and Homelessness teams are also involved with the Strategic Housing Forum and its associated subgroups with
Internal Controls & Processes	Registered Social Landlords and Rough Sleeper Strategic Group. • Weekly meetings are held with the finance BP to discuss budgets and forecasting. • The Housing and Homelessness teams also submit monthly finance forecasts and produce quarterly performance measures to monitor performance. • There are also other operational performance measures monitored and reported through the teams. • The team also submit monthly Wales Housing statistics to Welsh Government.
Other Arrangements	Welsh Government grants were received during 2022-23 which reduce the overall spend on the housing advice and temporary accommodation service. WG has advised that additional grant funding will be forthcoming in future years but has given no indicative figures. The Housing and Homelessness teams are also involved with the Strategic Housing Forum and its associated sub groups with Registered Social Landlords and Rough Sleeper Strategic Group. NCC provides regular monitoring performance reports on its housing and homelessness position.

	DoR	Comment
Pressure on Housing & Homelessness Services	→	Welsh Government's changes to Homelessness legislation in December 2022 continues to have an impact on the number of households whom the authority has a statutory duty to accommodate in temporary accommodation. Supply is not keeping pace with demand and the cost of living crisis has started to increase this demand further. An additional pressure emerged in the last reporting period which relates to the Home Office Streamlined Asylum Process (SAP) whereby it is estimated that additional households may require accommodation, with very little notice being given to the authority. A number of initiatives are being explored to increase the supply of temporary and permanent housing and reduce the use of bed and breakfast and hotel accommodation. A 'prevention' team has also been created with a focus on preventing homelessness wherever possible to avoid additional placements into temporary housing.

Existing Arrangements to Manage Risk

Governance	 Structures within Education and Finance support the escalation of identified issues to senior officers, Heads of Services and Executive Board. In addition, the Schools Forum is a statutory committee which acts as a consultative body in relation to any changes to the schools funding formula, and task and finish sub-groups are created to consider specific elements where necessary. Schools Governors are also responsible for monitoring and reporting school finance positions.
Internal Controls &	• The Finance Business Partners provide a key role through their relationships with schools, and support early identification of emerging issues.
Processes	 Any issues are escalated to the Lead and Senior Finance Business Partners and the Assistant Head of Education to consider intervention and discussions around appropriate mitigating actions.
Other Arrangements	• Each school has a Service Level Agreement with the Council to support them in financial planning and monitoring, although schools have a choice in the level of service they wish to procure under these arrangements.

Schools Finance / Cost Pressures	1	School revenue budgets continue to pose a significant risk. Whilst all schools were able to set a balanced budget at the start of the financial year, this position has changed, and at the end of the autumn term 2023, two schools are now projecting to close the year in deficit. Targeted work is programmed via the Finance Team to provide specific support to these schools. Looking ahead, latest projections suggest that in the region of 12-13 schools will be unable to set a balanced budget for the 24/25 financial year. The situation moving forward therefore remains fragile and concerning.

Stability of Social Services Providers

Risk Overview	The Council requires support from external providers to deliver care packages for children and adults (residential / Non Residential). The current marketplace for external providers is volatile due to the increasing costs to provide care, maintain homes, staffing meeting legislative and regulatory requirements.
Parent Service(s)	Adult Services (sv)
Lead Cabinet Member(s)	Cabinet Member for Social Services

Existing Arrangements to Manage Risk

Governance	 Newport City Council is consistently reviewing and monitoring the provision of residential and non-residential care providers in the city and across the region. Regular Directorate and Service area meetings are held including representatives from Finance to assess and forecast the Council's financial position. Extensive work being undertaken regionally and nationally to support providers and to explore alternative models of provision. This includes Welsh Government officials and is linked to extensive focus and work with health colleagues to explore care in hospital settings and the need to provide community based care.
Internal Controls & Processes	The Council undertakes regular monitoring and assessment of placements and care packages across Adult Services. The Commissioning team are in weekly if not daily contact with providers in order to support packages of care. Similarly staff from the teams are in very regular contact with residential providers including links with Care Inspectorate Wales. The Council's financial monitoring and reporting of care provision is also undertaken monthly. Contract management arrangements are in place to manage provision and ensure providers meet necessary requirements, standards and provide value for money.
Other Arrangements	The focus on this area of work is extensive including external monitoring.

Stability of Social Services Providers		We are in a fortunate position with local providers for both domiciliary care and placements. Strong commissioning with established relationships across provider services has enabled opportunities to be creative for the needs of our citizens.

Existing Arrangements to Manage Risk

Governance	 The Climate Change Plan is overseen by the Climate Programme Board. Six subgroups are in place to lead on each of the themes which reports to the Climate Programme Board. Strategic Director (Environment & Sustainability) is the chair of the Climate Programme Board and lead officer of the Climate Change Plan. Strategic Director (Transformation & Corporate) is Deputy Lead and Vice Chair.
Internal Controls & Processes	 Quarterly reports are reported to the Programme Board and Cabinet Member and half yearly reports are reported to Overview and Scrutiny Management Committee. An Annual Report which includes council carbon emissions is reported to Cabinet each year. Action plans are reviewed on an annual basis to agree work for the following year.
Other Arrangements	 The council is working with partners to implement the Local Area Energy Plan which is the route map to a carbon net zero energy system by 2050 for the whole of the local authority area. The council is also working with One Newport partners to develop a Newport-wide strategy.

	DoR	Comment
Welsh Government's Net Carbon Zero Target by 2030		Due to an increase in resource, grant funding and engagement, our risk of not achieving our 2030 carbon neutral target is reducing. However, due to the level of capital investment required, which has been estimated at £10m per year for buildings alone, significant challenges lay ahead.
