Member Survey Results - Training

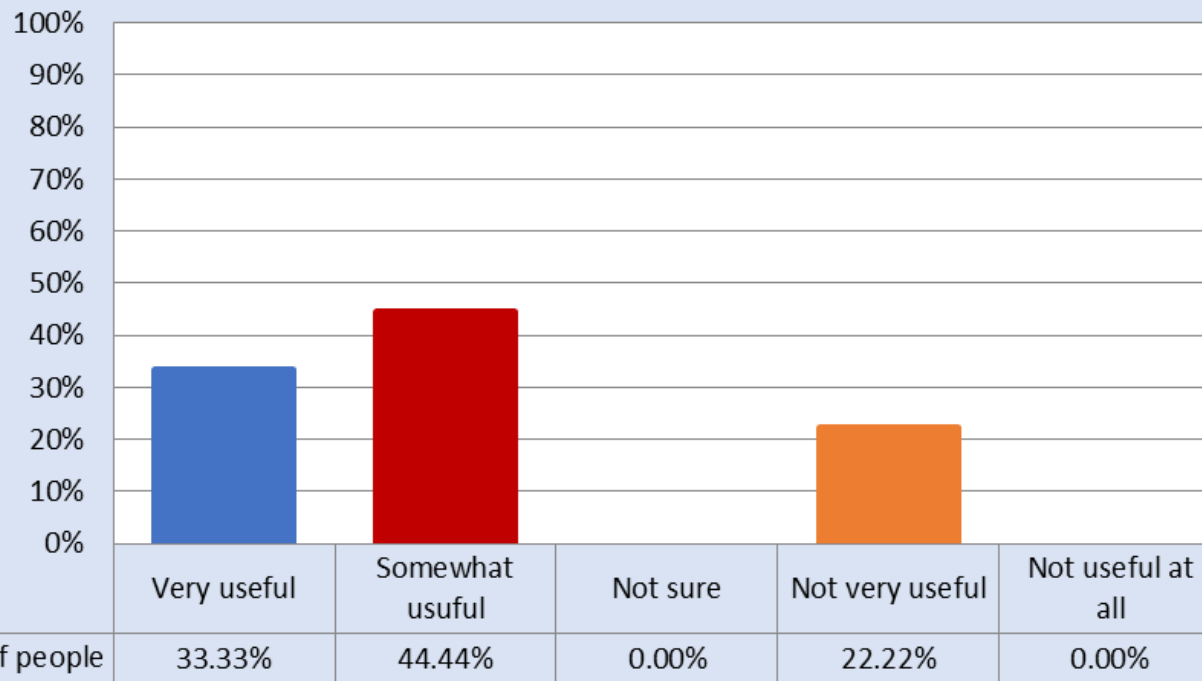

Q1. How many training or development opportunities have you accessed since being elected into office?

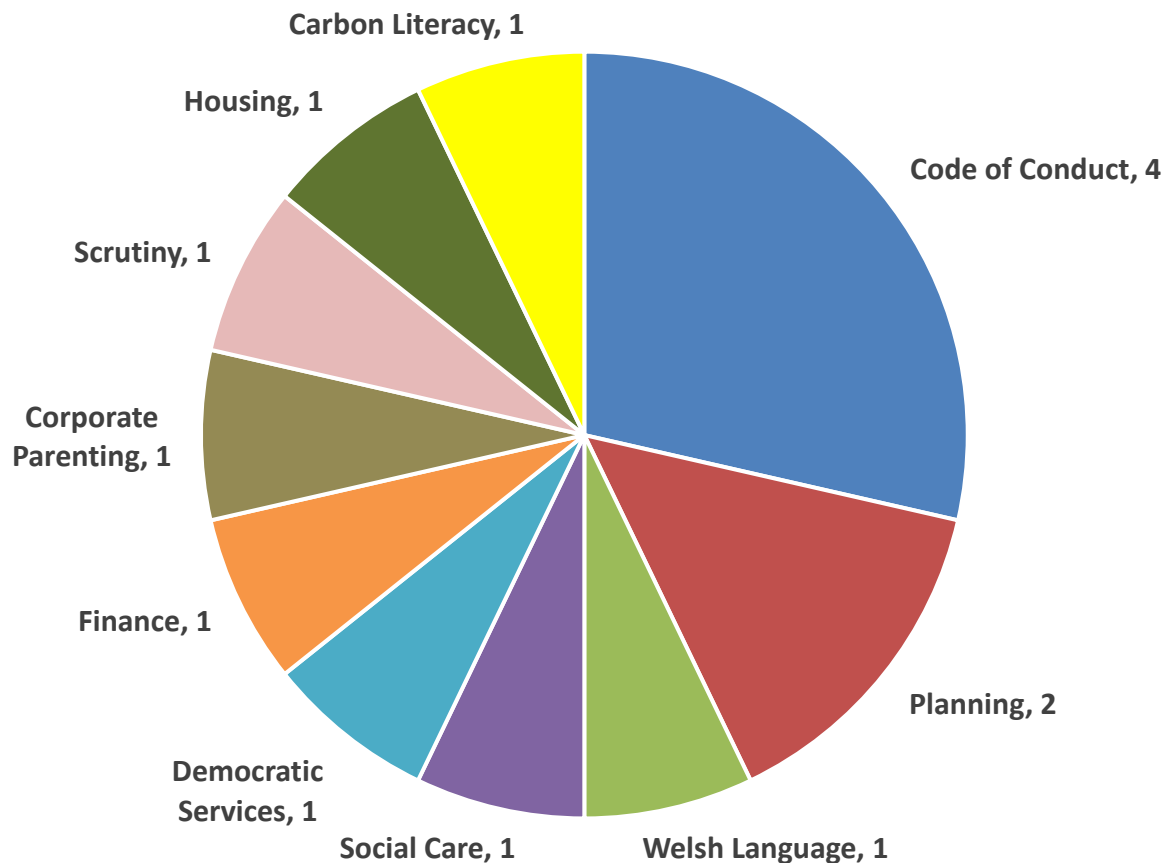

Q2. How useful was the training you received in terms of helping you carry out your duties as an elected member?

How useful was the training you received in terms of helping you carry out your duties as an elected member?

Elected Member Survey

Q3. What were the most valuable topics covered in the training?

Q4. Would you recommend any changes to the training content or format?

If we could have more face to face training this would help with interaction and discussion

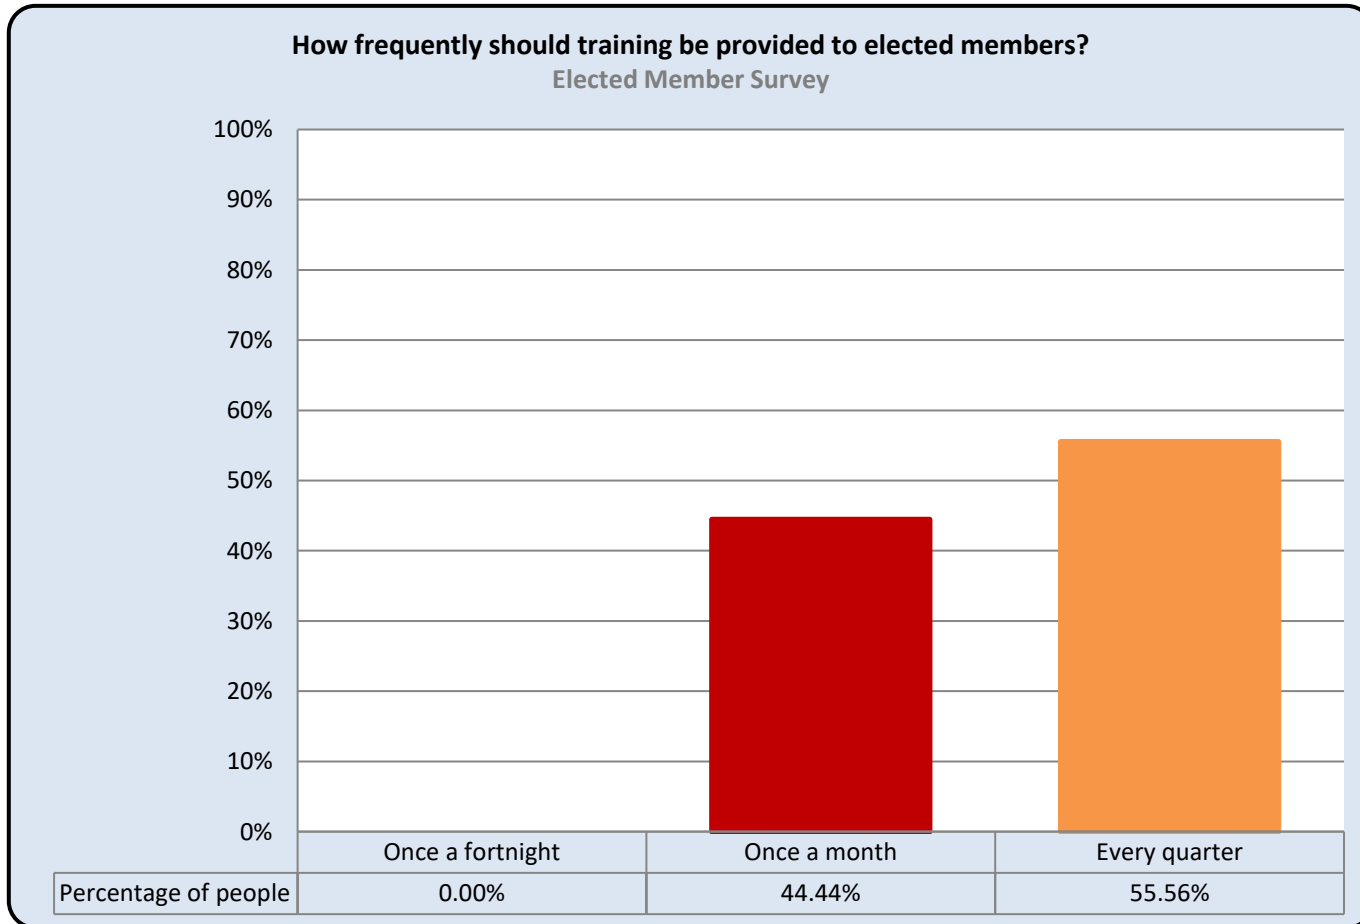

I think when new Cllrs are elected they need a stronger training schedule on the expectations of being a Cllr, working with officers, procedures and scrutiny and committee training.

no

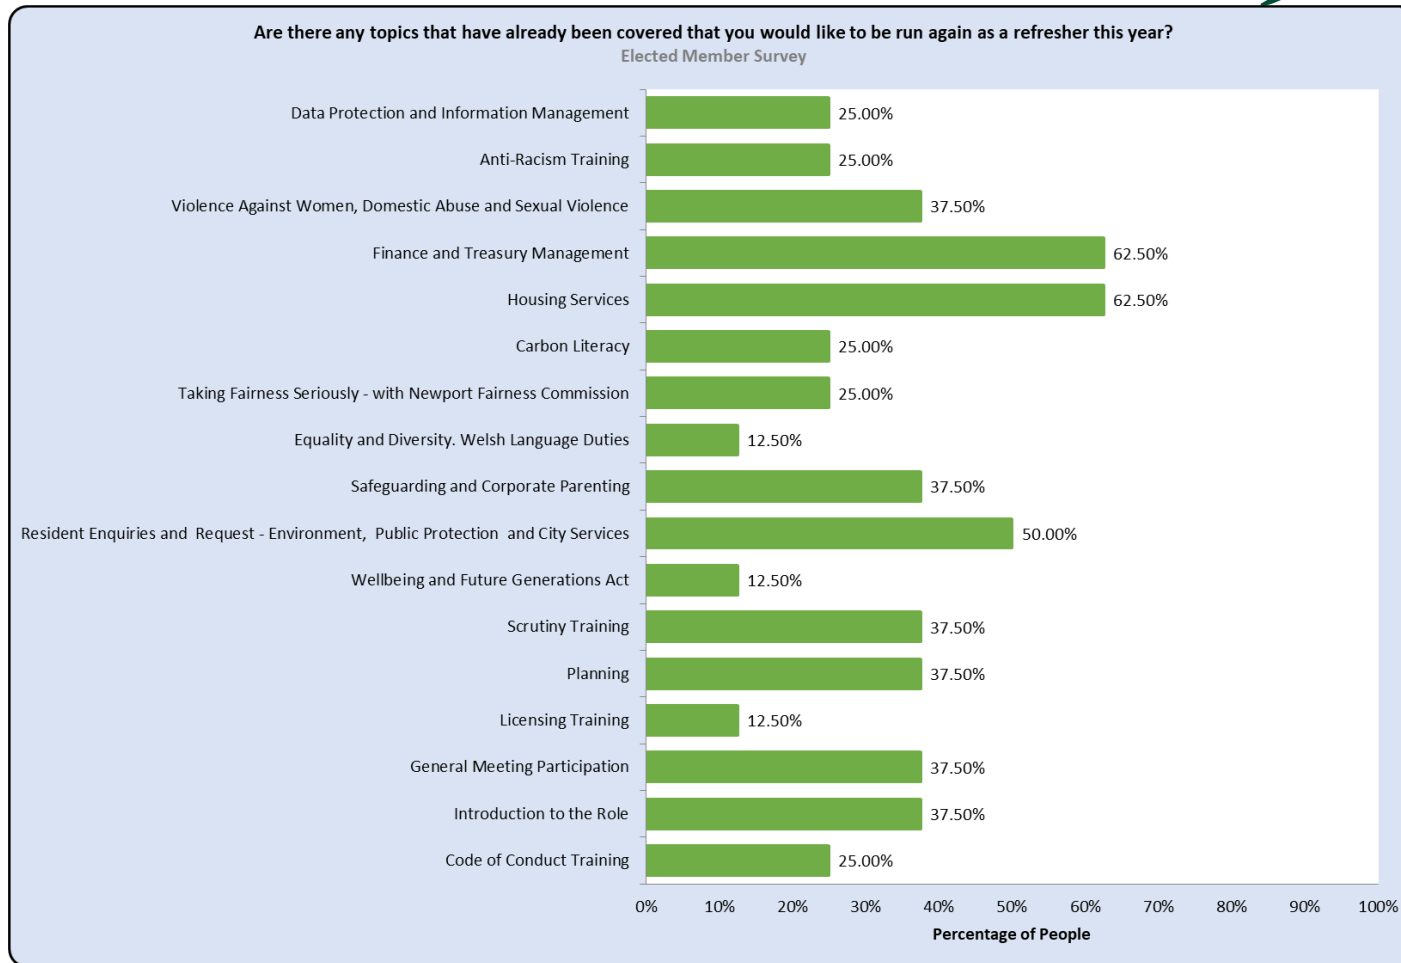

Should aim to keep them at an hour long

The way training is delivered is at odds with the nature of the role. Cllr work is very responsive and we mostly learn on the job, but we can't access training when we need it. Recordings are only available for a short while after the training is complete. Often by the time I need the training in practice I can't remember it. I think putting training recordings on a password protected Vimeo or uploading them privately to YouTube and only inviting members and officers to view them would be an easy and effective way to ensure we can access the info when we need it. Depending on the subject you could also use Liberating Structures or other workshopping techniques to make the trainings more engaging.

Q5. How frequently should training be provided to elected members?

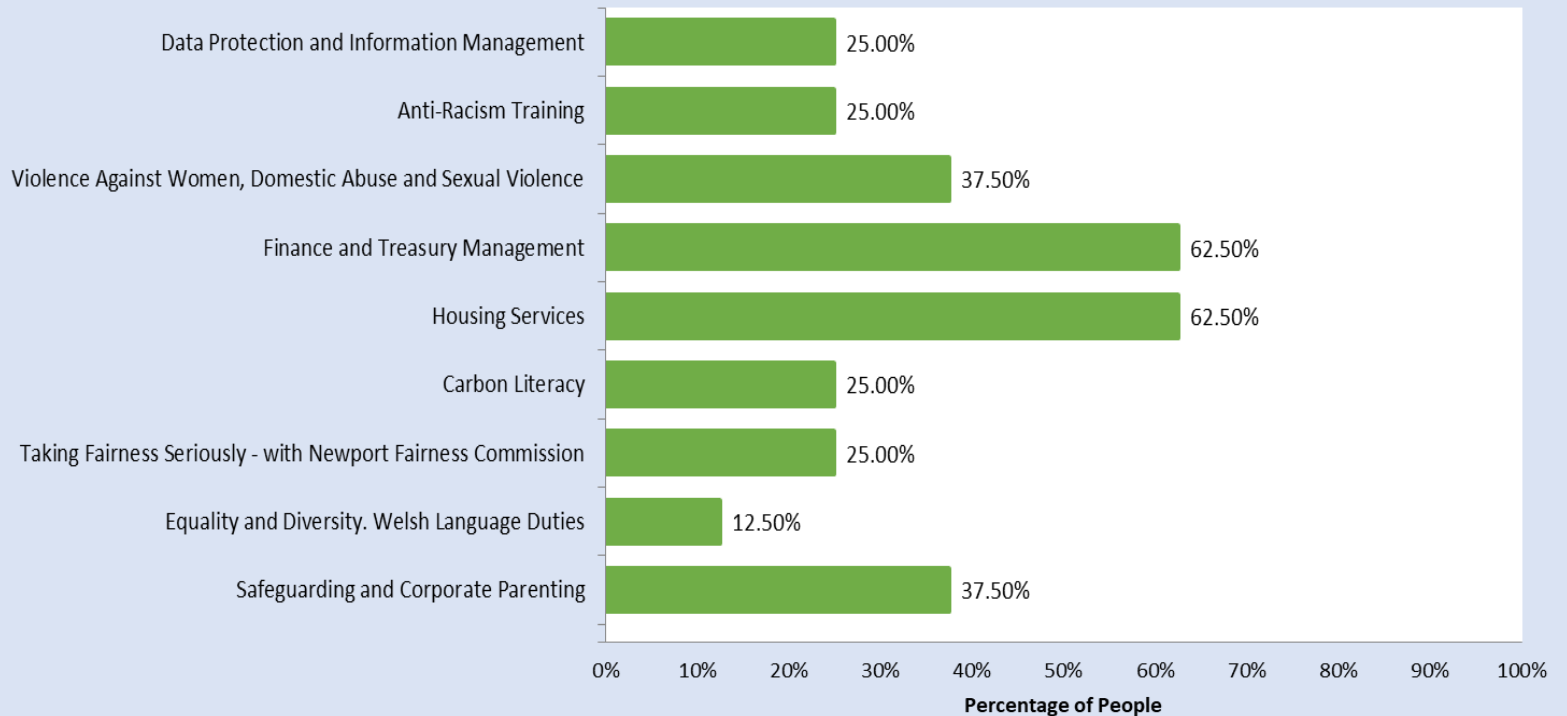

Q8. Are there any topics that have already been covered that you would like to be run again as a refresher this year?

Q8. Are there any topics that have already been covered that you would like to be run again as a refresher this year?

Are there any topics that have already been covered that you would like to be run again as a refresher this year?

Elected Member Survey

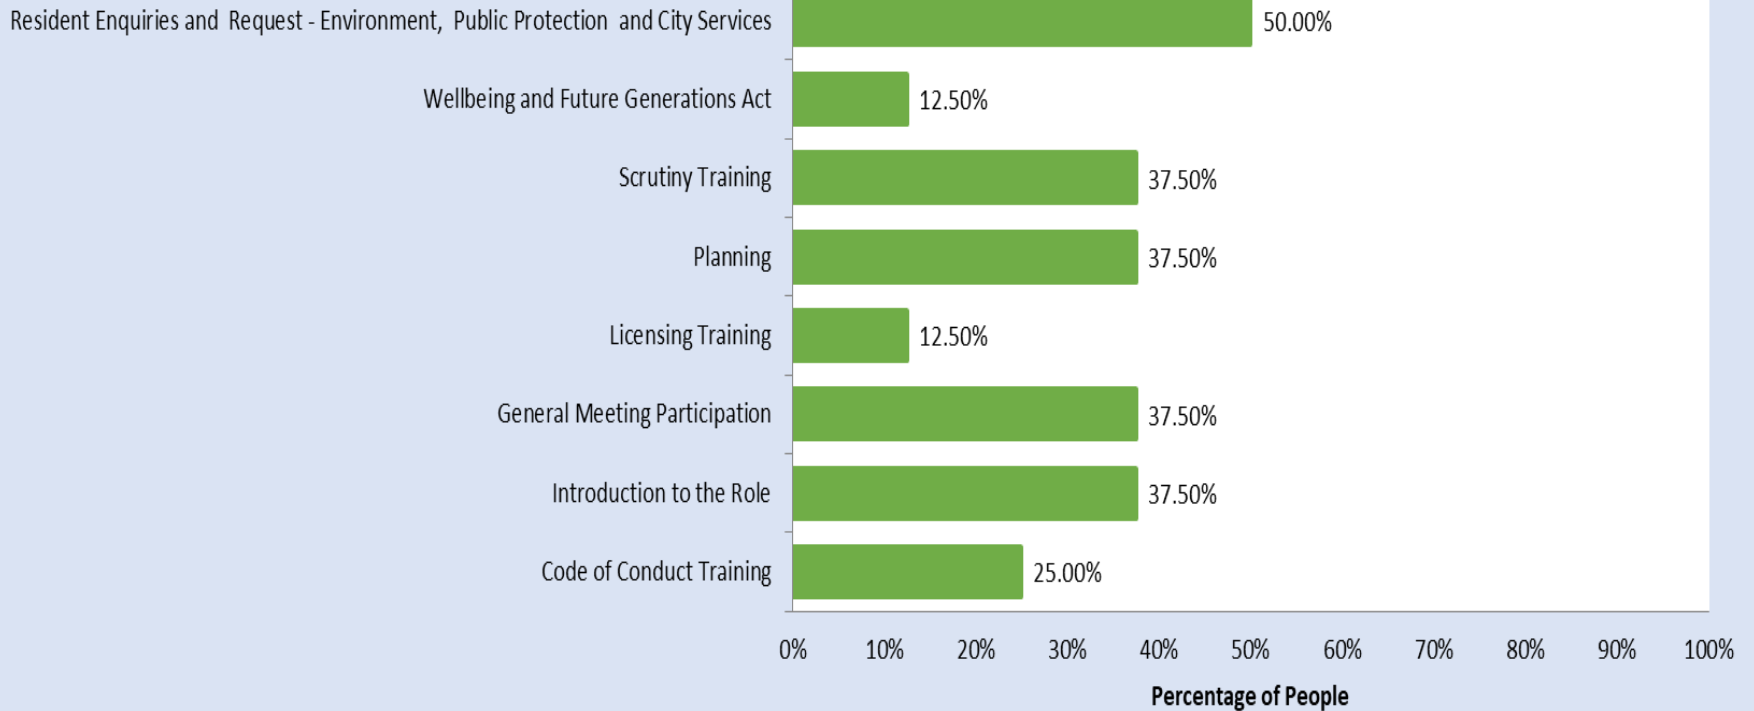

Q9. What training topics would you like to see covered in future sessions?

CYNGOR DINAS
CASNEWYDD

An annual opportunity to request training topics.

Hybrid training and varied times for training session.

More information about who to contact regarding service requests

Q/A section to be encouraged with possible standard questions populated previous to the meeting

Nicer presentation. It's much easier to hold attention and absorb information when we enjoy what we're looking at.

Perhaps also send round a training doc as a PDF as well so it's a bit more like a training module and cllrs can learn in a way that works best for them.
